A Member noted that at her school, more girls than boys took RE and Maxine Squire noted that it would be useful to see the difference in take up at faith schools with sixth forms and other sixth form colleges. Members noted that it would be interesting to see if there was a three year trend in results.

A Member noted that at their school there was two girls and four boys doing RE and Philosophy A Level and he explained how students were encouraged to take up the A Level through taster sessions. He noted that the GCSE and A Level were completely different courses. A Member noted her son attended a school where the GCSE was not compulsory.

She detailed examples of good practice in secondary schools and noted that the Agreed Syllabus helped with the delivery of RE. She noted secondary schools priorities for development.

From the results of the school survey, Maxine Squire asked Members to consider the SACRE development plan. The Chair suggested that Members focus first on what schools were doing, and then the development plan. A Member was encouraged by the results of the school survey and the mix of schools that had responded and noted that he would encourage different groups to visit schools. Regarding the results, a Member noted that it was useful to have in depth answers. A Member advised that York Interfaith did not see schools approaching them and she added that they would be visiting Woldgate School in Pocklington. Members gave different examples of contact from schools.
