17 October 2018

City of York Safeguarding Children Board: Annual Report 2017/18

Report of the Independent Chair of the City of York Safeguarding Children Board.

### Summary

1. The purpose of this report is to present the Annual Report of the Independent Chair of City of York Safeguarding Children Board 2017/18 (Annex A) to the Health and Wellbeing Board (HWBB). This provides an opportunity to share the key issues and priorities for CYSCB with the HWBB . (An Executive Summary of the Annual Report is also made available to the Health & Wellbeing Board (Annex B).)

### Background

2. The Independent Chair of the Safeguarding Children Board is required by statutory guidance to publish an annual report on the effectiveness of child safeguarding and promoting the welfare of children in the local area. The report is submitted to the Chief Executive, Leader of the Council, the local Police and Crime Commissioner and the Chair of the Health and Wellbeing Board.
3. The City of York Safeguarding Children Board has the statutory objective set out in Section 14 of the Children Act 2004 *to coordinate what is done by each person or body represented on the Board for the purposes of safeguarding and promoting the welfare of children in the area; and to ensure the effectiveness of what is done by each such person or body for those purposes*
4. To provide effective scrutiny, the CYSCB should be independent. It should not be subordinate to, nor subsumed within, other local structures.

5. Under the Children and Social Work Act 2017 and new statutory guidance Working Together to Safeguard Children 2018 the Local Safeguarding Children Boards will become partnerships made up of the three safeguarding partners: Local Authority, the Police and the Clinical Commissioning Group plus other relevant partners. CYSCB will become the City of York safeguarding Children Partnership (CYSCP) at the beginning of 2019.

### **Main/Key Issues to be Considered**

6. In order to achieve the best outcomes, it is critical that all Boards work closely together to drive forward improvements in prevention, early help and ensuring local safeguarding arrangements are effective. The Inter-Board Protocol is now agreed in full and encompasses the work of the Health and Wellbeing Board; the Safeguarding Adults Board; the YorOk Board; and the Safer York Partnership. The protocol will be refreshed this year.
7. The Chairs of these strategic boards meet regularly to ensure good collaboration and cooperation between the Boards and an absence of unnecessary duplication. The operational support officers for each Board meet to facilitate and take forward the agreed work of the Chairs' group.

### **Consultation**

8. CYSCB partners have been consulted in the process of compiling the Annual Report and key partners have contributed accounts of the actions their organisations have undertaken during 2017/18 to safeguard children. These accounts have been included in full in the Annual Report.

### **Options**

9. The CYSCB Annual Report is presented to enable the HWBB to note the key messages and priorities in regard to safeguarding children and young people.

### **Analysis**

10. The key messages and priorities set out in the CYSCB Annual Report should be helpful when HWBB members are looking at future health and wellbeing priorities and plans.

## **Strategic/Operational Plans**

11. The publication of a Local Safeguarding Children Board (LSCB) Annual Report is a statutory requirement of the Working Together 2015 and of the new 2018 Guidance.
12. Under the Children and Social Work Act 2017 and new statutory guidance Working Together to Safeguard Children 2018 the Local Safeguarding Children Boards will become partnerships made up of the three safeguarding partners: Local Authority, the Police and the Clinical Commissioning Group plus other relevant partners. CYSCB will become the City of York safeguarding Children Partnership (CYSCP) at the beginning of 2019. A proposal for the new arrangements will go to chief officers via the Chief Officers Reference and Accountability Group (CORAG) and will be signed off by CYSCB at the October Board meeting. This has been an opportunity to strengthen the partnership and to review and refresh the board and the sub-groups.
13. A key objective of the Health and Wellbeing Strategy, under *Starting and Growing Well*, includes the aim to 'Ensure children and young people are free from all forms of neglect and abuse'. The CYSCB has a significant role to play in contributing to this objective. Member organisations of the Health and Wellbeing Board and the YorOk Board are represented on the Safeguarding Board. The Inter-Board Protocol ensures that the priorities and plans of the key strategic Boards are complementary and mutually supportive.

## **Implications**

- **Financial**

14. The Board is currently funded by partners and there is no intention currently to change that arrangement. Should the arrangement change this could pose a potential risk to the functioning of, and support to, the Board.

- **Human Resources (HR)**

15. There are no HR implications posed as a direct result of the CYSCB Annual Report nor by the transition to the new partnership.

- **Equalities**

16. There are no equalities implications to be considered.

- **Legal**

17. There are no legal implications to be considered.

- **Crime and Disorder**

18. There are no crime and disorder implications to be considered

- **Information Technology (IT)**

19. There are no IT implications to be considered

- **Property**

20. There are no property implications to be considered

21. There are no other known implications.

### **Risk Management**

22. There are no direct risks associated with the CYSCB Annual Report. Presentation of this report to the Health & Wellbeing Board plus the existence of the Inter-Board Protocol should mitigate against the risk of any absence if joined up thinking and collaboration to ensure that 'Safeguarding is everybody's business'

### **Recommendations**

23. The Health and Wellbeing Board members are asked to receive the Annual Report of the Independent Chair of the CYSCB and reflect on the key messages and priorities when considering plans.

Reason: Communication between Boards and an understanding of each Board's key messages and priorities enhances collaborative work and optimum outcomes.
