

Regeneration Proposals at Walmgate

Willow House and South Walmgate

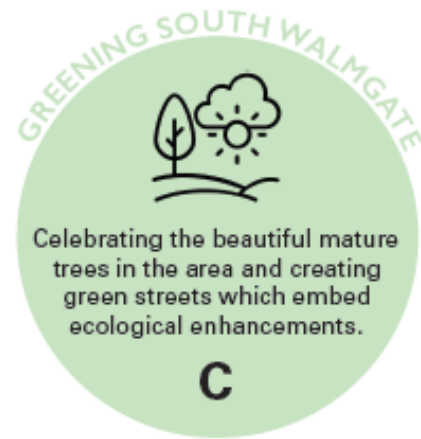

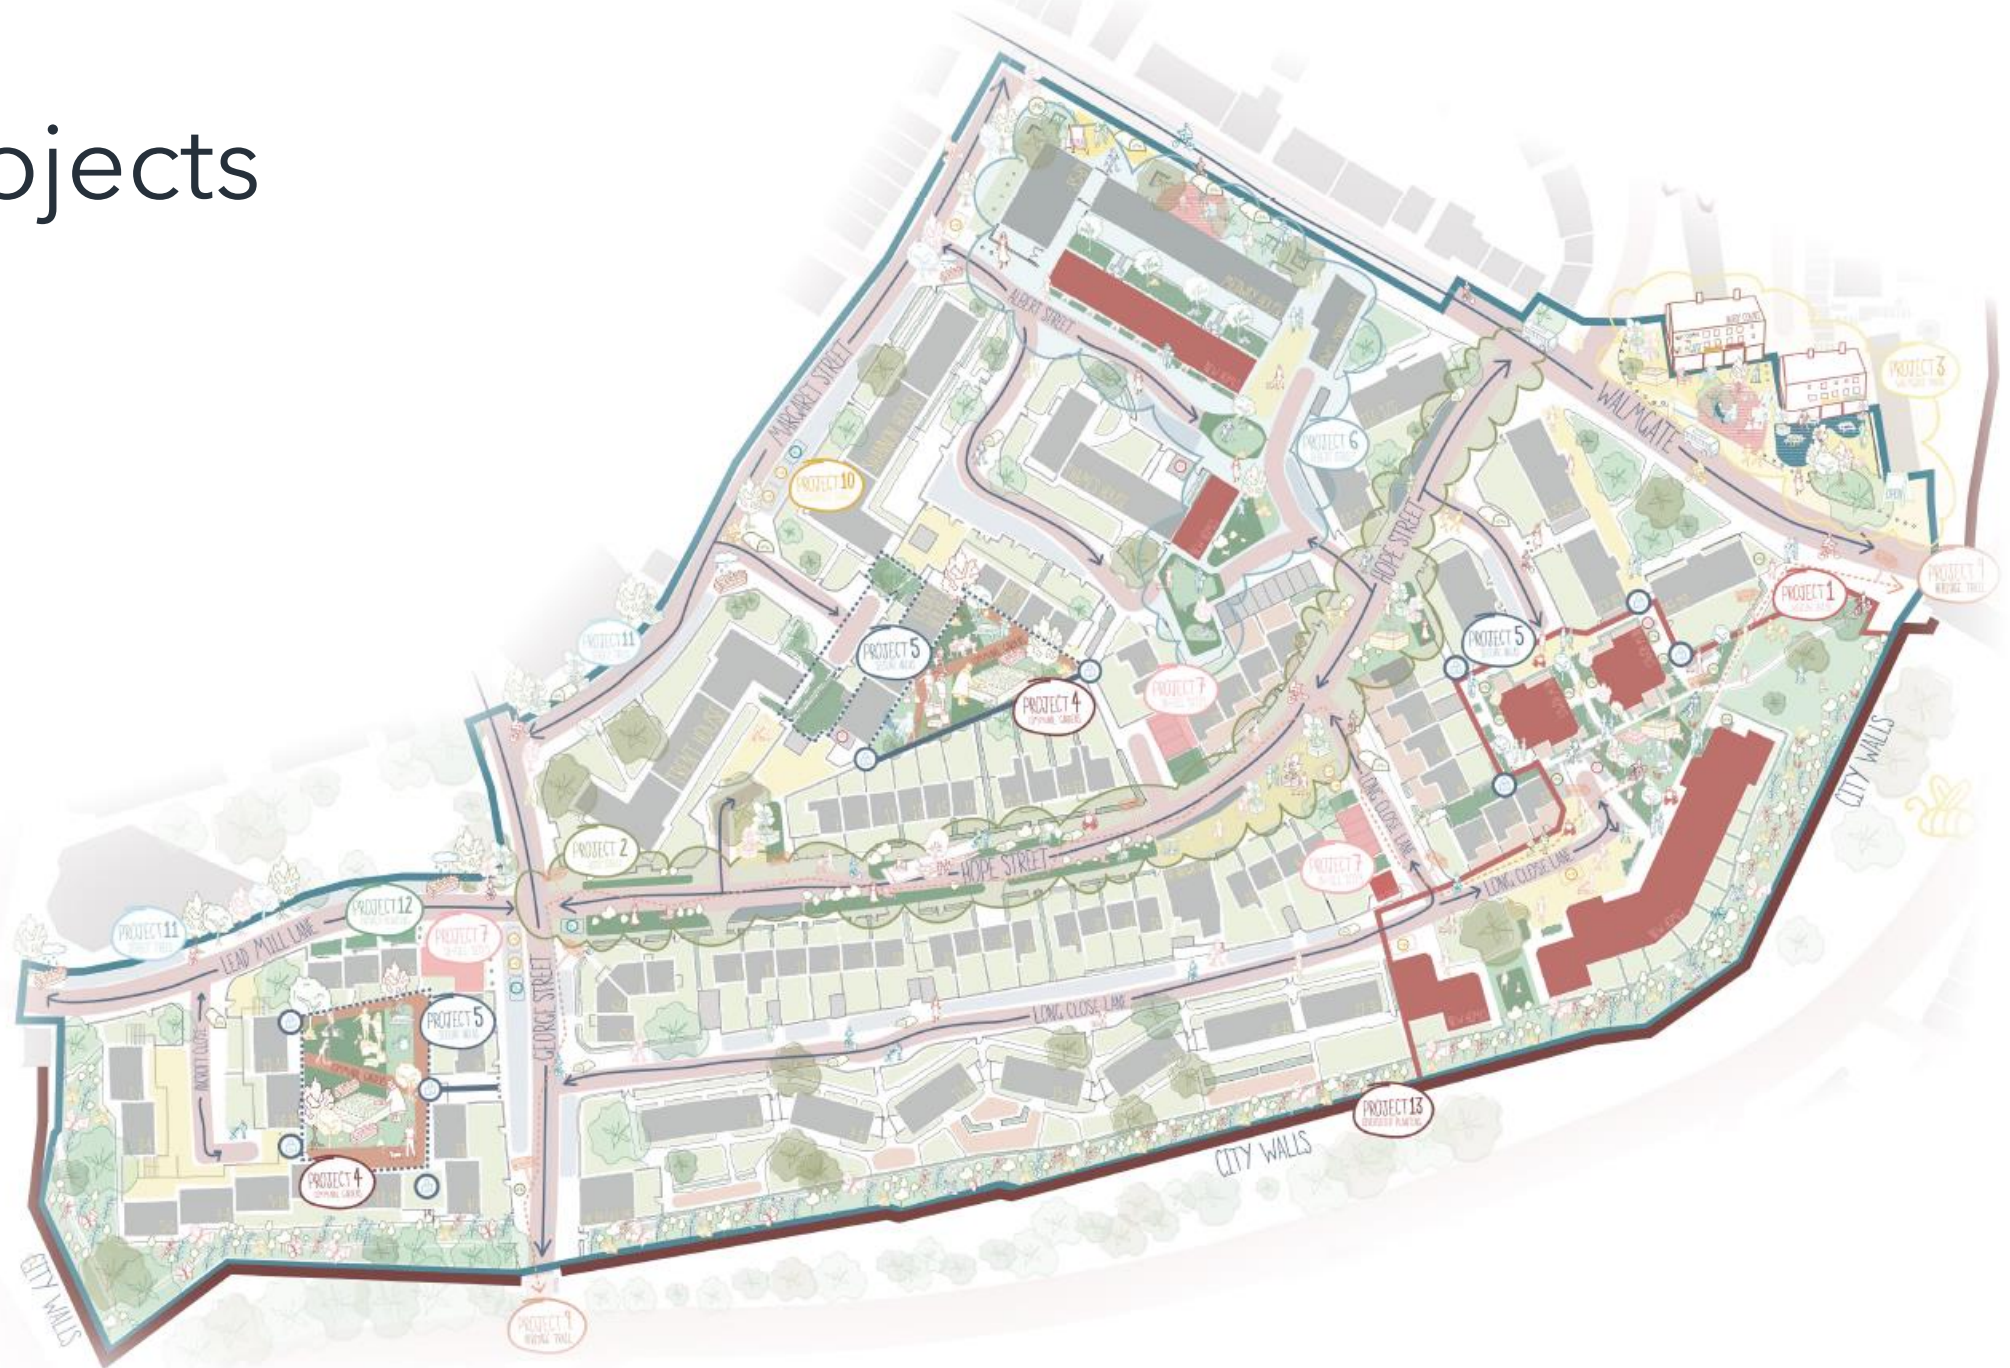

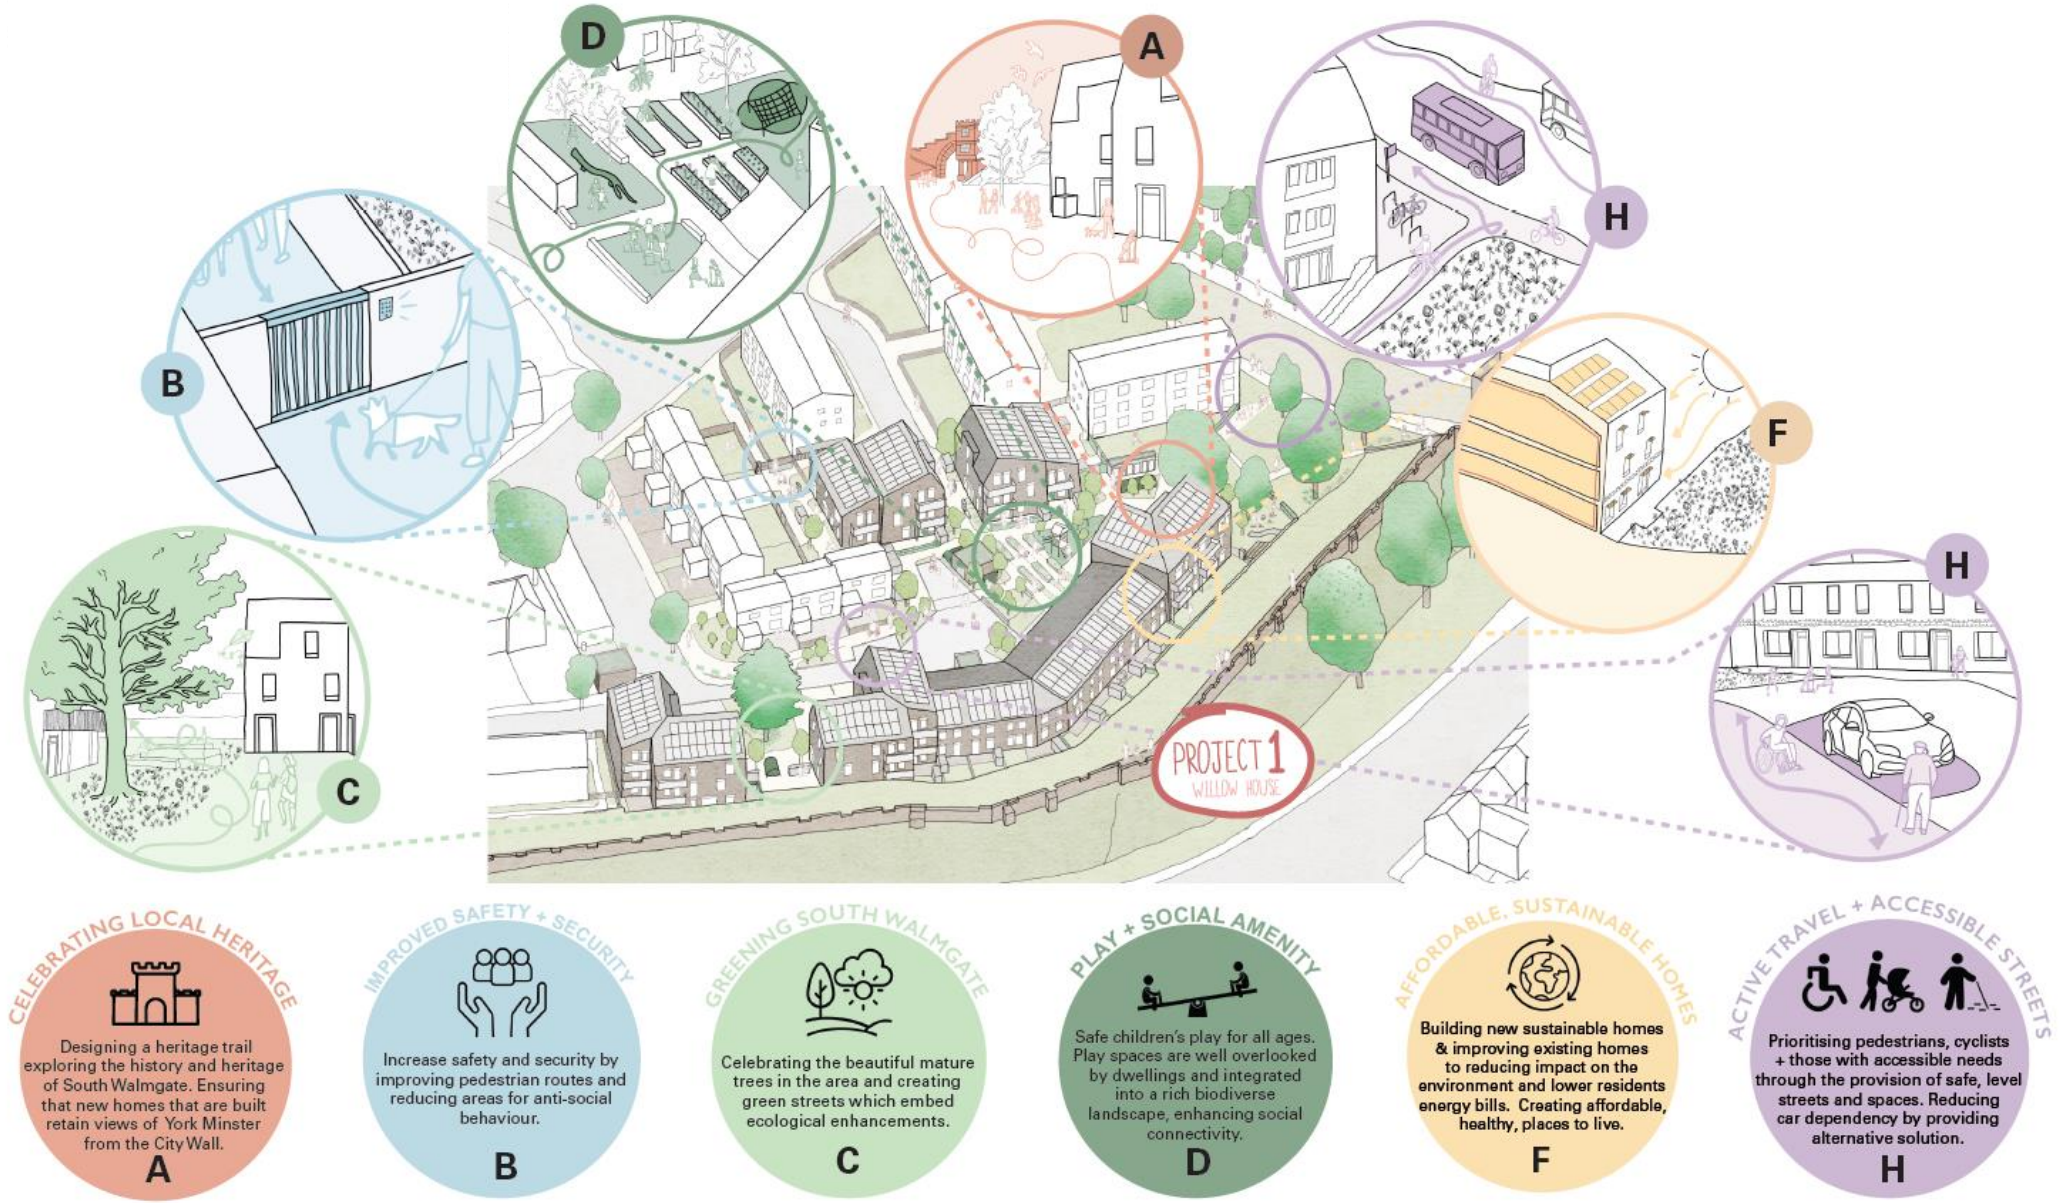

Walmgate and South Walmgate

Themes

Projects

1 Willow House

1 Willow House

It would be nice to have more colour, something on the buildings so people say 'have you seen what's happened to Walmgate'.

If someone in a wheelchair needs something from the shop, they have to knock on the door, a member of staff will then ask them what they need and will do the shopping for them.

