

## AGENDA SUPPLEMENT

### Decision Session - Executive Leader, Policy, Strategy and Partnerships

**To:** Councillors Douglas

**Date:** Wednesday, 17 July 2024

**Time:** 10.00 am

**Venue:** West Offices - Station Rise, York YO1 6GA

The Agenda for the above meeting was published on **9 July 2024**. The attached additional documents are now available for the following agenda item:

**5. A York pipeline of projects for the York and North Yorkshire Combined Authority** (Pages 1 - 86)

The Leader is invited to consider the pipeline and confirm that the projects identified in the pipeline are priorities for York, tasking officers to work with York and North Yorkshire Combined Authority to implement.

This agenda supplement was published on **10 July 2024**.

This page is intentionally left blank

<b>Meeting:</b>	Decision Session – Executive Leader, Policy, Strategy and Partnerships
<b>Meeting date:</b>	17 July 2024
<b>Report of:</b>	Assistant Director, Policy and Strategy
<b>Portfolio of:</b>	Cllr Claire Douglas, Leader of the Council and Executive Member for Policy, Strategy and Partnerships

## **Decision Report: A York pipeline of projects for the York and North Yorkshire Combined Authority**

### **Subject of Report**

1. The election of a Mayor for York and North Yorkshire and the establishment of the York and North Yorkshire Combined Authority (YNYCA) provides an opportunity to secure funding to advance projects that support York's priorities.
2. An initial pipeline of projects, **Annex A**, was developed for mayoral consideration. These projects were mapped against the longer-term strategic ambitions of the city, such as the 10-year strategies, actions contained within the current Council Plan and the emerging YNYCA Economic Framework, to reflect York's priorities.
3. The pipeline has been reviewed by City of York Council scrutiny committees with suggestions from these committees reviewed by officers. The suggestions from scrutiny and officer recommendations are contained as **Annex B** with the revised pipeline based on this feedback contained as **Annex C**.
4. The Leader is invited to consider the pipeline and confirm that the projects identified in the pipeline are priorities for York, tasking officers to work with YNYCA to implement.

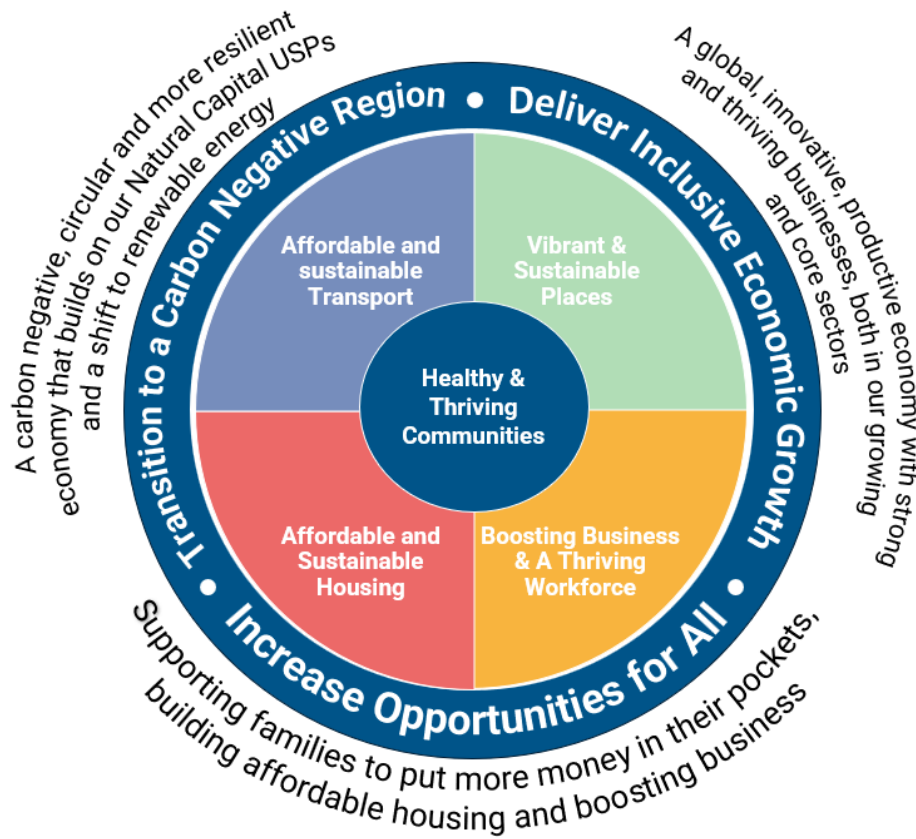

## **Benefits and Challenges**

5. The benefit of approving the York pipeline is that it will provide a clear articulation of the priorities for CYC to work with the YNYCA to implement. This will provide consistency when working with the YNYCA and enable CYC to move at pace when funding opportunities that arise.
6. A challenge associated with the pipeline is ensuring that it is not seen as a 'day one' list but rather an articulation of short, medium and long-term priorities for the Council. This is reflected in a significant proportion of priority activity being for funding to develop business cases.
7. It must also be recognised that the list is not static and that CYC needs to flex dependent on opportunities that emerge given the shifting context in which both the Council and YNYCA operate.

## **Policy Basis for Decision**

8. The pipeline has been mapped against actions contained within the Council Plan and the longer-term strategic ambitions of the city, including the 10-year strategies.
9. The pipeline also reflects the emerging Economic Framework of the YNYCA which is scheduled for Mayoral consideration in July 2024. This is shown in Figure 1.

