23. Yorwaste Ltd Finance Update (4:32 pm)

Members considered a report from Yorwaste that provided a trading update for the 2022/23 financial year, as well as the Business Plan for 2023/24.

The Managing Director of Yorwaste provided a general overview, where it was noted that:

- A Five Star Health & Safety Audit rating had been achieved, which complimented the Company's recent Investors in People accreditation and demonstrated

Yorwaste's commitment to the health, safety and wellbeing of its employees.

- The Company's cash position was strong, and a full year profit, in line with budget target, was expected to be delivered.
- The fire in the recycling facility of the Harewood Whin site was potentially caused by a lithium battery and was largely contained to the picking line extension. The Company had contingencies in place, and service continuity was maintained.
- An information governance audit had been undertaken by Veritau. Whilst the Company was broadly compliant, the audit identified a number of areas where current informal processes could be improved, and the improvements would be implemented over the coming months.
- Yorwaste had continued to attract a zero Compliance Assessment Report Score (CARS) from the Environment Agency.

Members noted the following strategic priorities to support the 2023/24 Business Plan:

- Continued focus on health & safety.
- Ongoing optimisation of the current business both in terms of operating costs and commercial customer base.
- Development of a business case for solar on closed landfill sites to help deliver the shareholders Net Zero vision.
- Supporting shareholder needs under the Governments Resource and Waste Strategy policy.

In answer to questions raised regarding the fire, the importance to separate batteries from household waste was discussed and additional communications and monitoring, to ensure more robust fire safety within this area, was welcomed.

The continued progress to install solar panels on closed landfill sites was appreciated, and Members recognised the successes achieved. They commended the Managing Director and his team for their hard work and commitment.

24. Veritau Limited Business Update (4:44 pm)

Members considered a report that provided an update on Veritau's finance and performance to date.

The Chief Executive of Veritau provided an overview and confirmed that:

- New contracts to provide internal audit and data protection services to schools and other public sector organisations had continued to be achieved.
- Staff were supported to gain professional qualifications and relevant experience, to progress within the business.
- Transfer of Undertakings (Protection of Employment regulations) (TUPE) consultation meetings were underway with the six employees who were transferring from Harrogate Borough Council and Craven District Council to Veritau Limited, and with those employees who were transferring from Veritau North Yorkshire Limited (VNY) to Veritau Limited.
- As a result of local government reorganisation in North Yorkshire, the shares held by the five district and borough councils would transfer to the new North Yorkshire Council (NYC) on 1 April 2023. Veritau Limited was proposing to purchase some shares from NYC shortly after the date of transfer, meaning that VNY would then become a wholly owned subsidiary of Veritau Limited. The purchase of these shares was however a reserved matter in Veritau Limited's Shareholder agreement and required the unanimous agreement of both NYC and City of York Council.

Members recognised that purchasing the shares from NYC had a number of advantages, and the Group's commitment to ensuring the business was delivering in an environmentally sustainable manner was commended by Members.

The Chief Executive and his staff were thanked for delivering shareholder value and their continued hard work was also commended.

Included in the report was an update of financial and non-financial performance for the trading period April to December 2022, with a financial forecast for the end of the financial year. - City of York Council (CYC) bookings for new agency staff had reduced over the last six months, in line with the council's efforts to reduce agency spend and tighten authorisation, as a result overall revenue had fallen against budget.
- WorkwithSchools (WwS) had maintained a high number of clients.
- The Company's newest brand WorkwithYorkshire had a stop-start year but the newly appointed Business Development Manager had already begun to grow the business.
- The Company's website was being refreshed with a clearer design and cleaner navigation, and online application forms were also being rolled out.
- The Company continued to investigate potential acquisition opportunities, particularly to strengthen the WorkwithYorkshire and/or WorkwithSchools offerings.
- Their current contract with CYC ended on 31 August 2023. Ahead of renewal, a draft contract had been sent to the council for consideration.

- The final budget for 2023/24 had not been put before the Board of Directors, though discussions had taken place regarding the matters to take into consideration in setting the budget, and this approval would take place at the next Board meeting on 24 March 2023.
