EXECUTIVE FORWARD PLAN

What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at www.york.gov.uk

What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
 - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
 - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

What information does the Forward Plan contain?

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

If I have a query about an entry on the Forward Plan, who do I contact?

Wherever possible, full contact details are listed in the individual entries in the Forward Plan. If you are unsure how to make contact or have any general enquiries about the Forward Plan, please ring Democratic Services on Tel No. 01904 551031

Process: In August 2013 the Department of Health issued Guidance for Local Authorities 'Sexual Health Services: Principles for Cross Charging' to 'provide further information and recommend key principles for local authorities and their advisers to consider.'

In 2013 members of the regional Yorkshire and Humber Sexual Health Commissioning Forum had contacted the Department of Health to request further clarity relating to cross charging. The Department of Health responded to say that they had no plans to issue further guidance and that authorities should find local solutions.

At a Regional Sexual Health Commissioners meeting all regional commissioners agreed to adopt a region wide approach to cross charging as this will encourage a consistent, equitable, fair and transparent approach to cross-charging and billing for out of area service users from both a commissioning and provider perspective.

The Association of Directors of Public Health for Yorkshire and Humber agreed that all Local Authorities in the region will adopt the following principles:

1. Authorities will only pay for invoices for GUM activity within the national tariff cost envelope (the tariff currently in force is the 2014/15 tariff)
2. Authorities will not reimburse invoices for contraception activity
3. Authorities will not pay charges for market forces factor (MFF)
4. Before making payment invoices and supporting data will clearly provide all the required information.

Reason Key: A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan

area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

Process: The Health and Social Care Act (2012) outlined new statutory responsibilities to local authorities (LA) for the health of their populations. From the 1st April 2013 City of York Council assumed key responsibilities across the three domains of public health – health improvement, health protection and healthcare. Some elements of the treatment of problematic alcohol and drug users at this time became the responsibility of City of York Council. In York this responsibility is managed within the public health team governed by the Director of Public Health. The key elements of responsibility are set out in the government's alcohol and drug strategies and within the statutory responsibilities of the public health provision within local authorities. Some elements of the provision of alcohol and illicit drug treatment are statutory, alongside the required outcome set out in PHOF2.15. This requires local authorities to report on their achievement of providing services which enable customers to sustain abstinence from substance misuse post treatment..

The service provision of alcohol and illicit drug treatment is subject to regular consultation in a variety of ways. For the purposes of re-commissioning the following has taken place:

1. A time limited alcohol and Illicit drugs commission steering group formulated. This includes key partners and provides a forum for ongoing consultation leading up to procurement.
2. Service recipients and their families have been given opportunities to formally engage with the PH commissioning group.
3. Previous service recipients have been consulted in a series of forum events across the year.
4. Clinical practitioners have been engaged through the CCG
5. Partners and co-commissioners such as the OPCC and CCG have been formally engaged in a series of meetings to explore opportunities and thoughts on the format for re-commissioning.
6. Industry experts were consulted formally to assess the potential model for re-commissioning
7. Academic specialists were consulted and key academic research was searched to inform thinking.
8. Academic evaluation took place to inform the evaluation of the

current models and to highlight areas of improvement.

Implications

Level of Risk:

Reason Key: A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made

as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.