Figure 1: Emergent YNYCA Economic Framework

## Financial Strategy Implications

10. The development of the York pipeline reflects the opportunity to work with the YNYCA to achieve the ambitions of York through securing funding that is available at a regional level. In doing so, it provides an avenue through which to progress priorities without the need to utilise limited Council resources or alternative funding routes.

## Recommendation and Reasons

11. The Leader is asked to:

Confirm that the pipeline of projects reflects the priorities for York, tasking officers to work with YNYCA to implement.

Reason:

To enable officers to seek to progress funding bids based on the pipeline of projects as funding streams from YNYCA become

available, noting funding business cases will still require Executive Member or Executive approval, dependent on the key decision threshold.

## **Background**

12. This report is presented following the election of the first Mayor for York and North Yorkshire on 2 May 2024.
13. The Mayor will lead the York and North Yorkshire Combined Authority and will chair the Combined Authority Board.
14. The Mayor and Combined Authority has certain powers and responsibilities, devolved to them by central government. In summary, these include:
  - a. responsibility for a Mayoral Investment Fund worth £540 million over 30 years and the powers to borrow against funds
  - b. full devolution of the adult education budget
  - c. powers to improve the supply and quality of housing and secure the development of land or infrastructure
  - d. powers and funds to improve transport through a consolidated, devolved, multi-year transport settlement.
15. They will also have oversight of the future delivery of the UK Shared Prosperity Fund.
16. The election of a Mayor for York and North Yorkshire and the establishment of the York and North Yorkshire Combined Authority (YNYCA) provides an opportunity to secure funding to advance projects that support CYC's core commitments and Council Plan ambitions, wider city opportunities aligned to 10-year strategies and support regional and Mayoral ambitions.
17. There are several funding streams delivered through the YNYCA including the Mayoral Investment Fund, the future delivery of the UK Shared Prosperity Fund, and the Integrated Transport Settlement.
18. To provide a structured response to these funding opportunities, an initial list of projects to form a York pipeline for mayoral consideration was developed by CYC officers. These projects

were mapped against the longer-term strategic ambitions of the city, such as the 10-year strategies, actions contained within the current Council Plan] and the emerging YNYCA Economic Framework, to highlight alignment with each authority's priorities and the wider city narrative.

19. The draft pipeline was informed through internal consultation with Corporate Management Team and informally with the Council's Executive members. It was then reviewed by each of the CYC scrutiny committees in June and July 2024. The draft pipeline is attached as **Annex A**, with the consolidated list of suggestions from scrutiny and officer recommendations contained as **Annex B** and the revised pipeline resultant from this feedback contained as **Annex C**.
20. The purpose of this report is to invite Leader consideration that the projects identified in the pipeline are priorities for CYC to work with YNYCA to implement.
21. If the Leader approves the pipeline, Officers will seek to advance funding bids based on the pipeline projects as funding streams from YNYCA become available. Where funding is awarded (either to develop a business case or to commence a project) individual Executive member or by Executive as a whole depending on key decision threshold requirements, will be invited to approve funding bids and business cases.
22. The York pipeline does not replace partner discussions with the Mayor, rather, ensures the Council is able to allocate resource to opportunities confident that prioritisation has been informed through elected member (representing residents) and partner discussion.
23. Discussions about regional activity have taken place with North Yorkshire Council officers to ensure there is alignment with North Yorkshire Council's ambitions.
24. At this stage, it is proposed that the York pipeline is reviewed annually and within the context of the York electoral cycle. This might change however dependent on how mayoral funding opportunities are made available.

## Consultation Analysis

25. The pipeline was developed by a cross-council group of officers before being considered by CMT and through informal Executive member engagement.
26. It was then subject to consultation with CYC scrutiny committees. The below table provides a review of dates at which the pipeline was discussed at scrutiny:

Scrutiny Committee	Date
Corporate Services, Climate Change and Scrutiny Management Committee #1	10 June 2024
Health, Housing and Adult Social Care	12 June 2024
Economy, Place, Access and Transport	25 June 2024
Children, Culture and Communities	2 July 2024
Corporate Services, Climate Change and Scrutiny Management Committee #2	8 July 2024

27. Feedback was taken on board at each committee to create a rolling stock take of suggestions. Feedback is listed in **Annex B** for information.
28. Suggestions predominately focused on the 'Well-connected economy' section of the pipeline and the potential for YNYCA support for public transport and infrastructure improvements.
29. Additionally, Councillors were keen to ensure that the wider benefits of funding opportunities (cultural and social in addition to economic) were articulated within the pipeline.
30. Overall, the committees were broadly content with the content of the pipeline.
31. These recommendations have been reviewed by officers to assess consistency with Council Plan, wider city ambitions, and the YNYCA framework. The revised pipeline following this feedback is contained in **Annex C**.

## Options Analysis and Evidential Basis

32. The first option is to approve the pipeline. This is the recommended option. This will provide clear articulation of the priorities for CYC to work with the YNYCA to implement. This will provide consistency when working with the YNYCA and enable CYC to move at pace when funding opportunities arise.
33. The second option is to reject the pipeline. This would mean that CYC would need to be reactive to opportunities that arise from the YNYCA. Whilst it is anticipated that there will be an element of reactivity to seize unforeseen opportunities, a reliance on this approach would create a danger that funding bids would not align with Council Plan priorities and wider strategic ambitions in the city.
34. A third option is to ask officers to do further work on developing a pipeline. This would enable further contemplation of a pipeline for York but may lead to missed opportunities as funding streams come online. It is worth noting that the pipeline will be reviewed on a regular basis to ensure that it still aligns with local and regional priorities.

