<b>Comments/Observations:</b>							
<b>Decision:</b>							
<p>Agreed the details of the final design layout for the Coppergate Bus Lane Enforcement Scheme. This is to ensure the correct implementation of the traffic signing and lining design of this scheme which is vitally important to being legally enforceable by camera under the Council's bus lane civil enforcement powers. The Traffic Regulation Order (TRO) has been the subject of the normal consultation process undertaken for TRO modifications and received no objections. Officer was asked to confirm the date of implementation and advise Director and Cabinet Member accordingly.</p>
