

Notice of a public meeting of

Corporate Services, Climate Change and Scrutiny Management Committee

- To:** Councillors Fenton (Chair), Merrett (Vice-Chair), Ayre, Baxter, J Burton, Healey, Kelly, D Myers, Rowley, Steels-Walshaw, K Taylor, Waller and Widdowson
- Date:** Monday, 13 May 2024
- Time:** 5.30 pm
- Venue:** West Offices - Station Rise, York YO1 6GA

AGENDA

- 1. Declarations of Interest** (Pages 1 - 2)
At this point in the meeting, Members and co-opted members are asked to declare any disclosable pecuniary interest, or other registerable interest, they might have in respect of business on this agenda, if they have not already done so in advance on the Register of Interests. The disclosure must include the nature of the interest.

An interest must also be disclosed in the meeting when it becomes apparent to the member during the meeting.

[Please see the attached sheet for further guidance for Members.]
- 2. Minutes** (Pages 3 - 6)
To approve and sign the minutes of the meeting held on 22 April 2024.

3. Public Participation

At this point in the meeting members of the public who have registered to speak can do so. Members of the public may speak on agenda items or on matters within the remit of the committee.

Please note that our registration deadlines are set as 2 working days before the meeting, in order to facilitate the management of public participation at our meetings. The deadline for registering at this meeting is **5:00pm on Thursday, 9 May 2024.**

To register to speak please visit www.york.gov.uk/AttendCouncilMeetings to fill in an online registration form. If you have any questions about the registration form or the meeting, please contact Democratic Services. Contact details can be found at the foot of this agenda.

Webcasting of Public Meetings

Please note that, subject to available resources, this meeting will be webcast including any registered public speakers who have given their permission. The meeting can be viewed live and on demand at www.york.gov.uk/webcasts.

During coronavirus, we made some changes to how we ran council meetings, including facilitating remote participation by public speakers. See our updates (www.york.gov.uk/COVIDDemocracy) for more information on meetings and decisions.

4. The Ten-Year Strategies: a stock take (Pages 7 - 34)

This report provides an update on the 10-Year Strategies and how they underpin the ambitions of the council, relate to the Council Plan and informs council priorities.

5. Monitoring and Tracking of Approved Council Motions (Pages 35 - 74)

This report provides information on approved Council motions since November 2023, when this Committee last considered an update.

6. Schedule of Petitions (Pages 75 - 104)

Members are invited to scrutinise the updated schedule of petitions and to consider any next steps such as may be appropriate.

7. Work Plan (Pages 105 - 106)

To consider the current scrutiny overview work plan and the potential business of the committee for the upcoming municipal year 2024/25.

8. Urgent Business

Any other business which the Chair considers urgent under the Local Government Act 1972.

Democracy Officer:

Declarations of Interest – guidance for Members

- (1) Members must consider their interests, and act according to the following:

Type of Interest	You must
Disclosable Pecuniary Interests	Disclose the interest, not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.
Other Registrable Interests (Directly Related) OR Non-Registrable Interests (Directly Related)	Disclose the interest; speak on the item <u>only if</u> the public are also allowed to speak, but otherwise not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.
Other Registrable Interests (Affects) OR Non-Registrable Interests (Affects)	Disclose the interest; remain in the meeting, participate and vote <u>unless</u> the matter affects the financial interest or well-being: (a) to a greater extent than it affects the financial interest or well-being of a majority of inhabitants of the affected ward; and (b) a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest. In which case, speak on the item <u>only if</u> the public are also allowed to speak, but otherwise do not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.

- (2) Disclosable pecuniary interests relate to the Member concerned or their spouse/partner.
- (3) Members in arrears of Council Tax by more than two months must not vote in decisions on, or which might affect, budget calculations,

and must disclose at the meeting that this restriction applies to them. A failure to comply with these requirements is a criminal offence under section 106 of the Local Government Finance Act 1992.

City of York Council

Committee Minutes

Meeting	Corporate Services, Climate Change and Scrutiny Management Committee
Date	22 April 2024
Present	Councillors Fenton (Chair), Merrett (Vice-Chair), Ayre, Baxter, J Burton, Healey (from 5:34pm), Steels-Walshaw, K Taylor, Waller, Widdowson and Steward (Substitute for Cllr Rowley)
Apologies	Councillors Rowley, Kelly and D Myers

44. Declarations of Interest (5:33pm)

Members were asked to declare any disclosable pecuniary interest, or other registerable interest, they might have in respect of business on the agenda, if they have not already done so in advance on the Register of Interests.

Cllr Merrett noted, in relation to Item 5, Changes in Procurement Legislation, that he was a Management Committee Member of the Yorkshire Purchasing Organisation.

45. Minutes (5:34pm)

Resolved: That the minutes of the last meeting held on 18 March 2024 were approved as a correct record.

46. Public Participation (5:35pm)

It was reported that there had been one registration to speak at the meeting under the Council's Public Participation Scheme.

Geoff Beacon, a resident, acknowledged the fleet of electric buses but questioned if becoming carbon neutral by 2030 was an achievable aim for York or York Council. He raised concerns regarding large consumer areas, which he considered to be big polluters.

47. Greenhouse Gas Accounting and Scope 3 Emissions (5:39pm)

The Assistant Director for Policy and Strategy, together with the Head of Carbon Reduction, introduced the report and outlined the council's approach to Greenhouse Gas Accounting and Scope 3 Emissions.