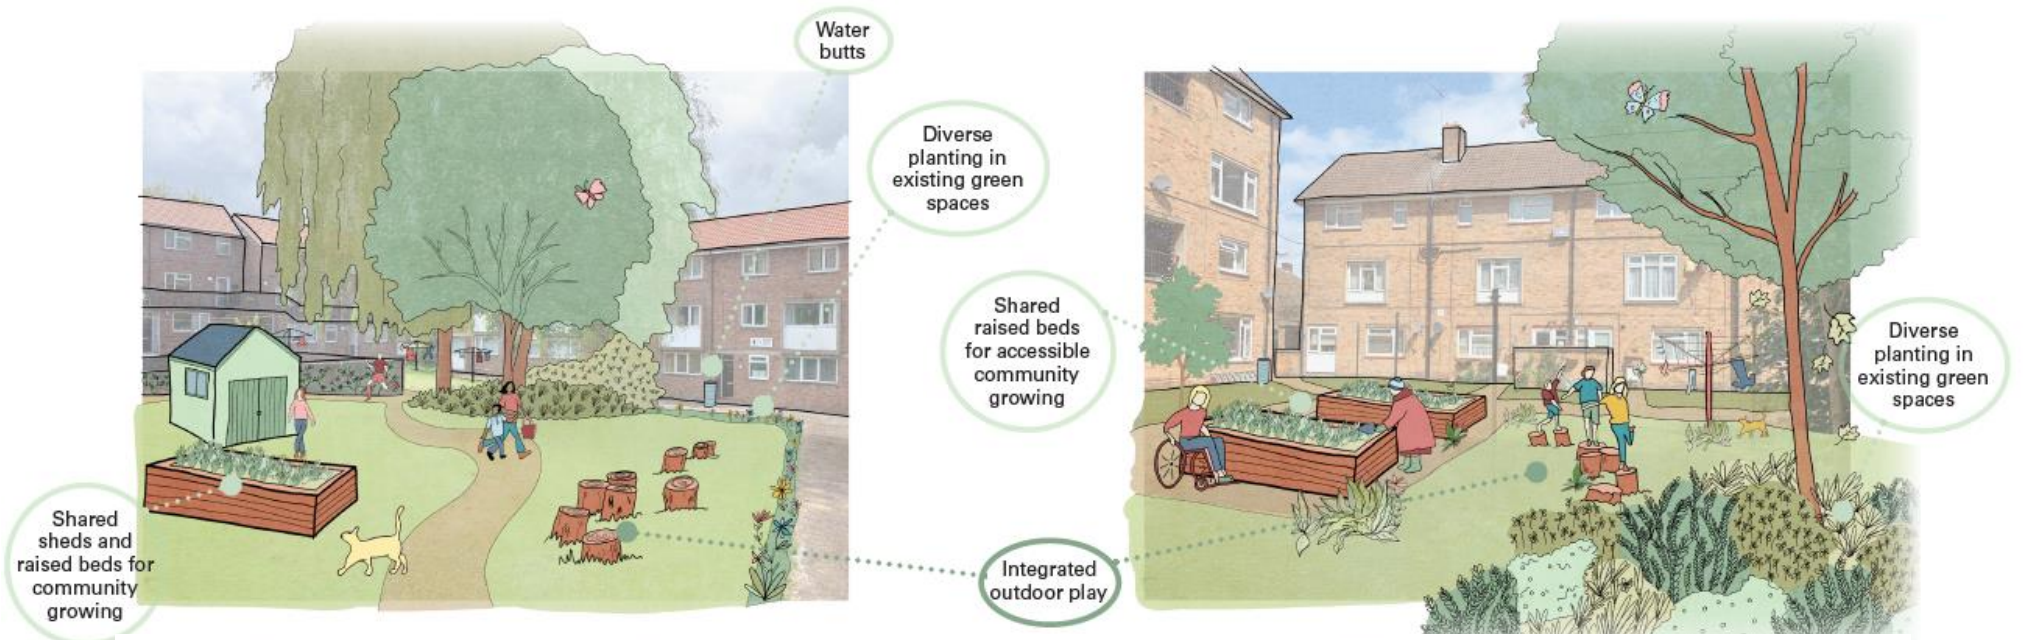

2 Walmgate Parade

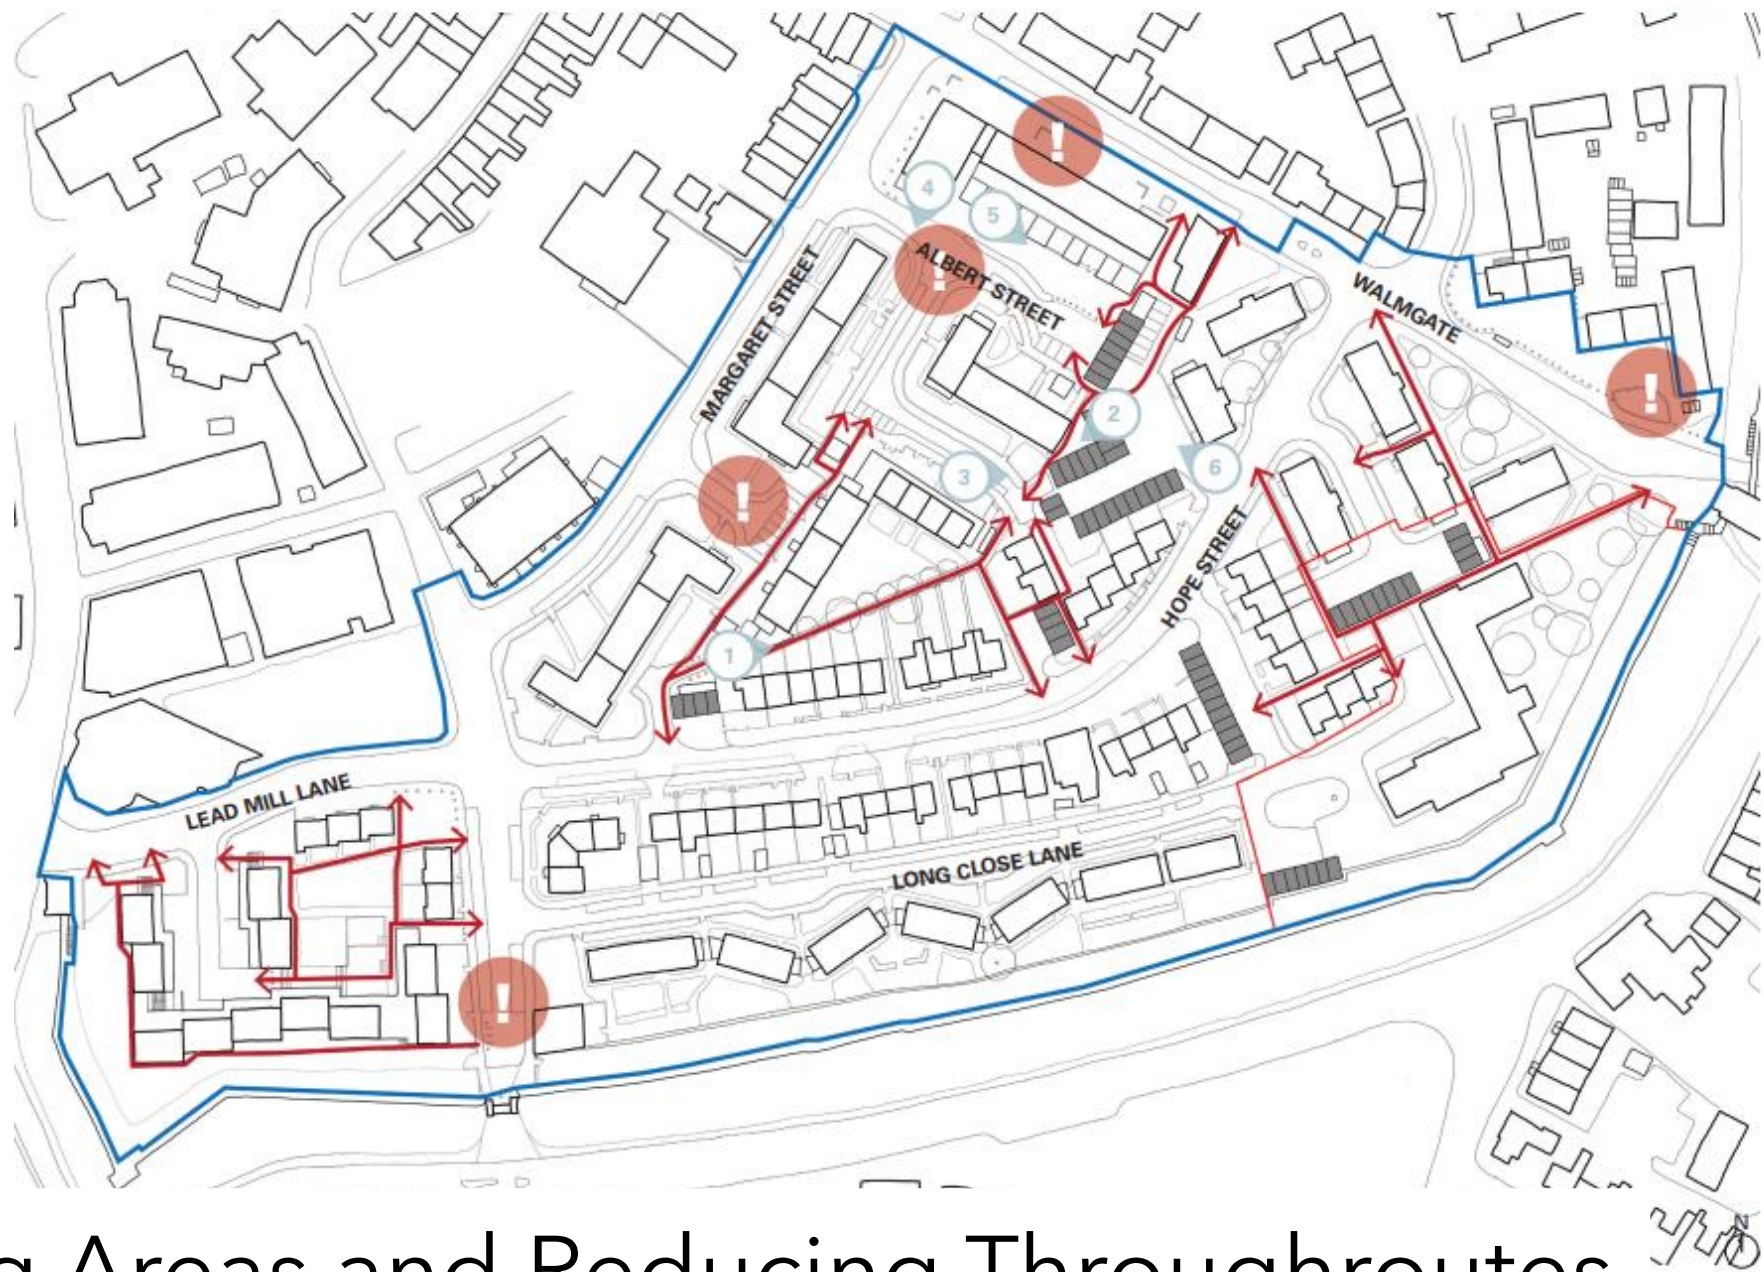

3 Hope Street

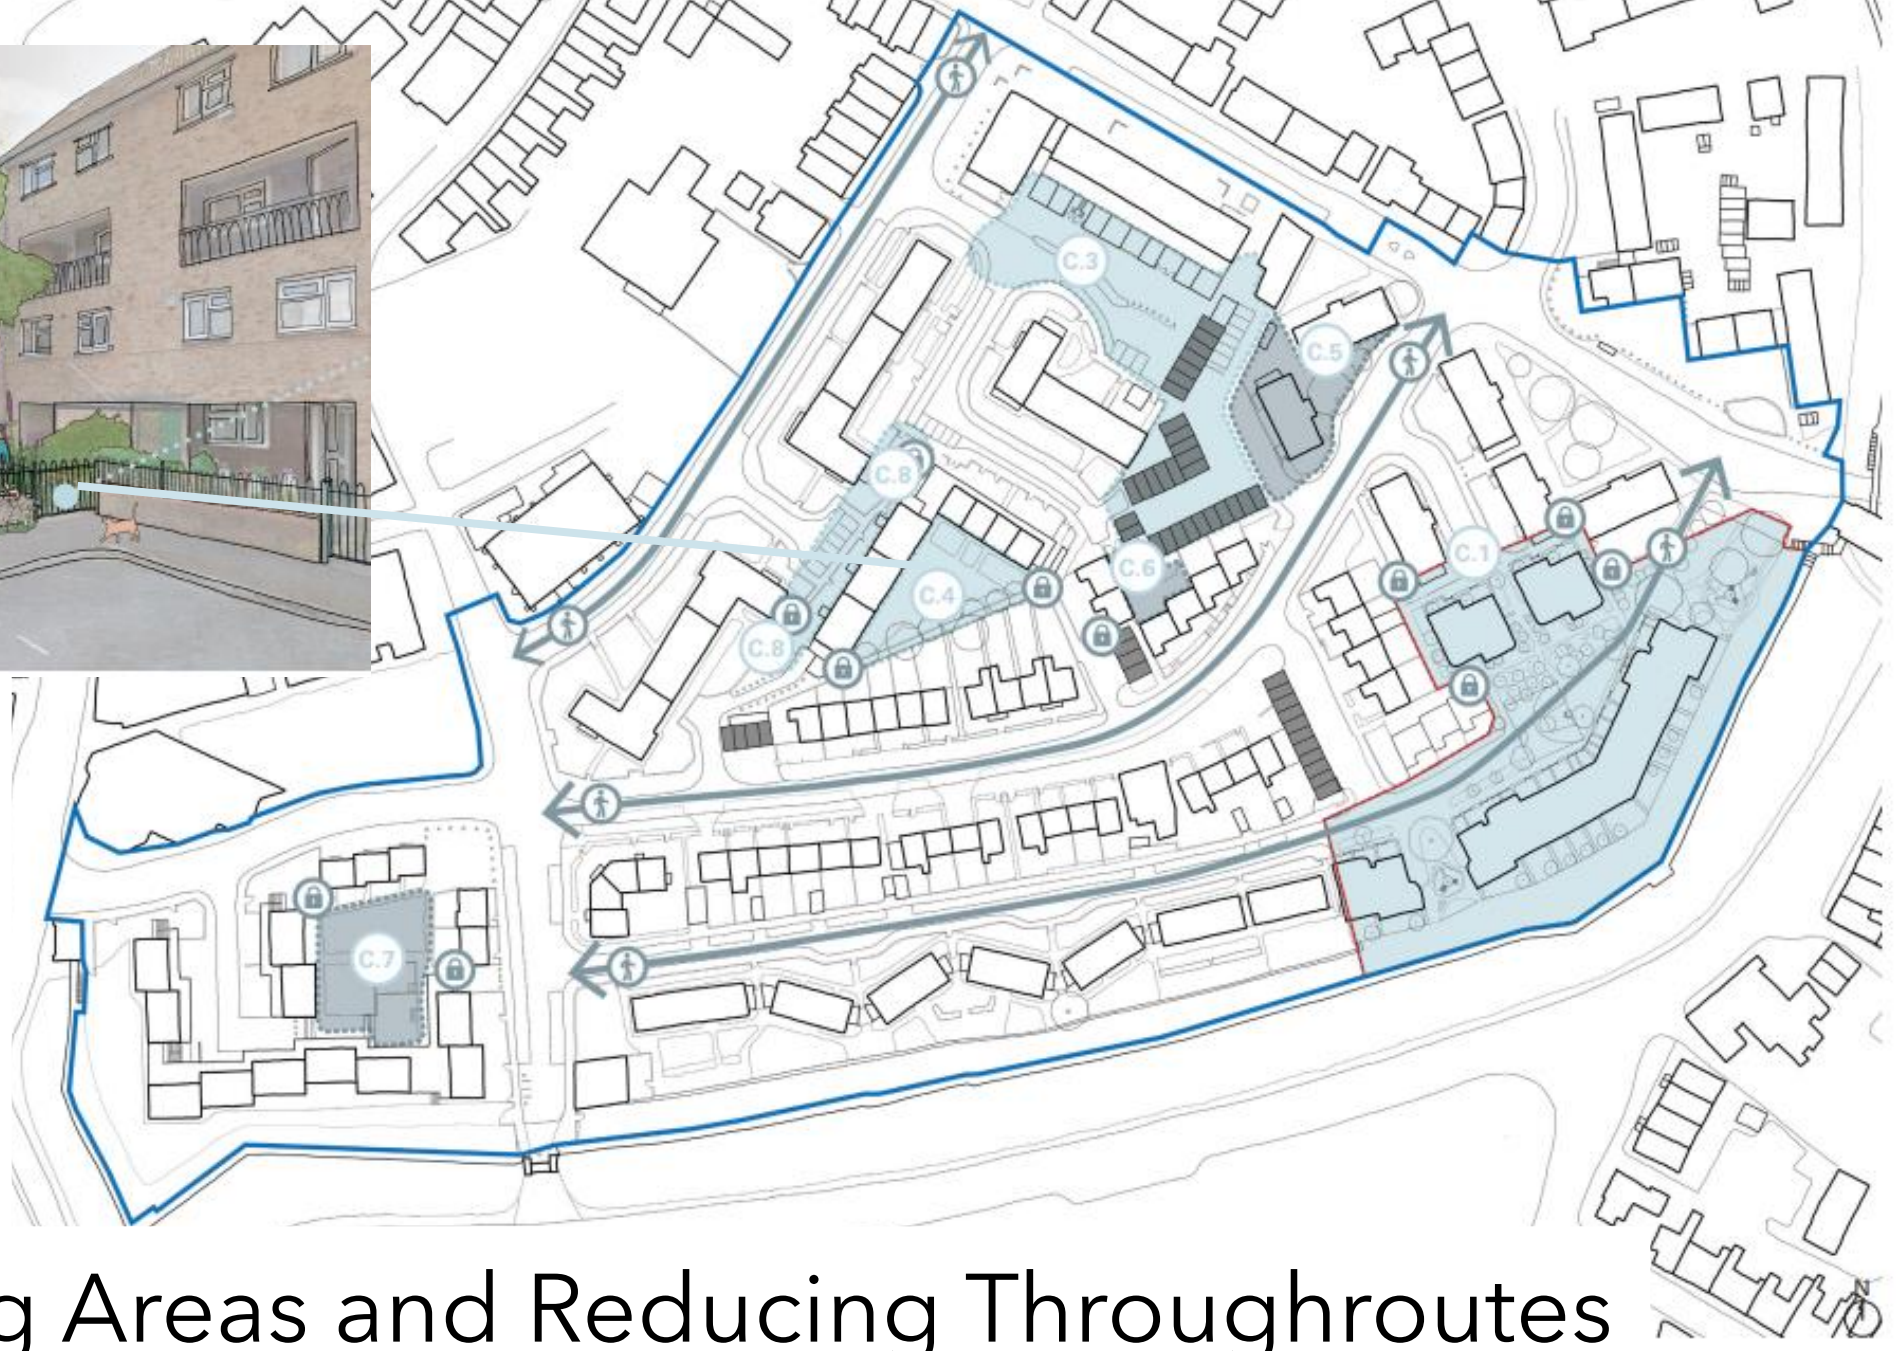

4 Shared Gardens Enhancement

5 Securing Areas and Reducing Throughroutes

5 Securing Areas and Reducing Throughroutes

6 Albert Street & Garage Area

7 In-fill development sites

UPGRADE BUILDING FABRIC

Make Improvements to the external walls, roofs, floors, windows and doors.

Improve the thermal comfort of the home, use less energy and reduce bills.

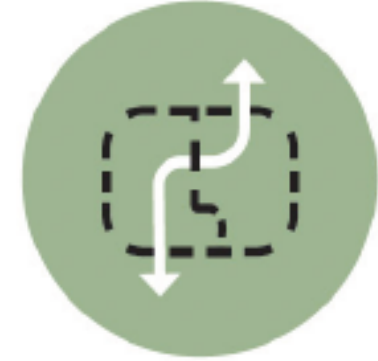

MECHANICAL VENTILATION

Ensure homes are adequately ventilated through MVHRs to avoid moisture build up, condensation and mould.