## Organisational Impact and Implications

- **Financial** - There are no direct financial implications arising from this report. Agreeing a list of pipeline schemes will ensure that the Council makes the most of available funding opportunities and will help to manage the overall financial challenge facing the Council.
- **Legal** - Legal advice specific to the pipeline projects described in this report will be provided or continue to be provided as they develop.
- **Information Technology (IT)** - Digital connectivity & Smart Technologies should be recognised as a key enabler for the Combined Authority themes, priorities and project pipeline.
- **Property** – Property implications will need to be considered on projects identified going forwards, on an individual basis with resources deployed accordingly.
- **Other**

**Housing** - Reducing carbon emissions from our homes and fuel bills for our residents alongside providing additional new affordable housing are identified as priorities for the council and significant activity is already taking place to meet these ambitions. This report identifies the opportunity to both accelerate and increase the scale of this activity through devolved powers.

**Carbon Reduction and Climate Change** - The pipeline has been assessed against the Climate Change Strategy to ensure projects align with our net zero and climate ready ambitions. The Climate Change implications of individual projects will be fully assessed as part of the project development and governance.

**Skills** - Collaboration between the Combined Authority and constituent authorities will be a key enabler of the skills agenda in the region. The pipeline highlights some potential opportunities and these will be considered as part of the wider approach to regional skills development.

## Risks and Mitigations

35. No risks are associated with the approval of the pipeline. It will provide a clear priority list for York within the context of the YNYCA.
36. In contrast, not proceeding with the pipeline leads to the risk of missing opportunities to fund York priorities through the YNYCA. This may lead to poorer outcomes for residents or financial costs for the Council if it chooses to progress this work.

## Wards Impacted

37. All.

	<p>effectiveness as an economic, social, and cultural space for all. This work will identify a project pipeline of 'great places' capital investment schemes to deliver that spatial masterplan with an early win delivered within the first 12 months</p> <p>Additional quick win schemes are likely to be scoping at Castle Gateway, followed by other projects such as Parliament Street.</p>			

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Secondary Centres	Strategically, secondary centres across York should be treated in the same way as market towns in North Yorkshire in terms of access to investment with the size/scale of York's secondary centres greater than some of the market towns. Funding to develop and deliver future project phases of the Acomb Front Street Masterplan as well as exploring opportunities linked to the Haxby Masterplan and associated housing growth in this location	C2.2	Economic Strategy  Masterplans for Acomb and Haxby  Local Plan	Delivering inclusive economic growth  Vibrant and sustainable places  Increase opportunities for all  Healthy and thriving communities
Smaller centre plans	Funding to develop smaller centre master plans and deliver schemes, working closely with community neighbourhood plans (at Tang Hall, Fishergate, the Groves, York's villages, etc)	A3.3 A5.4 6.6c	Economic Strategy Local Transport Strategy Local Plan Community neighbourhood plans	Delivering inclusive economic growth  Increase opportunities for all  Transition to a carbon negative region  Vibrant and sustainable place  Healthy and thriving communities

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Healthy places infrastructure	Funding to develop a business case for a healthy places infrastructure plan that would support region wide developments and increases in population based on the JSNA and Local Plan(s), including integrated localised primary care health centres (particularly in York's villages), GP practices, dental facilities, community health facilities, and an age-friendly infrastructure – with capital funding via S106 and/or commercial / health partners.	A2.3 A5.3 E1.1 6.4a	Joint Health and Wellbeing Strategy The Local Plan	Health and thriving communities  Vibrant and sustainable places
Air Quality	Funding to operate cross-boundary air quality initiatives (determined through feasibility work) at a regional scale, aligning air quality action plans across the whole region, and with interdependencies with neighbouring authorities, to improve air quality to WHO standards (achieving more through the economies of scale).	D1.5 D2.1 D2.4 F3.2	Climate Change Strategy Local Transport Strategy Air Quality Improvement Plan 4	Health and thriving communities  Vibrant and sustainable places  Transition to a carbon negative region  Affordable and sustainable transport  Healthy and thriving communities

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Decarbonising and adapting new and existing infrastructure (a)	Funding to complete York's LED Streetlighting programme	D1.2 D4.1 E1.1 E2.2 E3.1 F1.1 F2.4 F4.2 6.4a	Climate Change Strategy Local Transport Strategy The Local Plan	Transition to a carbon negative region  Vibrant and sustainable places
Decarbonising and adapting new and existing infrastructure (b)	Funding to investigate opportunities and deliver infrastructure on council delivered sites to deliver above existing policy in relation to net zero and climate adaptations, affordable housing, health impacts etc.	D1.2 D4.1 E1.1 F1.1 F2.4 F4.2 6.4a	Climate Change Strategy Local Transport Strategy The Local Plan	Transition to a carbon negative region  Affordable and sustainable housing  Healthy and thriving communities  Vibrant and sustainable places

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Decarbonising and adapting new and existing infrastructure (c)	Funding for developers to bid for to exceed net zero ambitions and become climate ready of developments (in line with Local Plan) – i.e., funding the gap between net zero ambition and commercial realities, whilst technology “catches up”	D1.2 E1.1 E2.2 F1.1 6.4a	Climate Change Strategy Local Transport Strategy The Local Plan	Transition to a carbon negative region  Affordable and sustainable housing  Healthy and thriving communities  Vibrant and sustainable places  Affordable and sustainable transport
Decarbonising and adapting new and existing infrastructure (d)	Funding to adapt highways network and existing infrastructure to be climate ready specifically extreme heat	D1.2 D4.1 E1.1 F1.1 F2.4 F4.2 6.4a	Climate Change Strategy Local Transport Strategy The Local Plan	Transition to a carbon negative region  Healthy and thriving communities  Vibrant and sustainable places  Affordable and sustainable transport

