EXECUTIVE FORWARD PLAN

What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at www.york.gov.uk

What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
 - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
 - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

What information does the Forward Plan contain?

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

If I have a query about an entry on the Forward Plan, who do I contact ?

Wherever possible, full contact details are listed in the individual entries in the Forward Plan. If you are unsure how to make contact or have any general enquiries about the Forward Plan, please ring Democratic Services on Tel No. 01904 551031

Title of Report: Germany Beck Flood Alleviation Scheme

Description: Purpose of Report: Flooding of properties in the Fordlands community occurred in 2000 and has been managed through pumping operations in 2012, 2015 and February 2020. Significant road flooding occurs to Fordlands Road and the A19 in large flood events leaving the Fordlands community isolated and causing significant impact on many 1000's of resident, commuter and tourist journeys. A scheme to increase the resilience of the A19 to flooding was delivered by the contractors completing the access road to the Germany Beck housing development.

A holistic scheme has been identified that would provide a pumping station to increase flood resilience to properties, maintain access via Fordlands Road and further reinforce the works on the A19. A funding package has been drawn together to develop this scheme, design and appraisal works have been carried out to develop the project further.

The scheme is being developed alongside the wider Environment Agency led programme of works in the city, Executive have previously agreed that the Executive Member for the Environment and Climate Change would monitor and assure the delivery of the programme. A paper taken to the Executive Member's 12 August 2020 decision session resolved that the development of the next stage of appraisal should be commenced – including detailed design and all permissions including planning approval. A paper will be brought to the Executive to update on all progress and request approvals for the next stages of the project.

The Executive will be asked to:

- Endorse the work carried out to date.
- Approve the project to be taken through the planning process.
- Resolve to receive a future paper detailing the approach to the construction phase costs, procurement and delivery model and to approve the continued delivery of the project.

Title of Report: York 2032 - Strategy and Policy Framework

Description: Purpose of Report:

1. The country is experiencing significant change. Now, more than ever, we need to work together across the city to consider how best to enhance our way of life, adapting to regional opportunities, learning and building on our response to the pandemic whilst mitigating the ongoing effects of Climate Change to achieve net zero carbon by 2030.
2. The council has co-designed the 10 year plan with city partners which has been informed by the ambitions articulated in the 10 Year Strategies, together with the resident engagement process that informed them, both considered by Executive in November.
3. The 10 year plan is part of the strategy and policy framework that Executive will be invited to consider before making recommendations to Council.

Executive will be invited to adopt the 10 year Strategy and Policy Framework which is comprised of the 10 year plan, Climate Change Strategy 2022-2032, Economic Strategy 2022-2032 and Health and Wellbeing Strategy 2022-2032, making recommendations to Council to approve it for adoption on behalf of the city. The report will be tabled at Full Council on the 15 December 2022.

It has not been possible to give 28 clear days' notice of the intention to make this Key Decision. The reason why compliance has not been possible in this instance is that the 10 year plan has been co-designed with partners and is now at the stage when it can now be shared with Executive prior to Full Council. As part of the constitution, Council are required to take on board the recommendations of Executive when considering the 10 year Plan and therefore it will need to be first considered by Executive. Dates for Executive in December have only just been finalised, which has led to the 10 year Plan being considered in December. February's Council is Budget Council and then we are likely to be in the pre-election period.
