Setting the vision: City strategic ambitions are co-developed in partnership. The strategic ambitions are set for 10 years with 5 year review points, delivered with partners on behalf of the city.

By their nature, they are aspirational, inspirational and encourage experimentation.

The POLICY FRAMEWORK Policies set the context. Policies typically include SMART objectives and / or targets. The Council's Executive approve council policy and related budget, with city partner's own governance arrangements responding to their own strategies and policies. Council Policies are called Plans, for example the Local Plan, the Local Transport Plan, the Council Plan, etc.

ACTION PLANS: Action plans set out the city partner's actions to deliver the vision and goals in the 10 year Plan and related 10 year strategies. City Partners own actions plans will respond (in part) to the priorities.

### Establishing objectives:

In 5-10 year cycles with a review point in each Administration

Delivering action: Action plans are informed by citizens engagement and are reviewed regularly.
