Public Premises Licence Due 20th January 2007
St.Mary & St.Nicholas Church
Back Lane, Wigginton, York

Dear Sirs,

I wish to formally object to the application in respect of the above. This is at the moment a quiet and peaceful area, and I feel that the granting of the licence for Live and Recorded music and the sale of alcohol etc. will spoil this area by creating excessive noise from the premises, and also the noise etc. when people are leaving the premises especially late at night. If the licence is granted I feel that it should be restricted to say up to 10.00 pm, so that any noise etc. on people leaving will be limited to a reasonable time on an evening I appreciate that the Church Warden has stated that the position would not change from the present time, but feel that it could well do so once they have the powers so to do.

Yours faithfully,

Mr. G. V. Goodrick