Following the presentation, Members asked questions which covered the capital cost of implementing the Heat Decarbonisation Plans (HDPs), how the council's housing stock was being handled in relation to heating and net zero, the workload of the carbon reduction team, influencing resident's behaviour, working with other organisations to effect change, accounting for building materials, the quality of the information provided, meeting the council's carbon neutral target and funding opportunities.

During the discussion, officers reported that:

- A written response would be provided to the committee to confirm the current level of funding available for the cost of implementing the HDPs.
- It was not possible to access energy consumption figures for the council's housing stock.
- The carbon reduction team's main focus was on supporting other council teams towards council targets rather than compiling data.
- Motivators to change people's behaviour, such as financial incentives, had been proven to work better than the provision of information.

The Joint Executive Member, Environment and Climate Emergency, responded to the discussion points that emerged during the meeting and confirmed the council's commitment to the carbon reduction plans and the aim to be carbon neutral by 2030.

Resolved:

- i. Officers to investigate a communications plan to highlight good practice and encourage behaviour change.
- ii. The Offsetting and Insetting strategy be brought to the Committee at a later date.

Reason: To continue to monitor progress towards the Council ambition of net zero carbon by 2030.

48. Changes in Procurement Legislation (6:42pm)

The Head of Procurement, alongside the Chief Finance Officer, presented a report on the changes in procurement legislation and how these would impact on procurement procedures across the council. It was noted that the 'go live' date for the legislation had been put back to 28 October 2024.

Officers responded to a number of questions from Members covering the impact of the new legislation on sustainability, the use of the YO postcode when monitoring spending, the capacity of the procurement team, in-house training, Contract Procedure Rules (CPR), the procurement process rules, procedures and monitoring, IT management/monitoring systems, social value policy and credit values.

It was reported that:

- An upskill in the market was required to meet sustainability requirements.
- Two procurement managers were being recruited, which would result in a net gain of one FTE, this would be reviewed once the new regulations were in place.
- The parameters used to collate data on council spend could be further refined.
- There were currently no proposed changes to the council's policy regarding the waiving of CPR, this would be reviewed post the new regulations.
- Officers would check the total of social value credits accrued last financial year and report back to the Committee.
- There was no live exercise to find a contract management system.
- A social value policy was not yet in place within Procurement.
- The Procurement team's compliance officer monitored contracts valued at less than £5k.

Resolved:

- i. That the report be noted
- ii. The social value policy would be brought back to the committee once drafted
- iii. The value of the social credits from the last financial year be circulated to the Committee.

Reason: To keep the Committee updated on procurement activity

49. Work Plan (7:16pm)

Members considered the Scrutiny work plan for the four scrutiny committees.

Resolved: That the work plan be noted.

Reason: To ensure an overview of the scrutiny work programme.

Cllr S Fenton, Chair

[The meeting started at 5.32 pm and finished at 7.19 pm].

**Corporate Services, Climate Change and
Scrutiny Management Committee****13 May 2024**

Report of the Assistant Director Policy and Strategy
Leader, Executive Member for Policy, Strategy, Partnerships

The Ten-Year Strategies: a stock take**Summary**

1. In December 2022 the council adopted the 10-Year Strategy and Policy Framework which is comprised of three interdependent 10-year strategies, together with a 10-Year City Plan co-designed by city partners.
2. The 10-year strategies were informed by existing or emerging national and local policies and set the foundation for the council's Strategy and Policy Framework for the decade ahead.
3. In tandem, city partners worked with the council to develop a 10-Year Plan that drew on the ambition set by the 10-Year Strategies to agree York 2032 - a vision and shared priorities for the city.
4. This report provides an update about how the 10-Year Strategies underpin the ambitions of the council, relate to the Council Plan and informs our priorities as we work with partners to deliver for the city.

Background

5. The development of the 10-Year Strategies was informed by extensive consultation with residents, stakeholders, businesses and partners (both locally and regionally), and collating and analysing supporting technical evidence. The 10-Year Plan was built on this evidence base and developed through co-design workshops with city partners. The Strategy and Policy Framework sought to demonstrate how these strategies inform future strategy and policy development.

6. The 10-Year Strategies were approved by Executive in November 2022 (Climate Change and following approval at the Economic Partnership, Economy) and Executive in December 2022 (Joint Health and Wellbeing) following approval from the Joint Health and Wellbeing Board.
7. In December 2022, the 10-Year Plan (known as York 2032), 10-Year Strategies covering economy, health and climate, and Strategy and Policy Framework were all adopted by Full Council on behalf of the city.
8. The Constitution (Appendix 1) sets out the policy framework and notes that the 10 Year City Plan, Climate Strategy and Joint Health and Wellbeing Strategy each are required to be presented to Full Council for adoption. Due to their interdependency with the economy, the Economic Strategy was presented to Council at the same time.
9. Known as York 2032 (www.york2032.co.uk) , the 10-Year Plan's foundations are the ambitions and goals set out in the three 10-Year strategies:
 - ¹Climate Change Strategy 2022-2032
 - ²Joint Health and Wellbeing Strategy 2022-2032
 - ³Economic Strategy 2022-2032
10. These three 10-Year Strategies are based on a sustainable development approach as collectively recognise and reflect the interdependencies between the environment (climate), health and wellbeing and the economy. They are by the city for the city, with the council, city partners, businesses and stakeholders across the city all contributing to their successful delivery.
11. Other city-wide strategies which have been developed through partnership -

and either informed the ambitions set in these three strategies and the vision and priorities set by the 10-Year Plan:
 - ⁴Skills Strategy 2020-2030 – developed by the Skills Board

¹ [York Climate Change Strategy 2022-2032](#)

