## Annex B City of York Council – Corporate Improvement Framework draft for consultation

The Corporate Improvement Framework is based on four themes to provide structure and guide our journey of continuous improvement. It enables the council to embed the four core commitments of Equalities, Affordability, Climate and Health (EACH), and responds to the Council Plan 2023-2027, *One City for all*, strategic theme "how the council operates". It was informed by the evidence and recommendations in the LGA Peer Challenge February 2024, and will be updated with feedback from additional sources such as staff surveys or co-designing detailed action plans with Executive, officers, and partners. It provides a workplan for an initial 12 months of action and is the foundation of continuous improvement that will evolve as we learn more about how we can become a more effective and efficient organisation, that residents and officers are proud of. It is subject to consultation to inform detailed action planning (R15).

A 12-month update will be provided to Executive in response to the LGA Peer Challenge process.

- 1. Strengthen strategic leadership: Articulate a clear vision to inspire action in everything we do;
- 2. One City, one council: Build a culture that unites the council, officers, members and partners together, as one team;
- 3. Harness the commitment to the city to deliver ambitions: Deliver our shared priorities;
- 4. **Build a strong foundation**: Strengthen governance, accountability and financial management and a skilled, resilient workforce.
