# EXECUTIVE FORWARD PLAN

## What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at [www.york.gov.uk](http://www.york.gov.uk)

## What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

## What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
  - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
  - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

---

## **What information does the Forward Plan contain?**

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

## FORWARD PLAN ITEM

**Meeting:** Executive

**Meeting Date:** 22/10/20

**Item Type:** Executive Decision - a 'Key Issue' - decision with significant effects on communities

**Title of Report:** Review of the Council's Statement of Community Involvement

**Description:** Purpose of the Report: To consult Members on a review of the Council's Statement of Community Involvement (SCI).

The Statement of Community Involvement (SCI) sets out the Council's proposals for how the community will be involved in the production and consultation of planning documents and planning applications. A review of the published document is required to ensure the approach is up-to-date and takes account of the current restrictions/considerations resulting from the current health pandemic. National Planning Practice Guidance encourages that authorities undertake a review and update the policies where necessary so that plan-making can continue under the current health pandemic.

The Executive will be asked to approve the changes proposed to the Statement of Community Involvement to ensure appropriate future community consultation and engagement can continue to be undertaken in relation to development plan documents and planning applications. The Executive will also be asked to approve delegated authority to the Corporate Director of Economy and Place in conjunction with the Executive Member for Economy and Strategic Planning for any necessary future modifications required in the context of the current health pandemic.

**Lead Member:** Executive Member for Economy and Strategic Planning

### Implications

**Level of Risk:** 04-08 Regular monitoring required      **Reason Key:** It is significant in terms of its effect on communities

### Making Representations:

**Process:** The preparation of a Statement of Community Involvement (SCI) is a legal requirement as required under the provisions of the Planning and Compulsory Purchase Act (2004). An SCI was

submitted to the Secretary of State and subsequently adopted by the Council following extensive public engagement in 2007. Officers have ensured that consultations since adoption have conformed to the published SCI to be legally compliant. National Planning Practice Guidance states that “There is no requirement in legislation for local planning authorities to consult when reviewing and updating their Statement of Community Involvement, although it is good practice for authorities to inform the public of their intentions to update this document and of the changes that have been made.”. On this basis it will be recommended that the updated SCI is published on the Council’s website with a supporting statement outlining the updates in context to the current health pandemic. It is also intended that the report will be submitted to the Local Plan Examination and circulated for information to Neighbourhood Forums currently progressing Neighbourhood Plans.