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Decarbonising and adapting new and existing infrastructure (e)	Funding to retrofit heritage and cultural buildings	F1.1 F1.4	Climate Change Strategy  Culture strategy	Transition to a carbon negative region  Affordable and sustainable housing  Healthy and thriving communities  Vibrant and sustainable places
Decarbonising and adapting new and existing infrastructure (f)	Funding to retrofit council housing stock	E3.1 E3.2 F1.2	Climate Change Strategy Joint Health and Wellbeing Strategy	Transition to a carbon negative region  Affordable and sustainable housing  Healthy and thriving communities  Delivering inclusive economic growth  Vibrant and sustainable places

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
<b>Housing</b>				
Housing Strategy Y/NY	Funding for capacity to develop a housing strategy (refresh) for York and North Yorkshire that identifies opportunities and considers different “housing” needs for all residents, including gypsy/traveller community, children in care and families/individuals with additional needs, older people's accommodation and support for care leavers (as part of local authority corporate parenting).	A2.2 E2.1 E2.2	The Local Plan  Joint Health and Wellbeing Strategy  Corporate Parenting Plan	Affordable and sustainable housing  Transition to a carbon negative region  Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Affordable Homes Growth	Funding for capacity to develop a continuous pipeline of affordable housing schemes (aligned to the Local Plan including on brownfield sites, newbuild and Housing First, e.g. the York Central site, and garden villages) for future capital investment, that reflects local need, regional strategic economic clusters and connectivity plans and works collaboratively to ensure the supply of sites for development is accelerated.	E2.1 E2.2	The Local Plan	Affordable and sustainable housing  Transition to a carbon negative region  Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities
Tackling homelessness with Housing First	Expand housing with wraparound support to tackle rough sleeping in a holistic, public health informed and strategic approach to support expanding the supply of 1-bed flats with funding to complement existing resources for a “multi-disciplinary team” overseeing the recovery journey from rough sleeping to independence, operating at scale across the region (including learning from best practice).	C2.1 C2.2	Joint Health and Wellbeing Strategy	Affordable and sustainable housing  Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Affordable keyworker housing	A key priority for the region with recruitment in health, care and education keyworker roles an issue – funding for capacity to develop an innovative and deliverable affordable keyworker housing scheme working with partners and the private sector	E2.1 E2.2 6.8	The Local Plan	Affordable and sustainable housing  Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities  Boosting business and a thriving workforce
Regulatory powers	Funding to develop a case for additional regulatory powers neighbourhood for decarbonising schemes, including rental regulations and appropriate enforcement.	new powers not in Council Plan	Climate Change Strategy The Local Plan	Transition to a carbon negative region  Healthy and thriving communities  Vibrant and sustainable places  Affordable and sustainable housing

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Safe green affordable housing	<p>Funding for council delivered strategic sites to deliver above existing policy in relation to net zero and climate adaptations, safe, green affordable housing, health impacts etc.</p> <p>Funding for developers to bid for to exceed net zero ambitions of developments – i.e., funding the gap between net zero ambition and commercial realities, whilst technology “catches up”</p>	E1.1 E2.2 F1.1 F4.2	Climate Change Strategy The Local Plan	Affordable and sustainable housing  Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities  Boosting business and a thriving workforce
Youth Zones	Funding to develop Youth Zones located in key areas across the region, including Youth Zones in York aligned to the emerging locality model and aligned to the emerging Youth Strategy, creating a dedicated space for young people to build strong connections and pride in the city/place, develop life skills, mental health and wellbeing, and for mentoring / coaching in a safe space.	A4.2 B2.2 B2.4 B4.1	Climate Change Strategy Economic Strategy Joint Health and Wellbeing Strategy Skills Strategy Youth Strategy (emerging)	Healthy and thriving communities  Vibrant and sustainable places  Delivering inclusive economic growth  Increase opportunities for all

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Regional adult learning centre	An Adult learning centre business case to attract future funding - in York, this could be co-located with the Youth Zone, Green Construction Village and Leeman Road accelerators, a comprehensive skills hub that builds regional skills for the key economic sectors.	B2.2 B2.4 B4.1 B4.4 C3.1	Climate Change Strategy Economic Strategy Joint Health and Wellbeing Strategy Skills Strategy Youth Strategy (emerging)	Delivering inclusive economic growth  Increase opportunities for all  Boosting business and a thriving workforce  Healthy and thriving communities
<b>Well-connected economy</b>				
Transport connectivity	Develop the movement and place plan which is key to identifying future transport schemes for mayoral consideration and describes how we will deliver the schemes identified throughout the pipeline  (initial individual schemes to be determined in addition to those listed throughout)	D1.1	Movement and Place Plan	Affordable and sustainable transport  Transition to a carbon negative region  Vibrant and sustainable places  Healthy and thriving communities  Increase opportunities for all

Cultural funding	<p>Funding to achieve the aspirations of York's cultural strategy, including capital investment in York Castle Museum , and to promote York as a national and international destination for sporting events, ensuring support for music, digital creativity (UNESCO City of Media Arts) and creative skills</p> <p>Work with organisations such as the Music Venues Trust to provide match funding (capital) for a 500 capacity venue in the city.</p>		Cultural strategy	<p>Vibrant and sustainable places</p> <p>Healthy and thriving communities</p> <p>Boosting business and a thriving workforce</p> <p>Increase opportunities for all</p>