² [York Joint Health & Wellbeing Strategy](#)

³ [York Economic Strategy 2022-2032](#)

⁴ [York Ten Year Skills Strategy](#)

- ⁵Cultural Strategy 2020-2025 – developed by Make It York in consultation with the cultural sector

or reflect the 10-Year Plan (York 2032) and 10-Year Strategies adopted by Council in December 2022:

- ⁶Tourism Strategy: A vision for York 2032– developed by the Tourist Advisory Board and adopted by Council in March 2024
- The emerging Local Transport Strategy aims to reduce traffic emissions by 71%, a target set by the Climate Change Strategy

The Council Plan

12. The 10-Year Strategies form the basis of all council strategy and policy development through the council's adherence to the Strategy and Policy Framework (see **Annex A**).
13. The Council Plan 2023-2027 vision and priorities map to the York 2032 vision and priorities, with the Council Plan aiming to establish the conditions that would enable successful delivery of the ambition set in York 2032.
14. The council plan by its nature covers a four-year administrative term, and so takes a staged approach to deliver the ambitions set in York 2032. There will be two more council plans before 2032 covering 2027-2031, and 2031–2035. The below sets out how the current Council Plan maps to York 2032.

⁵ makeityork.com/wp-content/uploads/2020/12/Yorks-Creative-Future-York-Culture-Strategy-2020-2025.pdf

⁶ [Annex A York Tourism Strategy.pdf](#)

	York 2032 (2022-2032)	Council Plan 2023-2027
Vision	York will be a vibrant, prosperous, welcoming and sustainable city, where everyone can share and take pride in its success	Over the next four years, the council will establish the conditions that would make the city of York a healthier, fairer, more affordable, more sustainable and more accessible place, where everyone feels valued
Priorities	<p>Health and Wellbeing</p> <p>All York residents (young, old and future residents) will enjoy happier, healthier, longer lives, proud of their city and living in homes that meet their needs, able to actively participant in their communities, with access to the right support at the right time.</p>	<p>Health and wellbeing</p> <p>A health generating city, for children and adults</p>
	<p>Education and Skills</p> <p>All ages will have access to learning throughout their lives to equip them with the skills to succeed commercially and socially, locally and nationally.</p>	<p>Education and skills</p> <p>High quality skills and learning for all</p>
	<p>Economic Growth</p> <p>York's economy will be vibrant and inclusive with businesses supported to grow and prosper and talent nurtured, retained and supported. Our economy will be developed to be well balanced with a mix of different sectors providing opportunities for young and old.</p>	<p>Economy and good employment</p> <p>A fair, thriving, green economy for all</p>
	<p>Transport</p> <p>York's transport networks will be inclusive and</p>	<p>Transport</p>

	sustainable, connecting neighbourhoods and communities. - To be updated following adoption of the Local Transport Strategy	Sustainable accessible transport for all
	<p>Sustainability</p> <p>York will be carbon neutral and contribute to the regional ambition to be carbon negative, with iconic green spaces to enjoy today and the environment protected for future generations to enjoy.</p>	<p>Sustainability</p> <p>Cutting carbon, enhancing the environment for our future</p>
	Housing was an action in the 10-Year Plan rather than priority	<p>Housing:</p> <p>Increasing the supply of affordable housing</p>
Targets	<p>Set by the 10-Year Strategies, with the Council Plan contributing towards these.</p> <p>The Council Plan has set four core commitments (outcomes) which respond to aspects of York 2032 together with helping establish the conditions that contributes to successfully delivery of the York 2032 vision and priorities.</p> <p>Strategic framework – York 2032</p>	

15. By introducing the four core commitments (EACH - Equalities, Affordability, Climate and Health) and understanding the impact of these in council decisions, there is a clear line of sight to York 2032. In addition, EACH helps identify areas to focus on to deliver the vision set out in York 2032.
16. The below demonstrates how the four core commitments contribute to delivery of the 10-Year Strategies and 10-Year Plan vision:

Equalities and Human Rights The York 2032 vision sets an ambition that everyone can share and take pride in the city's success. The Council Plan (2023-2027) vision takes a step towards this by setting an expectation that the council will establish the conditions of a fairer, more accessible place where everyone feels valued.

Affordability City partners described actions in the 10-Year Plan which focuses on affordable housing and reducing poverty. The 10-Year Strategies have objectives that focus on inclusive growth (economy), ensuring climate action doesn't impact those who can least afford it (climate change) or works at a system level to address the impact of deprivation (Joint Health and Wellbeing).

Climate Change One of the 10-Year strategies is Climate Change, and climate and environment is one of the four core commitments in the Council Plan. It is a key element in the decision reports allowing Executive to understand implications of proposed decisions on the climate and environment.

Health inequalities The Joint Health and Wellbeing Strategy takes an all age / life stages approach to health and wellbeing with a focus on reducing health inequalities. It is a key element in the decision reports allowing Executive to the health implications of proposed decisions on health and wellbeing.

Progress

17. Progress to deliver the ambitions set out in York 2032, informed by the 10-Year Strategies, is underway. Council actions are reported through the performance and management framework, and at relevant scrutiny committees. City partner actions are delivered outside of council governance.
18. The below lists notable highlights of council projects delivering the ambitions for each of the 10-Year strategies. These projects have

been selected to demonstrate the interdependent relationship between the three strategies:

19. Climate Change Strategy highlights:

Following adoption of the Climate Change Strategy 2022-2032, positive progress has been made towards the ambition for York to be a net zero carbon city, with area-wide emissions reducing by 12%. We have also strengthened our commitment to climate change adaptation, with an ambition for York to be Climate Ready by 2030.

