Agenda items for consideration

1. The NHS led provider collaborative - will be in place from April 2020. It would be beneficial to invite relevant colleagues to a future meeting to gain an understanding of what these changes mean/t and perhaps an update on what has happened (positive or not so good) now it will have been established.
2. 'Dying Well' – a theme arising from a discussion at an earlier meeting. Under this broad heading would include consideration of hospices. They are only partly supported financially by the Health Service and raise the majority of their own funding. (The Chair would have a non-prejudicial interest - in that his partner is a CEO of a hospice).
3. Blue Badge Guidance for implementation
4. Childhood Obesity - for consideration on what other Authorities do to address this concern. It had been noted that Leeds had success in this area. Identifying funding streams to support work on this aspect.
5. Children's Dental Health in York – (consider after the pandemic)
6. Health & ASC Finance & Monitoring reports
7. Adult Safeguarding
8. Mental Health - several aspects potentially - Place based community approach update and also post Covid for both young people and adults.
9. Update on the situation regarding rough sleepers
10. Update on smoking cessation and tobacco control in York
11. Update on the dementia provision in York, including an update on the dementia strategy and dementia alliance etc

12. Update on the CQC inspections and on Foss Park

13. York Health and Care Alliance update
