

Dear Sir/Madam

Please find attached a petition which has been signed by a number of residents in the Rawcliffe area. We have felt the need to take this course of action after a number of other attempts to elicit change with this issue have not led to any action.

We have telephoned the police, liaised and fully co operated with the community safety officers, attended one council ward meeting and attended two parish meetings. Whilst the police have been as far as possible helpful and sympathetic to our needs, we cannot say the same response has been forthcoming from the council representatives which we have encountered.

At the latest parish council meeting normally only attended by parish council members, due to the strength of feeling on this issue, the meeting was attended by over 40 residents. All of whom were expressing feelings of distress and concern about the anti social behaviour in our area, most of which centres around the skateboard park and recreation ground at Rawcliffe grange

At the meeting residents provided a number of suggestions of how these issues could be resolved which included removing the skateboard park, locking the recreation area, arranging a meeting between Barratts, the council and the police a mosquito alarm and CCTV fitted. Instead of such suggestions being listened to, and ideas offered to us about how to achieve some or all of these, we instead were greeted with silence or reasons for why such things should happen.

This is despite the fact that at least one child has been injured whilst playing in one of these areas, due to the amount of broken glass being found in play areas. There are also now young people climbing over high fencing at the skateboard park to gain entry above a concrete floor.

We are also aware that there are funds within partnership agencies in York which are provided to deal with antisocial behaviour, and therefore could be used to help address this issue.

So again we are offering this petition to you to demonstrate the strength of feeling in this area, and yet again simply asking how can this be resolved with support from the council.

Many thanks

Mrs. Tina Fernie

Petition to Stop the Anti Social Behaviour in Rawcliffe

Petition summary and background

Area(s) affected by the petition

For some time there has been an increase in anti-social behaviour in the rawcliffe area. This has mainly focused around two areas: the newly installed skateboard park at Rawcliffe grange and the closely positioned recreation area. The problems that have been caused range from verbal abuse late at night and in the early hours of the morning, consumption of alcohol by under 18's to broken glass in areas where children play and motor vehicles regularly driving at speed along pavements.

We, the undersigned, are concerned citizens who urge our leaders to act now to:

- Lock up the recreation area at night
- Remove the skateboard park
- Increase policing in this area
