

Annex V Wheldrake Ward

V1	Location Main Street Wheldrake (raised by local resident)
Nature of problem and requested solution Staff parking in the lay-by outside the “Costcutters” store.	
Background information There are no parking restrictions in the area. The last correspondence about this problem was in May 2011. The problem was not observed on a site visit and seems to have been resolved.	
Recommendation No action	
Costs -	

V2**Location** Wheldrake with Thorganby Primary School
(raised by the school)**Nature of problem and requested solution**

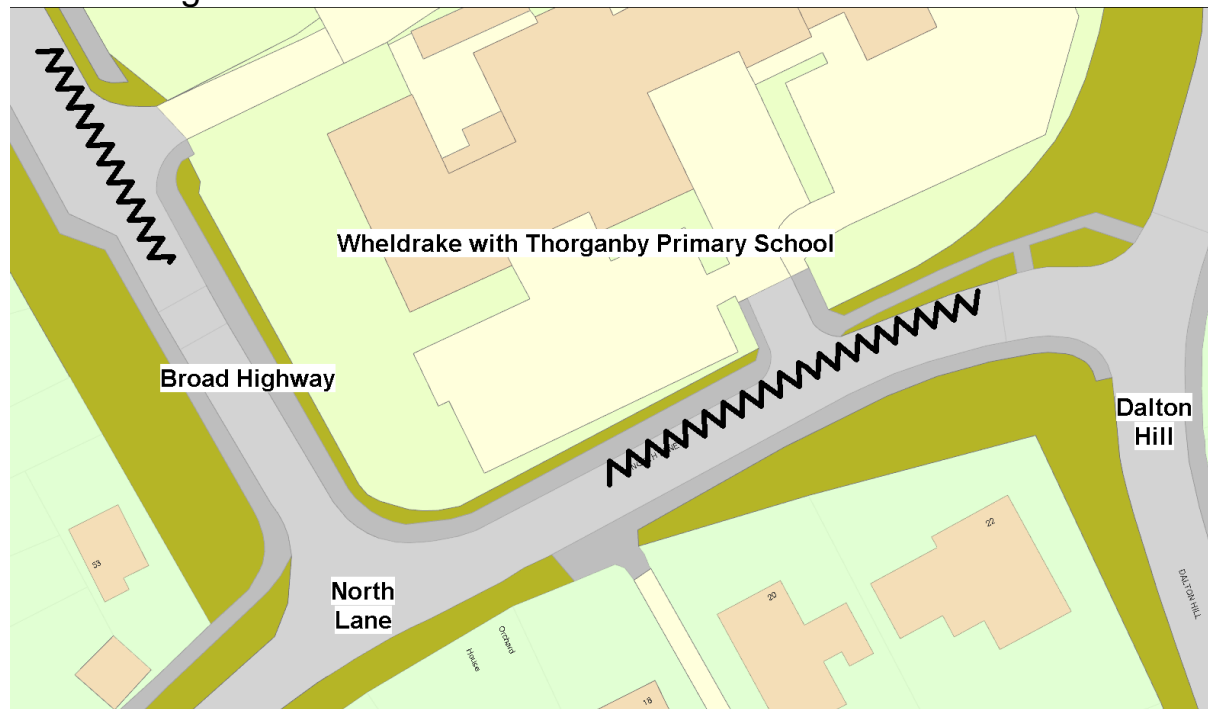

Problems associated with parking outside the school, the request is that the school zigzags to be made enforceable.

Background information

The zigzags currently in place were not incorporated into the Traffic Regulation Order (TRO) and therefore are not enforceable. There are two sets of school zigzags. The Parish Council has approved the necessary large signage which would be necessary if they were brought into the TRO.

Recommendation

Incorporate the 2 sets of existing school zigzags into the TRO and install relevant signs to make these enforceable.

Costs Signs 3 @ £60 = £180 Installation £180
Advertising £200 **Total £560**

Comments from Ward Councillors

Cllr G Barton

Happy with these recommendations.

I would reiterate my ongoing request for the sections of the Village currently designated 30mph to be re designated as 20mph. These are within the boundaries of Dalton Hill, Church Lane and Main Street.

[Cllr Barton was informed that we can't add a speed limit item to this annual review, but that his request would be added to the similar speed limit review process]