- Almost £3m of funding has been secured from the Combined Authority's **Net Zero Fund**. Development projects, including the **Harewood Whin Green Energy Park**, are investigating the potential for 75MW of new renewable energy generation across the city, which could save an estimated 40,000tCO₂e/yr. Delivery projects are replacing street lighting and office lighting with high efficiency LEDs and replacing inefficient and expensive domestic heating solutions with low-carbon renewable systems.
- The **Retrofit One-Stop-Shop for York (ROSSY)** project launched with £4m of funding from Innovate UK. Project partners are developing the physical and digital tools to offer a comprehensive support service for all households in York looking to retrofit their homes. It will also be looking at innovative financing and training solutions while showcasing two demonstrator homes in the city.
- Progress is being made to enhance and protect our **Natural Environment**. York Community Woodland will open to the public in August, and the Green Streets project has planted an additional 1,500 trees across the city, in partnership with the White Rose Forest, and two new micro-woodlands will be created in York using Coronation Heritage Funding.
- Links across the city have been strengthened with the refresh of **York Climate Commission**. Over 100 individuals representing a broad cross-section of York's business, public and third sectors are represented in the 8 working groups delivering impact and supporting the city's climate change ambitions.

20. Joint Health and Wellbeing Strategy highlights:

The Joint Local Health and Wellbeing Strategy 2022-2032 comprises six big ambitions and 10 big goals all focused towards achieving a vision that 'In 2032 York will be healthier, and that health will be fairer'.

The overarching goal to achieve this vision is to 'reduce the gap in healthy life expectancy between the richest and poorest communities in York' with the nine other goals of the strategy focused on specific areas that will enable this. Some of the key progress highlights reported are as follows:

- **Mental Health:** Following completion of the Community Mental Health Hub prototype phase, a report was produced detailing the learning. The Current focus is on preparing for the upscaling of York's Hub model. Additionally, key activity has been focussed upon developing the York Joint Delivery Board (YJDB), which now oversees the Hub concept and delivery. The Board involves service leads with staff or teams involved in provision of Hub services. Leads include York Council for Voluntary Services, York Mind, co-production lead, TEWV and CYC representation, and co-chairs of the York Mental Health Partnership.
- **Smoking:** A programme of work has commenced through the CYC Public Protection function which concentrates on illicit tobacco and enforcement of age-of-sale legislation. This includes the response to intel on illicit sale through raids on premises, and the use of test-purchasing. In addition, a responsible retailer scheme has commenced with vaping shops in York, aimed at reducing the sale of vapes to under 18 through responsible marketing, age checks and the promotion of vapes as quit devices, not as recreational devices aimed at young people.
- **Alcohol:** The Lower My Drinking was launched in August 2022, and has seen over 7000 York residents complete the online quiz, with over 100 downloading the associated app. A communications campaign around reducing drinking levels has also been implemented, led by CYC. A significant proportion (38%) of people completing the quiz are drinking at above low risk but not possibly dependent levels, and 10% at possible dependence levels, which is in line with the intended audience for the digital tool as a population-level intervention designed to reduce mean ethanol consumption in York, but also a tool that increases self-referrals into specialist treatment where relevant.
- **Healthy Weight:** we have continued to support adult residents to achieve a healthy weight through the York Weight Management pathway. Additionally, the HENRY programme continues to be

delivered to families from children's centres across York, with 5 programmes being delivered in 2023. The programme is aimed at parents and carers of those aged 0-5, with childcare provided at the weekly sessions to enable more families to access the programme. It delivers practical support around increasing self-esteem and emotional wellbeing, so children start school ready to learn, setting and achieving goals, active play ideas and getting active as a family, alongside guidance on diet, nutrition and oral health.

- **Reducing Health Inequalities:** Some of our communities in York experience radically poorer health outcomes than others. Sixty three percent of people with learning disabilities die before reaching the age of 65, compared to 15 percent in the general population, and in York you are four times more likely to die before the age of 75 if you have a severe mental illness. There is good evidence that health inequalities can arise through geographic variances in health between e.g. less and more deprived areas, through demographic variances in health e.g. across protected characteristics such as age, disability, gender, but can also affect specific groups within society who typically experience marginalisation – sometimes termed 'inclusion health' groups. Examples of these include people who are homeless or sleeping rough, those from an ethnic minority or a marginalised group, people living with substance misuse disorder, and migrants, refugees and asylum seekers.

The Director of Public Health and NHS Place Director for York have a delegated budget from the ICB Health Inequalities fund of around £270k per year to tackle health inequalities in our city. These monies have been allocated to schemes that focus on maternal and child nutrition; asthma friendly schools; York Brain Health Café; mental health related school absence, Ways to Wellbeing small grants programme, York Health Mela; GP outreach at the Women's Centre, wellbeing activities for asylum seekers and refugees; Raise York Family Hubs, Peasholme homeless clinics and the provision of Citizen Advice in GP surgeries.

