4. Consideration of results from the consultation about Parking restrictions in relation to Cavendish Grove, Tranby Avenue and Moore Avenue/Osbaldwick Lane junction

Resolved:

- i. Implement junction protection on Tranby Avenue at its junction with Hull Road and Cavendish Grove with its junction with Tranby Avenue and explore possibility of restrictions to maintain safety at the bus stop on street.

Reason: The Junction protection will increase safety at these locations and also allow York Council Civil Enforcement Officers the ability to enforce obstructive parking near the junctions, which was the original complaint. This will also respect the views of the residents and not remove their ability to park in the area if required.

- ii. is recommended that approval be given to implement as proposed for the Moore Avenue/Osbaldwick Lane Junction.

Reason: The introduction of restrictions at this location will provide clearer sight lines for pedestrians using the tactile crossing while crossing this junction and improve pedestrian safety.