BUILDING SERVICES AND ENERGY SYSTEMS

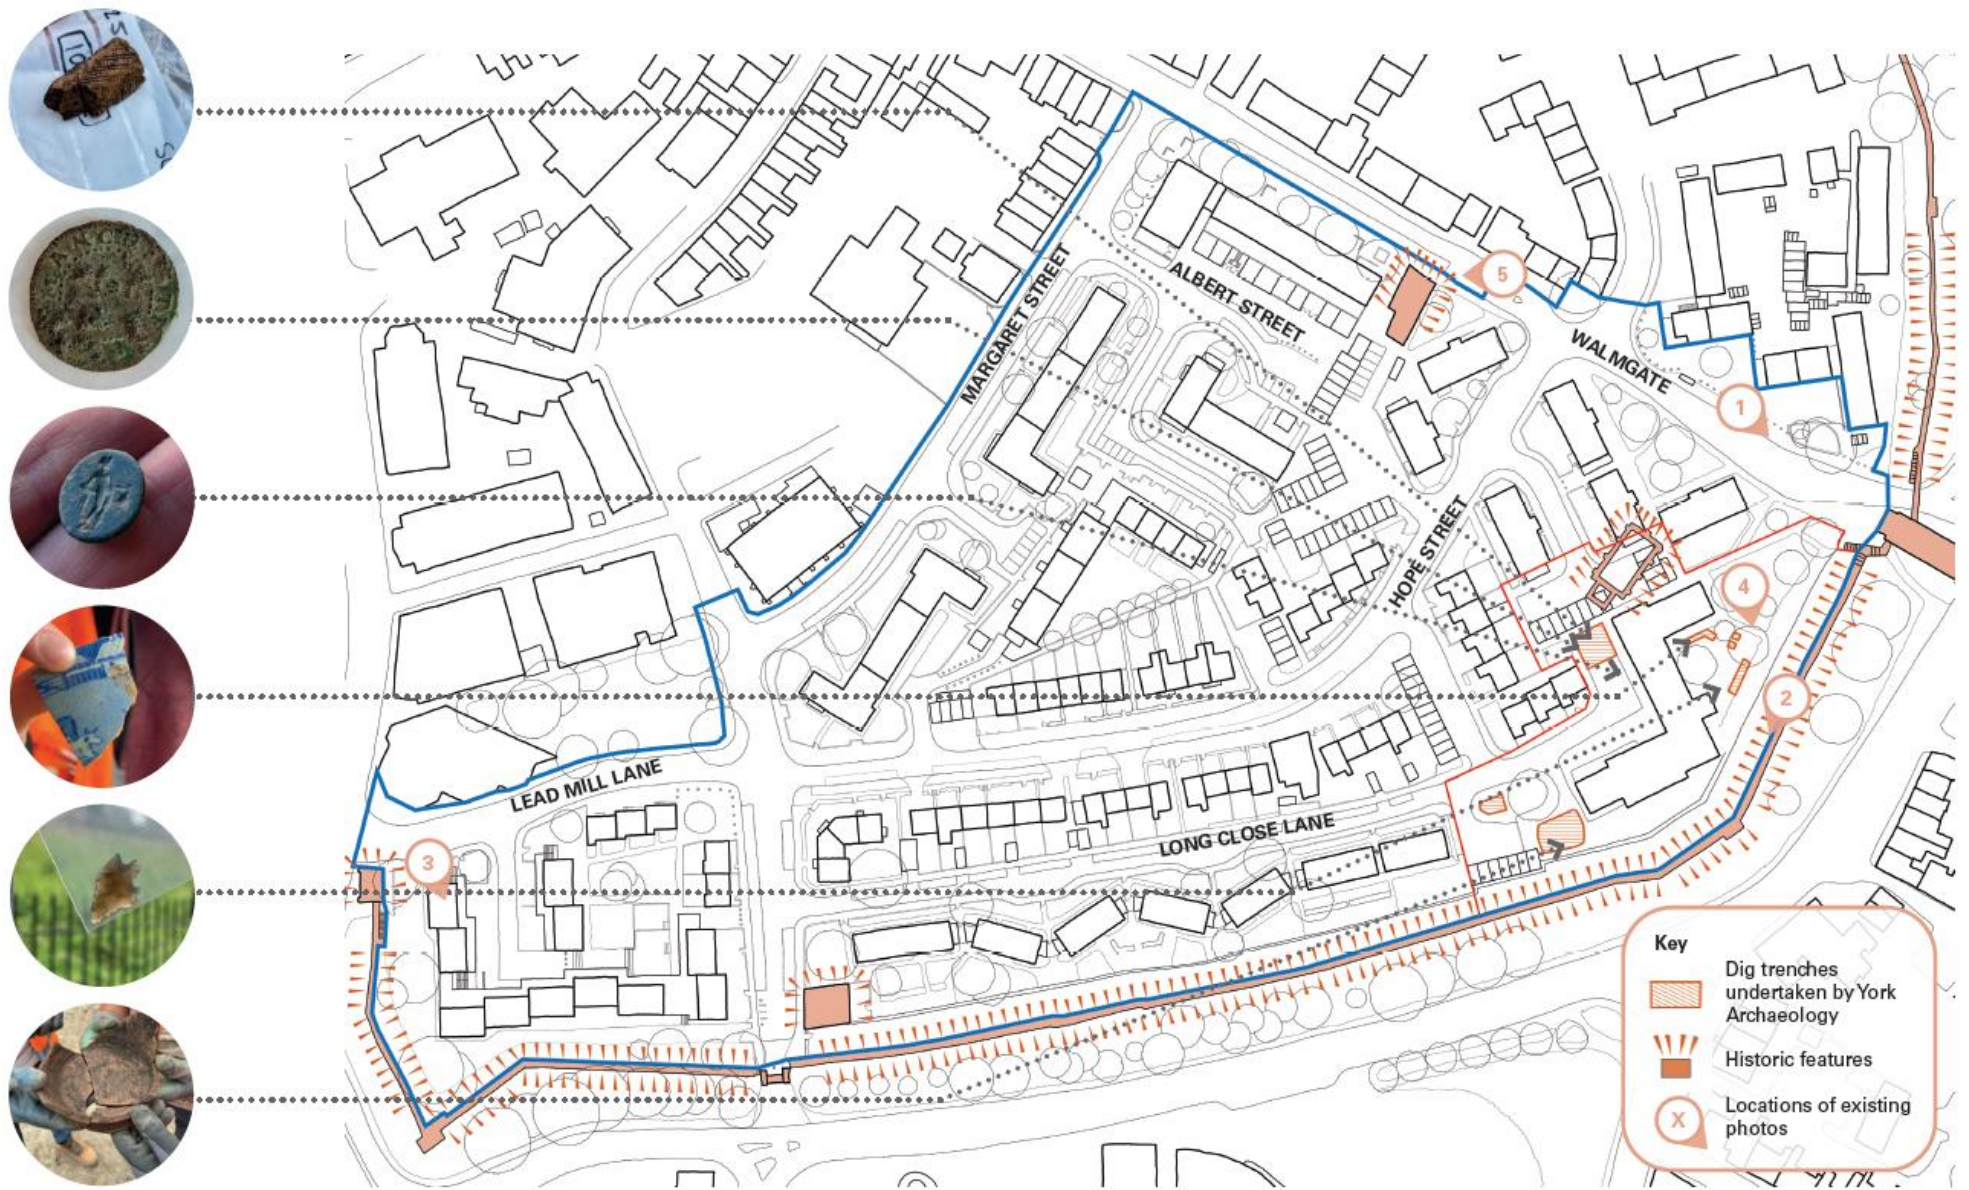

Upgrade energy systems and install renewables (PV solar panels).

IMPROVE INTERNAL & EXTERNAL SPATIAL LAYOUTS

Improve layouts inside and outside the homes through a range of interventions from small to large based on needs.

8 Retrofit Strategy

9 Heritage Trail

10 Sustainable Travel Infrastructure

11 Street Trees and Rain Gardens