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Cultural Heritage skills	Funding to build and deliver (with partners) a unique programme bespoke to the region to develop a centre for excellence in cultural heritage skills by drawing on our regional asset and creating pathways, stepping stones and routes into employment (could be located at the regional skills hub, see above), with a focus on connecting cultural heritage strengths with opportunities for people in areas of need.	B4.1  6.3a	Economic Strategy  Skills Strategy  Cultural Strategy	Vibrant and sustainable places  Healthy and thriving communities  Boosting business and a thriving workforce  Increase opportunities for all  Transition to a carbon negative region
Suite of tech accelerators	Funding to develop a business case for a suite of tech accelerators on the York Central site to create tech accelerators in key economic strengths	C2.1  C2.3	Economic Strategy	Deliver inclusive economic growth  Boosting business and a thriving workforce  Increasing opportunities for all

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
<b>Productive and Innovative Economy</b>				
Economic Space for High Growth Sectors	There is a short-term funding ask for capacity to undertake a study into the regional economic potential of assets as strategic employment sites for the region to drive high growth sector employment and investment e.g., bioeconomy and/or creative & digital and how it's position could support a connected relationship with the region. Longer term (subject to business case) there may be a need for future MCA funding to support the strategic acquisition and/or the development of sites.	C2.1	Economic Strategy	<p>Boosting business and a thriving workforce</p> <p>Increase opportunities for all</p> <p>Deliver inclusive economic growth</p> <p>Transition to a carbon negative region</p>

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Green Construction Skills Initiative	<p>With significant economic growth (homes and jobs) planned across York and North Yorkshire, there is an increased need for local construction skills to deliver the strategic sites on the ground. The region's focus upon achieving net zero also creates a new local demand for retrofit skills. Short term revenue capacity funding will allow an initial pilot phase to combine an initial focus on developing training and work experience opportunities, including adult skills development and information provision to groups such as care leavers and council tenants to ensure opportunities are known by all. It will help test and develop a business case for a longer-term York &amp; North Yorkshire approach of working with developers and education providers to increase provision of training and to link such opportunities to the pipeline of developments across the city and wider sub region.</p>	<p>B4.4 C3.1 E3.3</p>	<p>Climate Change Strategy  Economic Strategy  Skills Strategy  The Local Plan</p>	<p>Transition to a carbon negative region  Increase opportunities for all  Boosting business and a thriving workforce  Deliver inclusive economic growth</p>

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
	<p>Develop a green construction skills village to build essential skills that would decarbonise new developments, setting higher standards for strategic sites (throughout the MCA strategic plan, as above) – working closely with partners, to build retrofitting skills for York and North Yorkshire housing stock, across all tenures, offering opportunities as a corporate parent.</p>			

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Business Support	Funding for delivery of business support services across YNY. This is likely to be some capacity centrally to lead on specialist work, complemented by locally based teams at CYC/NYC to deliver business support on the ground with local businesses. Aim to replace UKSPF.	C4.2	Economic Strategy	Boosting business and a thriving workforce  Increase opportunities for all  Healthy and thriving communities
Cultural passports for Young People	Funding to produce a cultural passport for the region's young people (secondary school age) to engage in free cultural opportunities across the region, building support from the sector, including funding for daytrips for schools in areas of need and ensuring access for hard-to-reach groups including York's gypsy and traveller communities, migrants, and home schoolers.	A4.2	Cultural Strategy	Increase opportunities for all  Vibrant and sustainable places  Healthy and thriving communities  Delivering inclusive economic growth
	Develop a proposal to support schools access AONB, nature reserves and other green spaces			

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
UNESCO Heritage City	funding to develop the application/bid for York's UNESCO world heritage bid, as part of a wider strategy of celebrating the region's cultural and heritage strengths identifying the opportunities and benefits to York.		Tourism Strategy	Vibrant and sustainable places Healthy and thriving communities Increase opportunities for all
Green, cultural and Sport prescribing	Funding to coordinate and promote initiatives for access to green space, and sport and culture initiatives delivered by the cultural and heritage sector that are designed to reduce loneliness and alleviate mental health waiting list – including coordinating additional funding to distribute smaller grants to the green, sports and cultural sector – with initiatives designed in response to an agreed outcomes framework as part of the package of early intervention and prevention work.	A5.3 A5.5	Joint Health and Wellbeing Strategy  Cultural Strategy	Healthy and thriving communities Increase opportunities for all Vibrant and sustainable places

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Early Years Training	Supporting standardised early years training as a mechanism of overcoming the shortage of early years staff, working with education providers to overcome barriers including restrictions on funding (including to those not in work) and increase provision of spaces	B2.3	Economic Strategy  Children and Young People Plan  Skills Strategy	Increase opportunities for all  Boosting business and a thriving workforce  Deliver inclusive economic growth  Healthy and thriving communities
VCSE and Social Care sector support	Work with providers to support routes into employment and improve employee retention and skills provision in these sectors	A2.3	Economic Strategy Skills Strategy Joint Health and Wellbeing Strategy	Increase opportunities for all  Boosting business and a thriving workforce  Deliver inclusive economic growth  Healthy and thriving communities

Equalities and accessibility training for staff	Funding for accessibility training for staff at Combined Authority and local authority levels	6.7f		<p>Healthy and thriving communities</p> <p>Increase opportunities for all</p> <p>Vibrant and sustainable places</p>
<b>Guaranteed interviews for care leavers</b>	Support access to opportunities for care leavers through a mechanism similar to the Armed Forces Covenant	<b>6.8</b>		<p>Increase opportunities for all</p> <p>Boosting business and a thriving workforce</p> <p>Deliver inclusive economic growth</p> <p>Healthy and thriving communities</p>