For a more detailed look at the above please refer to the HWBB reports contained in the agendas for the September 2023, November 2023, January 2024 and March 2024 agendas available [here](#)

Year 1 highlights from the Economic Strategy were reported to the Economy, Place, Access, and Transport Policy and Scrutiny Committee in November 2023⁷. Highlights were reported against each of the five key themes in the strategy document as follows:

- For the **‘York as a global city’** theme, CYC has a reinvigorated inward investment team with the appointment in 2023 of a Head of Inward Investment & Business Growth with the team adopting a new strategic approach to growing CYC priority sectors of Rail, Tech and Media Arts, Bio Economy and Business and Professional services. A new tourism strategy adopted by the Council on behalf of the city, the UNESCO City of Media Arts status has been reenergised and York’s key developments, such as York Central, are progressing well with partnerships being built to maximise the economic benefit to the City. A task and finish group has been formed by the York Economic Partnership to prioritise city actions against this theme for implementation in 2024/25
- For the **‘greener economy’** theme, CYC has invested in free decarbonisation support for businesses and in green skills with UK Shared Prosperity Fund (UKSPF) funding, a Green Business Forum has been launched and a report that delineates the green economy in York has been delivered. UKSPF is funding 75 decarbonisation plans for local businesses, aiming to save 375 tonnes CO₂e by the end of the current financial year. Six plans have already been completed, saving an estimated 86.32 tonnes of CO₂e.
- For the **‘thriving workforce’** theme, the Local Skills Improvement Plan (LSIP) has been agreed, free skill bootcamps and mental health & wellbeing support has been provided and a supported employment forum had been launched. Working with partners, the Council has also launched a Construction Skills Initiative pilot, funded via UKSPF.
- For the **‘thriving business’** theme, the Council has commissioned the delivery of a wide range of business support using UKSPF funding, including investment in free services to support start-ups, social enterprises, innovation and business growth. Officers in the Business Growth team are focusing on growth sector work to support the above sectors as well as the retail and hospitality industry , including through work with partners and delivery of a

⁷ <https://democracy.york.gov.uk/documents/s171444/Economic%20Strategy%20and%20Tourism%20Strategy%20Update.pdf>

range of business support events. A task and finish group has been formed by the York Economic Partnership to prioritise city actions against this theme for implementation in 2024/25.

- For the ‘**an economy powered by good business**’ theme, the Council has co-produced a marketing plan to increase sign-ups of the Good Business Charter (GBC), established a York Community Fund, is supporting the Voluntary, Community & Social Enterprise (VCSE) sector with UKSPF funding and committed to Inclusive Equal Rights UK. A task and finish group has been formed by the York Economic Partnership to prioritise city actions against this theme for implementation in 2024/25, and will include an event to raise awareness of the Good Business Charter in Summer 2024. The task and finish group is working alongside the Human Rights and Equalities Board to develop a shared agenda between both bodies.

Performance

22. 10 Year Scorecards have been produced for each strategy to understand how the 10-year strategies are making a difference to the city and delivering the vision set out in the 10-Year Plan (York 2032).
23. The scorecards bring together different metrics that demonstrate progress against the targets set in the 10-Year Plan and current Council Plan, providing a clear base line to measure positive or negative trends. Some of these metrics are only produced 2-3 years late meaning the data will always be slightly out of date.
24. A variety of indicators from the three individual 10-year strategies where part of a Council Plan, Partnership Board, or Scrutiny scorecards are already currently published on the Council’s Open Data platform.
25. The 10-year Health and Wellbeing Strategy Scorecard through 2023/24 has been discussed/published at the relevant committee and will be made available, quarterly, on the Council’s Open Data platform from June 2024.
26. Indicators to support the Economic and Climate Change 10-year strategies have been discussed throughout the year. Going forward they will be made available, quarterly, on the Council’s Open Data platform from June 2024.

27. The 10 Year Scorecards are in annex:

- B – Climate Change
- C – Joint Health and Wellbeing
- D – Economic

Governance

28. Each of the 10-Year strategies sets out the principles by which they will be delivered. Governance arrangements for each of the 10-Year strategies is appropriate to the partnerships and context in which they are delivered, and described below:

a. York Climate Commission

York Climate Commission is part of the national Place Based Climate Action Network and includes representation from over 100 individuals. The Commission is organised into 8 working groups that are delivering impact and supporting the city's climate change ambitions.

b. Sustainability Leads Group

The Sustainability Leads Group represents climate and sustainability leaders from city partner organisations. It is a forum for collaboration, co-ordination and sharing best practice. Activities have included alignment of reporting requirements and collaborative funding applications.

c. Climate Change Programme Board

The Climate Change Programme Board provides internal governance for the Council's Climate Change Programme. The Board consists of Directors, Assistant Directors and Heads of Service from a range of Council service areas, providing a holistic overview of activity, risk and opportunities. The Board provides recommendations to the Council's Corporate Management Team.

29. Health and Wellbeing

a. The York Health and Wellbeing Board

An action plan has been developed to deliver the Joint Local Health and Wellbeing Strategy and the York Health and Wellbeing Board receives updates on delivery against at least

one of the 10 goals in its strategy and its associated actions at each of its meetings. To date we have received progress updates on Goals 1-7 in the strategy. The action plan covers the first 12-18 months of the strategy's lifetime and will be reviewed sometime in 2025.

b. York Place Board

The York Health and Care Partnership (Place Board) has aligned its strategies and priorities to support the delivery of the Joint Local Health and Wellbeing Strategy. The partnership provides an update report at every Health and Wellbeing Board meeting. Additionally, there are a number of system teams that support the delivery of priorities, for example, the York Population Health Hub which works across partners to oversee population health management, public health intelligence and the Joint Strategic Needs Assessment. The Place Board are finalising an annual report that sets out its achievements in 2023/4 and this will be presented at the July 2024 meeting of the Health and Wellbeing Board.

