PETITION TO CLOSE SNICKET ACCESS TO THE REEVES

We have been asked by Councillor Waller to get together a petition of residents of The Reeves so we may have a chance of reducing anti-social behaviour focused at our homes. The Community Police Team are still working to get the alleyways closed. It is unsure at this present moment how the alleyways will be secured but we have been lead to believe that access gates will be installed with timers to restrict access. Times of restriction are still to be confirmed but the scheme has been run in Clifton with a very good response by residents and has significantly reduced crime in the area.

Thank you for attention if you wish to sign the petition please do so.