**Annex B: Consolidated List of Scrutiny Amendments**

Project	Amendment from scrutiny (highlighted)	Officer recommendation
<b>Great Places for All</b>		
<b>Our city centre</b>	<p>Ensure that York City Centre is a ‘great place for all’ which fully maximises its economic, <b>social, and cultural</b> potential as the key urban centre in York and North Yorkshire</p> <p>The project will build upon the ‘Our City Centre’ vision agreed by Executive in October <b>2024</b> that sets out a clear set of collaborative ambitions for the future of York City Centre, informed by significant local engagement.</p> <p>Funding is now required to collaboratively prepare an ‘Our City Centre Delivery Strategy’ alongside a specific piece of work to co-produce an our city centre spatial framework. The masterplan will provide the spatial context to the city vision, setting out how different city centre spaces can best be used and developed in the future in order to maximise its effectiveness as an economic, <b>social, and cultural</b> space for all. This work will identify a project pipeline of ‘great places’ capital investment schemes to deliver that spatial masterplan with an early win delivered within the first 12 months.</p> <p>Additional quick win schemes are likely to be scoping at Castle Gateway, followed by other projects such as Parliament Street.</p>	Add to the final pipeline for Leader approval
<b>Smaller centre plans</b>	Funding to develop smaller centre master plans and deliver schemes, working closely with community neighbourhood plans (at Tang Hall, Fishergate, <b>the Groves, York’s villages etc.</b> )	Add to the final pipeline for Leader approval
<b>Healthy places infrastructure</b>	Funding to develop a business case for a healthy places infrastructure plan that would support region wide developments and increases in population based on the JSNA and Local Plan(s), <b>including integrated</b>	Add to the final pipeline for Leader approval to also include

**Annex B: Consolidated List of Scrutiny Amendments**

	localised primary care health centres (particularly in York's villages), GP practices, dental facilities, community health facilities, and an age-friendly infrastructure – with capital funding via S106 and/or commercial / health partners.	Community Infrastructure Levy (CIL) contributions
<b>Air quality</b>	Funding to operate cross-boundary air quality initiatives (determined through feasibility work) at a regional scale, aligning air quality action plans across the whole region, and with interdependencies with neighbouring authorities, to improve air quality to WHO standards (achieving more through the economies of scale).	Add to the final pipeline for Leader approval
<b>Decarbonising and adapting new and existing infrastructure (e)</b>	Funding to retrofit heritage and cultural buildings	Add to the final pipeline for Leader approval
<b>Decarbonising and adapting new and existing infrastructure (f)</b>	Funding to retrofit council housing stock	Add to the final pipeline for Leader approval, noting this would be in addition to funding already available.
<b>Housing</b>		
<b>Housing strategy Y/NY</b>	Funding for capacity to develop a housing strategy (refresh) for York and North Yorkshire that identifies opportunities and considers different “housing” needs for all residents, including gypsy/traveller community, children in care and families/individuals with additional needs, older people's accommodation and support for care leavers (as part of local authority corporate parenting).	Add to the final pipeline for Leader approval, joining up with North Yorkshire to review approach to supporting care leavers
<b>Affordable Homes Growth</b>	Funding for capacity to develop a continuous pipeline of affordable housing schemes (aligned to the Local Plan including on brownfield sites, newbuild and Housing First, e.g., the York Central site, and garden villages) for future capital investment, that reflects local need, regional strategic economic clusters and connectivity plans and work	Add to the final pipeline for Leader approval

**Annex B: Consolidated List of Scrutiny Amendments**

	collaboratively to ensure the supply of sites for development is accelerated.	
<b>Well-connected economy</b>		
<b>Transport connectivity</b>	Develop the movement and place plan which is key to identifying future transport schemes for mayoral consideration and describes how we will deliver the schemes identified throughout the pipeline.  (Initial individual schemes to be determined in addition to those listed throughout)	Add to the final pipeline for Leader approval
	Undertake a review of 'shovel ready schemes' that the Mayor and Combined Authority can support through funding provision	Add to the final pipeline for Leader approval
	Ensure key transport infrastructure is maintained	Add to the final pipeline for Leader approval
<b>Sustainable transport</b>	Funding for infrastructure of sustainable and active travel routes at strategic Local plan sites including ST15, ST14, ST7 – to cover costs if developers are not prepared to fund to CYC standards	Add to the final pipeline for Leader approval noting to keep the proposal broad enough to include any development – without mitigating developer's own responsibilities funded through Section 106 / CIL
	Funding to develop a comprehensive network improvement strategy (deliver movement and place plan) including on-road cycle priority schemes (rebuilding junctions, underpasses etc), improve footways, lengthen footways, narrow junctions, etc. seeking to align work at a regional level to connect York, towns, villages and other areas across the region	Add to the final pipeline for Leader approval
	Funding to develop cycling and active travel connectivity between York and North Yorkshire with enhanced provision of cycle storage	Add to the final pipeline for Leader approval
<b>Public transport enhancements</b>	Explore bus franchising as a mechanism for connecting people in remote or currently underserved areas through public transport	Add to the final pipeline for Leader approval noting bus franchising is already a