30. Economy

a. Economic Partnership

The Economic Partnership⁸ meets twice a year, with the remit of overseeing delivery of the Economic Strategy. It has no budget or decision-making powers but acts as an advisory board to the Council. The partnership represents a broad spectrum of sectors and organisations and draws on the collective expertise of our city. It is chaired by the Executive Member for Economy and Transport. At their last meeting, the Economic Partnership agreed to establish four Task and Finish Groups to focus proactively on delivery of a small number of prioritised activities in 2024/25 in relation to Global City, Thriving Businesses, Good Business and Our City Centre.

b. Skills Board

The York Skills and Employment Board, which developed the York Skills Plan, meets quarterly to review progress on implementation. The Skills Board has a strong mix of employers, education and skills providers, business networks and public sector bodies, and seeks to promote the York Skills

⁸ <https://www.york2032.co.uk/working-together/partnerships#yep>

Plan to the Combined Authority and Local Skills Improvement Partnership.

- c. Sector specific groups, for example Tourism Advisory Board

York Tourism Advisory Board is a broad partnership of stakeholders in the visitor economy. It has an independent chair (currently from York St John University Business School), and includes accommodation providers, visitor attractions, bars and restaurants, the Business Improvement District, City of York Council, North Yorkshire Council, tourism agencies and Visit York. The TAB developed York's Tourism Strategy and is now developing an implementation plan. It will seek to influence the Local Visitor Economy Partnership and Combined Authority as they develop.

What next

31. The Strategy and Policy Framework (Annex A) sets out the timescales for when the 10-Year Strategies will be reviewed. They will be reviewed and refreshed at the 5-year point (in 2027), to confirm the ambition is still appropriate (given policy and context changes), consider progress to date and assessing the impact of external factors.
32. In the meantime, the 10-Year Plan will be updated to align with the below:
 - a. The emerging Local Transport Strategy will inform the "transport" priority in the 10-Year Plan.
 - b. The Council Plan 2023-2027 notes an action to refresh the 10-Year Plan with city partners by considering the impact of the four core commitments.
 - c. Exploring how to reduce poverty-based factors that lead to inequalities will inform the development of the 10-Year Poverty-Free Strategy (a council plan action), to discuss with partners and consider the impact on the 10-Year Plan.

Implications

33. **Financial** The 10-Year strategies sets out the ambition for the city, there is no additional funding to deliver these, however, they provide a framework to influence future bids.

- 34. **Human Resources (HR)** There are no HR implications of the 10-Year Strategies.
- 35. **Equalities** is a core commitment of the council, informing delivery of projects that contribute to the York 2032 vision.
- 36. **Legal** No implications.
- 37. **Crime and Disorder** No implications.
- 38. **Information Technology (IT)** No implications

Recommendations

- 39. The Committee are asked to note the information shared and to provide feedback to assist in shaping future development.

Reasons for the Recommendation

- 40. The Committee has responsibility for monitoring progress of relevant council priorities and advise on potential future priorities, together with advising Executive about the Strategy and Policy Framework and how it relates to council services.

Annexes

- Annex A Strategy and Policy Framework
- Annex B Climate Change 10 Year Strategy Scorecard
- Annex C Joint Health and Wellbeing Strategy 10 Year Scorecard
- Annex D Economy Strategy 10 Year Scorecard

Annex A The Strategy and Policy Framework

Setting the vision: City strategic ambitions are co-developed in partnership. The strategic ambitions are set for 10 years with 5 year review points, delivered with partners on behalf of the city.

By their nature, they are aspirational, inspirational and encourage experimentation.

Establishing objectives: In 5-10 year cycles with a review point in each Administration

Delivering action: Action plans are informed by citizens engagement and are reviewed regularly.

The POLICY FRAMEWORK Policies set the context. Policies typically include SMART objectives and / or targets. The Council's Executive approve council policy and related budget, with city partner's own governance arrangements responding to their own strategies and policies. Council Policies are called Plans, for example the Local Plan, the Local Transport Plan, the Council Plan, etc.

ACTION PLANS: Action plans set out the city partner's actions to deliver the vision and goals in the 10 year Plan and related 10 year strategies. City Partners own actions plans will respond (in part) to the priorities.

**Corporate Services, Climate Change and Scrutiny
Management Committee****13 May 2024**

Report of the Director of Governance

Monitoring and Tracking of Approved Council Motions**Summary**

1. This report provides information on approved Council motions since November 2023, when this Committee last considered an update. Wherever possible due to more pressing work plan commitments, the Committee endeavours to monitor approved Council Motions biannually.

Background

2. At its meeting in May 2022, the Committee confirmed its aim to ensure a transparent and regular monitoring process was in place in relation to approved Council motions. It also noted that the Council Management Team (CMT) continued to monitor motions agreed at Council meetings to ensure delivery of any agreed actions. The Committee felt that receiving a bi-annual report on progress, following on from consideration by CMT, would provide a robust and transparent platform for ensuring delivery of agreed Council motions and actions.
3. Annex A to this report includes details of motions approved by Full Council since January 2023, showing progress against implementation of any agreed actions.

Analysis

4. The approved resolutions relating to motions have, where possible, been split down in Annex A into easier to read actions. Each action has been assigned a relevant directorate 'owner', and each responsible Officer has agreed to keep relevant Members informed of progress. In addition, CMT are able to review the schedule attached after every Council meeting, setting appropriate actions.

Consultation

5. CMT has been consulted on the process of monitoring approved Council motions and have acknowledged collective responsibility for ensuring appropriate implementation of agreed motions. CMT will continue to monitor the attached schedule and progress and set appropriate action owners after every Council meeting.

