#### **5. BLAKE STREET SAFETY IMPROVEMENTS**

Resolved:

1. To implement the permanent TRO as outlined in the recommendation with regard to the loading ban.
2. To implement an experimental TRO to provide blue badge parking bays and changes to the one-way system, with monitoring to take place over next 18 months.

Reason: This will enable the associated adjustments to Blake Street to be progressed, leading to safety improvements and the ability to enforce the restrictions.

This also takes into account public concern with elements of the scheme.