**Annex B: Consolidated List of Scrutiny Amendments**

	provision to enable economic, social and cultural opportunity working as a regional level	mayoral opportunity for further discussion
	Funding to develop a business case for MCA revenue supported bus improvements for example accessibility of network including to York College and villages around York, reduced-price fares, franchising, integrated ticketing etc.  In addition to support for other community transport offers including provision of e-scooters, dial and rides services, and an EV shuttle bus around the city centre whilst working to improve access routes to public transport.	Add to the final pipeline for Leader approval to include a reference to rail improvements and noting MIMA independent access consultants have recently consulted the disabled community in York and there was no support expressed for the shuttle bus, any further provision for disabled residents must include consultation.
	Explore options to establish York as a hub for regional transport with greater connectivity of transport	Add to the final pipeline for Leader approval
<b>E-Charging</b>	Funding for increased infrastructure, car parks, Askham Bar park and ride (and hyper hub match funding) and exploring solutions for terraced housing streets (also activating net zero bids)	Add to the final pipeline for Leader approval
<b>Rail</b>	Support work that feeds into the wider Transport for the North strategy ensuring York's connectivity forms part of the network priorities for the wider region	Add to the final pipeline for Leader approval
<b>Strategic road capital upgrades</b>	Whilst ensuring developer contributions, work to deliver:  Full dualling of York outer ring road including <ul style="list-style-type: none"> <li>· A1237 dualling stage 1 (A19 to Hopgrove) overspend (inflationary variation)</li> <li>· A1237 dualling phase 2 (A59-19) capital</li> <li>· A64 upgrading at A19/A64 Fulford junction including enhanced public transport prioritisation</li> </ul>	Add to the final pipeline for Leader approval noting this does not mitigate developers own CIL or S106 contributions
<b>Homes to school transport</b>	Funding for the provision of SEND transport	Add to the final pipeline for Leader approval

**Annex B: Consolidated List of Scrutiny Amendments**

<b>Park and Ride</b>	<b>Late night opening for Park and Ride services</b>	Add to the final pipeline for Leader approval noting discussions are already underway at a local level to review park and ride opening times
<b>Disabled parking at cultural assets</b>	<b>Support provision of disabled parking at cultural venues and trip attractors</b>	Add to the final pipeline for Leader approval
<b>Digital connectivity</b>	Funding for a NY Digital Connectivity offer (similar to WYCA) connecting businesses and communities to digital opportunity across York and North Yorkshire – developing strategy to attract private sector and Whitehall funding and support early intervention and prevention across care sector and housing, preparing high streets for the changing landscape.  <b>Support for fibre roll out across city centre to address coverage gaps and implement data hot spots for high density, high deprivation areas to support those on low incomes who may otherwise run out of data (i.e., for work)</b>	Add to the final pipeline for Leader approval noting digital roll out is a mayoral responsibility
<b>International relationships</b>	Build international relationships, drawing on York’s relationship with ambassadors, twinning arrangements ( <b>including utilisation of the student networks with York’s twin cities</b> ) and others to further the region’s global impact <b>utilising our assets including the Lord Mayor</b>	Add to the final pipeline for Leader approval noting it is for the mayor to develop relationships with the Lord Mayor. CYC is no longer able to fund international visits on behalf of the Lord Mayor.
<b>Tourism and Cultural Offer</b>	Develop a <b>Yorkshire (and neighbours)</b> tourism and cultural offer that attracts tourists to move between the areas, to complement and promote destinations as attractors	Add to the final pipeline for Leader approval
<b>Cultural funding</b>	<b>Funding to achieve the aspirations of York's cultural strategy, including capital investment in York Castle Museum, and to promote York as a national and international destination for sporting events, ensuring</b>	Add to the final pipeline for Leader approval, noting North Yorkshire Council has been

**Annex B: Consolidated List of Scrutiny Amendments**

	<p>support for music, digital creativity (UNESCO City of Media Arts) and creative skills.</p> <p>Work with organisations such as the Music Venues Trust to provide match funding (capital) for a 500-capacity venue in the city.</p>	<p>tasked with developing a shared overarching Cultural Strategy across the region that will sit above York’s strategy which concludes in 2025</p>
<b>Productive and Innovative Economy</b>		
<b>Green construction skills initiative</b>	<p>With significant economic growth (homes and jobs) planned across York and North Yorkshire, there is an increased need for local construction skills to deliver the strategic sites on the ground. The region’s focus upon achieving net zero also creates a new local demand for retrofit skills. Short term revenue capacity funding will allow an initial pilot phase to combine an initial focus on developing training and work experience opportunities, including adult skills development and information provision to groups such as care leavers and council tenants to ensure opportunities are known by all. It will help test and develop a business case for a longer-term York &amp; North Yorkshire approach of working with developers and education providers to increase provision of training and to link such opportunities to the pipeline of developments across the city and wider sub region.</p> <p>Develop a green construction skills village to build essential skills that would decarbonise new developments, setting higher standards for strategic sites (throughout the MCA strategic plan, as above) – working closely with partners, to build retrofitting skills for York and North Yorkshire housing stock, across all tenures, offering opportunities as a corporate parent.</p>	<p>Add to the final pipeline for Leader approval, joining up the approach with North Yorkshire Council about how to best support care leavers</p>
<b>Cultural passports for young people</b>	<p>Funding to produce a cultural passport for the region’s young people (secondary school age) to engage in free cultural opportunities across</p>	<p>Add to the final pipeline for Leader approval</p>

## Annex B: Consolidated List of Scrutiny Amendments

	the region, building support from the sector, including funding for daytrips for schools in areas of need and ensuring access for hard-to-reach groups including York's gypsy and traveller communities, migrants, and home schoolers.	
<b>Early Years Training</b>	Supporting standardised early years training as a mechanism of overcoming the shortage of early years staff, working with education providers to overcome barriers including restrictions on funding (including to those not in work) and increase provision of spaces	Add to the final pipeline for Leader approval
<b>VCSE and Social Care sector support</b>	Work with providers to support routes into employment and improve employee retention and skills provision in these sectors	Add to the final pipeline for Leader approval