Options

6. This report is provided for transparency purposes and is therefore for information only.

Council Plan 2023-27

7. Whilst this report does not in itself materially affect how the work of scrutiny can support and develop the Council's overall priorities set out in the new Council Plan 2023-27, the proper and effective implementation of approved Council motions can contribute to those priorities dependent upon the area of concern being addressed in those motions.

Implications

8. There are no financial, equalities, legal, information technology, crime & disorder, sustainability or other implications associated with the recommendations in this report. However, there may, of course, be implications associated with the implementation of any of the motions listed in Annex A, which will be addressed by responsible officers.

Risk Management

9. Clearly, if the implementation of approved Council motions is not satisfactorily monitored, there is a risk to the organisation around the delivery of democratically taken resolutions.

Recommendations

10. Members are asked to note the contents of Annex A to this report.

Reason: To ensure that processes for monitoring and implementing approved Council motion resolutions remain sufficiently robust.

Corporate Services, Climate Change and Scrutiny Management Committee**13 May 2024**

Report of the Director of Governance

Schedule of Petitions**Summary**

1. Members of this Committee are aware of their role in the consideration of petitions received by the Council. The Committee last received an updated schedule of petitions in November 2023. In accordance with the Council's Petitions Scheme and Council Standing Orders, the Committee is invited to scrutinise any actions taken in relation to petitions received and to consider any next steps such as may be appropriate.

Background

2. The Council formally adopted its Petitions Scheme at its meeting in March 2022, covering both paper and e petitions. For information purposes, that Scheme is attached at Annex A. The Scheme provides that petitions will be referred to this Committee for consideration, and historically the most opportune time for this is when actions by the relevant Directorate are finalised (e.g., to refer to an Executive Member for decision on any actions). In that way, the Committee can reasonably review whether the proposed action represented a satisfactory way in which to deal with each petition received.

Current Petitions Update

3. Annex B provides a list of all petitions recorded as received by the Council since the last report to this Committee in November 2023, together with details of any relevant progress and/or actions since then.

Process

4. Members are reminded that the role of this Committee is not to determine any specific actions to be taken in relation to petitions but

rather to monitor the progress of their consideration and the appropriateness of any actions planned or taken by the decision maker.

5. The Council's Petition Scheme (Annex A attached) is set out at Appendix 2 of the Constitution. Paragraph 5.2 states:

"Paper petitions handed in to a Ward Councillor are normally presented at Full Council and then passed to a senior officer within the relevant Directorate and referred to the Customer and Corporate Services Scrutiny Management Committee. Those that come directly into the Council Offices are also referred to the Customer and Corporate Services Scrutiny Management Committee."

Options

6. The Scheme sets out the options available to this Committee in reviewing petitions at paragraph 8.2 as follows:
 - a) Requesting a detailed report on the issues;
 - b) Noting receipt of the petition and proposed action;
 - c) Requiring the Executive Member or person taking any decisions on the matter to attend a meeting and answer questions;
 - d) Undertaking a detailed scrutiny review, gathering evidence, hearing from witnesses and making recommendations to the appropriate person or Member making the decisions; or
 - e) Referring the matter to Full Council for debate according to the significance of the issues.
7. Under paragraph 8.3, the Committee may call for reports and undertake reviews in relation to petitions where it is concerned that they have not been dealt with properly.

Consultation

8. All Councillors were involved in the decision making around the existing Petitions Scheme, given that it was subject to Full Council approval for inclusion in its Constitution. Relevant Directorates are involved in the preparation of the schedule of petitions and actions compiled at Annex B.

Implications

9. There are no known legal, financial, human resources or other implications directly associated with the recommendations in this report. However, depending upon what, if any, further actions Members agree

to in respect of individual petitions there may, of course, be specific implications for resources which would need to be addressed.

Risk Management

10. There are no known risk implications associated with the recommendations in this report. Members should, however, be aware of the reputational risk to the Council if it fails to ensure appropriate consideration is given to petitions from the public.

Recommendations

11. Members are asked to:
- (i) Note the schedule of petitions recorded since November 2023;
 - (ii) Review the petitions and actions planned or taken and identify any further actions they consider necessary or appropriate in line with the options available under the Council’s Petitions Scheme, as set out at paragraphs 6 and 7 above.

Reason: To ensure the Committee carries out its constitutional role in relation to petitions.

Appendix 2 - Petitions Scheme

- 1 City of York Council is committed to involving local people in its decision making. For some years, it has been operating a public participation scheme enabling members of the public to attend meetings and speak on an issue. It has also responded to petitions from the public, received in an number of ways e.g. through a Ward Councillor submitting a petition on behalf of a constituent or by a resident submitting one direct to a council office by post/hand. As part of its approach to petitions, the Council has also introduced an ePetitions facility, providing another way in which a particular issue can be brought to the attention of Councillors.

- 2 Through this Petitions Scheme, the Council is making a commitment to:
 - Enable anyone who lives, work or studies in the local authority area to organise and submit a petition either on paper or electronically
 - Respond to the concerns raised within a petition
 - Review its handling of a petition where a lead petitioner believes it has not been dealt with in accordance with this scheme.

