

Report of the Assistant Director, Governance & ICT

SCRUTINY REVIEW SUPPORT BUDGET

Summary

1. This report sets out the current position in relation to available Council funding in relation to research for overview and scrutiny review work.
2. Corporate & Scrutiny Management Committee (CSMC) has a constitutional right, under its delegated authority “to consider and recommend to Cabinet a budget for scrutiny”. This report seeks to consult CSMC on any recommendations it may wish to make to Cabinet prior to the budget setting process for 2013/14.

Background

3. For the 2010/11 financial year, this Committee decided not to recommend any change to its then existing base scrutiny support budget, which stood at £15k. The Budget Council meeting, however, in February 2011, agreed to cut that support budget, as part of a savings exercise.
4. The then Budget Council decision was taken against an understanding that there had, in reality, been little spend against the scrutiny support budget for the previous 3 to 4 years. This was with the notable exception of a consultation survey undertaken in relation to a scrutiny review into traffic congestion and its impact.
5. Subsequently, at Budget Council in February 2012 and upon the recommendation of Scrutiny Management Committee, Council agreed to reinstate a small support budget for scrutiny research work associated with reviews, in the sum of £5k.

6. Earlier this year, CSMC agreed to allocate £1k each to the Standing Scrutiny Committees for use in supporting any research associated with scrutiny reviews.

Analysis

7. To date only Health Scrutiny Committee have committed to any relevant spend against this budget, amounting to approximately £500-600 to employ a specialist facilitator helping to gather information and research associated with the personalisation review. There is also the possibility that a Task Group of the Learning & Culture Overview & Scrutiny Committee may choose to carry out a visit to a community library in Sunderland in support of their current ongoing review of Libraries & Community Provision. There will be some travel costs associated with this but the exact amount is yet unknown.
8. Members should also be aware that historically, too, spend against this budget, when available, has been very little over the last few years, as follows:

2007/8 - £93

2008/9 - £620

2009/10 - £41 + £17k

2010/11 - £380
9. In 2009/10, a special carry forward to the budget was agreed by Council for the specific purpose of undertaking a public consultation survey in relation to an ongoing review at the time relating to traffic congestion.
10. Despite the comparatively low spend on external research support for scrutiny over the last few years; it does not appear, on the face of it, to have had a noticeable impact on Members undertaking scrutiny reviews. Following a work planning session with Cabinet and Scrutiny Members in April 2012, the Scrutiny Committees are proceeding with the following scrutiny reviews during the current year:

CSMC

Sickness Absence Review

Community Engagement

Health

End of Life Care – use and effectiveness of DNACPR form

Personalisation Scrutiny Review

Community Mental Health in the Care of Young People Scrutiny Review

Community Safety

Domestic Waste Review

Learning & Culture

Libraries & Community Provision

York Museums Trust (completed and awaiting Cabinet approval)

Economic & City Development

Reducing carbon footprint in privately rented sector

Youth Unemployment

Out of Hours Childcare

E-Planning Facilities (awaiting decision from Cabinet)

Attracting European Funding for Economic Development

Ad-Hoc Scrutiny

City Centre Access (in final stages)

11. In addition, the Committees continue with a range of overview activities. In the case of Health and Community Safety, these Committees are also continuing with their statutory overview responsibilities in relation to health and crime and police affairs.
12. Given the explosion in the use of IT facilities and in the internet in recent years as essential research tools, it is noticeable that there has been less need to 'buy in' paid external research in relation to the chosen reviews over the last few years. Traffic congestion being a notable exception, although on that occasion, the specialist consultant used gave his time freely in support of that scrutiny work

Consultation

13. No consultation is required on this report at this stage, given that it provides CSMC with their constitutional opportunity to consider making a recommendation to Cabinet for a budget for scrutiny.

Options

14. (i) Having regard to the analysis section in this report, to note the position and recommend to Cabinet not to provide any budget specifically to support external research and consultancy work for scrutiny in 2013/14 onwards; or
- (ii) To recommend Cabinet retains the current budgetary support for external research and consultancy work, explaining why; or
- (iii) To recommend Cabinet increases the current budgetary support for external scrutiny research/consultancy, explaining why and suggesting an appropriate figure

Council Plan 2011-2015

15. Whilst this report does not in itself materially affect how the work of scrutiny can support and develop the Council's overall priorities set out in the Council Plan 2011-2015, how scrutiny organises itself, selects and conducts its reviews could have a significant impact on how it contributes to the Council's development.

Implications

16. **Financial** – There would, of course, continue to be some financial impact should CSMC recommend continuing with a scrutiny research support budget, if Cabinet supported that proposal. If funding continues at a comparatively low level as currently provided, then that impact of course is minimal in comparison to the potential benefits of receiving expert support, where required.
17. There are no Human Resources, Equalities, Legal, ITT, Crime & Disorder or other implications associated with this report. Constitutionally, SMC has the right to recommend to Cabinet an appropriate budget to support scrutiny research.

Risk Management

18. Clearly, this Committee needs to address what it believes the current and future needs of scrutiny may be, taking into account the historical levels of spend in the area concerned and any potential impact on improvements to Council performance. Based on previous years level of spend in this area, including the existing financial year, there is a risk that any budget allocation made in the future could largely remain unused.

Recommendations

19. Members are asked to consider whether they wish to make a recommendation to Cabinet in relation to a scrutiny support budget for use on external consultation/market research, for consideration as part of the Council's budget setting process for 2013/14.

Reason: To address the constitutional right of CSMC to comment to Cabinet on setting the above scrutiny budget