	Mayor and Lord Mayor whilst noting the Council is no longer able to fund international visits on behalf of the Lord Mayor			
Tourism and Cultural offer	Develop a Yorkshire (and neighbours) tourism and cultural offer that attracts tourists to move between the areas, to complement and promote destinations as attractors	B4.1 6.3a	Economic Strategy Cultural Strategy	Vibrant and sustainable places  Increase opportunities for all  Deliver inclusive economic growth  Boosting business and a thriving workforce

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Cultural funding	<p>Funding to achieve the aspirations of York's cultural strategy (noting North Yorkshire Council has been tasked with developing a shared overarching Cultural Strategy across the region that will sit above York's strategy which concludes in 2025), including capital investment in York Castle Museum , and to promote York as a national and international destination for sporting events, ensuring support for music, digital creativity (UNESCO City of Media Arts) and creative skills</p> <p>Work with organisations such as the Music Venues Trust to provide match funding (capital) for a 500 capacity venue in the city.</p>		Cultural strategy	<p>Vibrant and sustainable places</p> <p>Healthy and thriving communities</p> <p>Boosting business and a thriving workforce</p> <p>Increase opportunities for all</p>

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Cultural Heritage skills	Funding to build and deliver (with partners) a unique programme bespoke to the region to develop a centre for excellence in cultural heritage skills by drawing on our regional asset and creating pathways, stepping stones and routes into employment (could be located at the regional skills hub, see above), with a focus on connecting cultural heritage strengths with opportunities for people in areas of need.	B4.1 6.3a	Economic Strategy Skills Strategy Cultural Strategy	Vibrant and sustainable places  Healthy and thriving communities  Boosting business and a thriving workforce  Increase opportunities for all  Transition to a carbon negative region
Suite of tech accelerators	Funding to develop a business case for a suite of tech accelerators on the York Central site to create tech accelerators in key economic strengths	C2.1 C2.3	Economic Strategy	Deliver inclusive economic growth  Boosting business and a thriving workforce  Increasing opportunities for all

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
<b>Productive and Innovative Economy</b>				
Economic Space for High Growth Sectors	There is a short-term funding ask for capacity to undertake a study into the regional economic potential of assets as strategic employment sites for the region to drive high growth sector employment and investment e.g., bioeconomy and/or creative & digital and how it's position could support a connected relationship with the region. Longer term (subject to business case) there may be a need for future MCA funding to support the strategic acquisition and/or the development of sites.	C2.1	Economic Strategy	<p>Boosting business and a thriving workforce</p> <p>Increase opportunities for all</p> <p>Deliver inclusive economic growth</p> <p>Transition to a carbon negative region</p>

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Green Construction Skills Initiative	With significant economic growth (homes and jobs) planned across York and North Yorkshire, there is an increased need for local construction skills to deliver the strategic sites on the ground. The region's focus upon achieving net zero also creates a new local demand for retrofit skills. Short term revenue capacity funding will allow an initial pilot phase to combine an initial focus on developing training and work experience opportunities, including adult skills development and information provision to groups such as care leavers (joining up with the approach of North Yorkshire Council on how best to support care leavers) and council tenants to ensure opportunities are known by all. It will help test and develop a business case for a longer-term York & North Yorkshire approach of working with developers and education providers to increase provision of training and to	B4.4 C3.1 E3.3	Climate Change Strategy  Economic Strategy  Skills Strategy  The Local Plan	Transition to a carbon negative region  Increase opportunities for all  Boosting business and a thriving workforce  Deliver inclusive economic growth

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
	<p>link such opportunities to the pipeline of developments across the city and wider sub region.</p> <p>Develop a green construction skills village to build essential skills that would decarbonise new developments, setting higher standards for strategic sites (throughout the MCA strategic plan, as above) – working closely with partners, to build retrofitting skills for York and North Yorkshire housing stock, across all tenures, offering opportunities as a corporate parent.</p>			

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
Business Support	Funding for delivery of business support services across YNY. This is likely to be some capacity centrally to lead on specialist work, complemented by locally based teams at CYC/NYC to deliver business support on the ground with local businesses. Aim to replace UKSPF.	C4.2	Economic Strategy	<p>Boosting business and a thriving workforce</p> <p>Increase opportunities for all</p> <p>Healthy and thriving communities</p>
Cultural passports for Young People	Funding to produce a cultural passport for the region's young people (secondary school age) to engage in free cultural opportunities across the region, building support from the sector, including funding for day-trips for schools in areas of need and ensuring access for hard to reach groups including York's gypsy and traveller communities, migrants, and home schoolers.	A4.2	Cultural Strategy	<p>Increase opportunities for all</p> <p>Vibrant and sustainable places</p> <p>Healthy and thriving communities</p> <p>Delivering inclusive economic growth</p>
	Develop a proposal to support schools access AONB, nature reserves and other green spaces			

CYC project	CYC project description	Council Plan actions	York strategies	New YNYCA framework (for approval July 2024)
UNESCO Heritage City	funding to develop the application/bid for York's UNESCO world heritage bid, as part of a wider strategy of celebrating the region's cultural and heritage strengths identifying the opportunities and benefits to York.		Tourism Strategy	<p>Vibrant and sustainable places</p> <p>Healthy and thriving communities</p> <p>Increase opportunities for all</p>
Green, cultural and Sport prescribing	Funding to coordinate and promote initiatives for access to green space, and sport and culture initiatives delivered by the cultural and heritage sector that are designed to reduce loneliness and alleviate mental health waiting list – including coordinating additional funding to distribute smaller grants to the green, sports and cultural sector – with initiatives designed in response to an agreed outcomes framework as part of the package of early intervention and prevention work.