- 3 To support the scheme, the Council has:
 - Set a low threshold of ten signatures on the number of petitioners to enable as many valid local opinions to be heard as possible
 - Provided an ePetitions facility to enable those who want to, to create their petition on line and allow others to sign it electronically

4 Petitions Not Covered By This Scheme

4.1 This scheme does not cover petitions which:

- a) Relate to a planning or licensing application – in this case a petition will be referred to the relevant decision maker
- b) Relate to matters where there is a legal right to seek a review or appeal
- c) Respond to a public consultation organised by the Council – in this case a petition will be referred to the decision maker
- d) Relate to matters which are of a defamatory or discriminatory nature, personal attacks on identifiable individuals or disclosure of confidential or personal information, particularly where appropriate the lead petitioner will be directed to the most appropriate route for raising such concerns with the Council.
- e) The Council's Monitoring Officer, acting in consultation with the Chief Operating Officer, considers to be vexatious i.e. a petition with insufficient substance to merit action and the use effective use of public resource, abusive or otherwise inappropriate

4.2 In addition to these rules where a petition has resulted in a debate at a meeting of Full Council, the Council will not hold a further debate in response to a petition which the Lord Mayor considers to be substantially similar within a period of two years.

4.3 During the period leading up to a local or national election the Council may temporarily suspend the hosting of e-petitions or delay holding debates.

5 Submitting a Petition

Paper Petitions

- 5.1 Paper petitions can be submitted via a number of routes e.g. via a Ward Councillor, by post or hand delivered to the Council Offices.
- 5.2 Paper petitions handed in to a Ward Councillor are normally presented at Full Council and then passed to a senior officer within the relevant Directorate and referred to the Customer and Corporate Services Scrutiny Management Committee. Those that come directly into the Council Offices are also referred to the Customer and Corporate Services Scrutiny Management Committee.
- 5.3 Paper petitions should contain the details of the petition on the front of each sheet so that it is clear that each signatory has responded to identical wording.

6 ePetitions

- 6.1 All ePetitions submitted to the Council must:
- a) Include a clear and concise statement covering the subject of the Petition.
 - b) State what action the petitioners wish the Council to take.
- 6.2 The ePetition organiser will need to provide us with their name, postal address including postcode, email address and contact telephone number. The name of the petition organiser (but no other contact details) will be published alongside details of the petition.
- 6.3 The ePetition organiser will also need to decide how long their petition will be open for signatures. Most ePetitions run for six months, but it can be a shorter or longer timeframe, up to a

maximum of 12 months.

- 6.4 When an ePetition is created, it may take up to five working days before it is published online. This is because we have to check that the content of the ePetition meets the guidelines before it is made available for signature.
- 6.5 The relevant Executive Member will be advised of the publication of any e-petition relating to their service area.
- 6.6 If a petition does not follow the guidelines set out above, or if we need clarification on any issues raised within an ePetition, we will contact the ePetition organiser within 5 working days of receipt to explain.
- 6.7 We will also contact the ePetition organiser if we feel we cannot publish an ePetition for any reason, and where possible, we will offer assistance to change and resubmit it.
- 6.8 If the required clarification is not provided, or if an ePetition that we cannot publish is not re-submitted within 14 days, a summary of the ePetition and the reason why it has not been accepted will be published under the 'rejected petitions' section of the Council's ePetitions facility.

7 How to 'sign' an ePetition

- 7.1 An individual wanting to sign an ePetition, will be asked to provide their name, address and postcode, plus a valid email address. They will then receive an email containing a link which they must click on in order to confirm their email address is valid. Once this step is completed their 'signature' will be added to the ePetition.

NB: Anyone viewing an e-petition will only be able to see the names of those who have signed - no contact details will be visible.

- 7.2 All ePetitions currently available for signature on the Council's website can be viewed at:
<http://democracy.york.gov.uk/mgePetitionListDisplay.aspx?bcr=1>

8 How will the Council respond?

- 8.1 Within 5 days of a petition being received or of an ePetition being closed to signatories, we will send acknowledgement to the petition organiser, providing information on when they can expect to hear from us again and what process needs to be followed.
- 8.2 Our response will depend on what the petition/ePetition asks for and how many people have signed it but details of the petition will be referred to our Customer and Corporate Services Scrutiny Management Committee (CCSMC) who may decide a range of potential actions, including:
- a) Requesting a detailed report on the issues;
 - b) Noting receipt of the petition and proposed action;
 - c) Requiring the Executive Member or person taking any decisions on the matter to attend a meeting and answer questions;
 - d) Undertaking a detailed scrutiny review, gathering evidence, hearing from witnesses and making recommendations to the appropriate person or Member making the decisions;
 - e) Referring the matter to Full Council for debate according to the significance of the issues
- 8.3 CCSMC will have the right to call for reports and undertake reviews in relation to petitions where it is concerned that they have not been dealt with properly.

- 8.4 The relevant Executive Member may also be required to consider the petition to agree appropriate actions, depending upon the issues raised.
- 8.5 If the petition relates to an operational Highways matter, for example a traffic regulation order or Respark, it will be referred directly to the relevant Executive Member and will not be considered by CCSMC.
- 8.6 If the petition/ePetition is about something over which the council has no direct control e.g. the local railway or hospital, we may refer it to the Council's relevant partner organisation, and where appropriate, may work with them to respond to the petition.

9 Getting Involved When Your Petition Is Considered

- 9.1 A petitioner may choose to attend any meeting where their petition/ePetition is to be considered to listen to the debate, or register to speak at the meeting via the Council's Public Participation Scheme. This scheme enables participants to address Councillors before they debate the issues raised.

10 What happens next?

- 10.1 The petition/ePetition organiser will receive notification of the outcome of their petition. Where a petition/ePetition has been considered at a public meeting, information on the related decisions will be made available electronically via the meeting minutes published online. It will also be possible to track the implementation of any actions arising from them, via the online committee management system.

Petitions Schedule, May 2023 ongoing

Petition Details No. of Signatures	Petition type	Officer Responsible	Decision Maker	Date of Receipt	Action Proposed	Action Taken	Status Open/Closed
191.