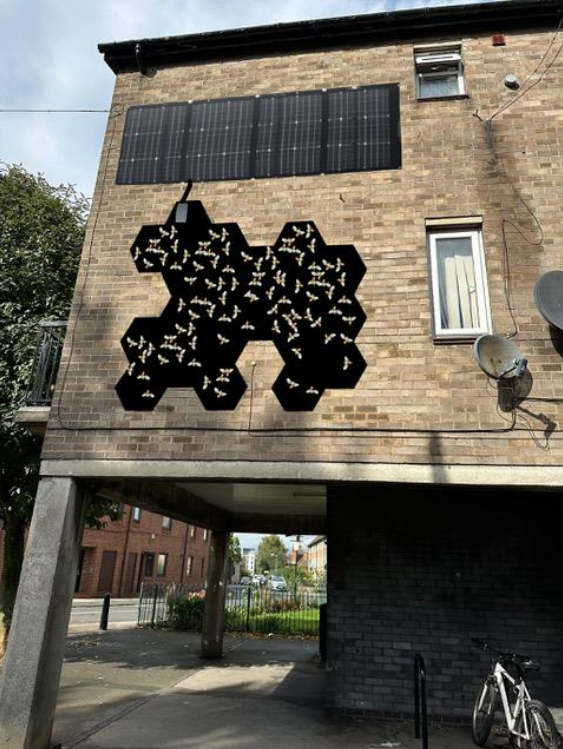

12 Privacy Planting

Varied planting
along the city
walls, encouraging
biodiversity.

13 Rampart Planting

Walmgate Reframed

Next steps

- Currently seeking Walmgate residents' and community feedback on the proposals
- Producing the final Walmgate Improvement Proposals document and publishing it
- Seeking funding to take forward and deliver the priority projects
