Ref: ET/PROW/ALLEYGATING/MRd-TSt

Dear Ladies/Sirs,

Re: Objection to proposed alley gating of Millfield Road, Thorpe Street, Russell Street, Scott Street and Nunmill Street.
Request to withdraw the planned measures.

This letter is to formally register my strong objections to the proposed gating of the alleys in my and three adjacent streets.

Please find enclosed the response (within 3 days of handing it out) to a petition that I distributed in these streets.

6 Russell Street
8 Scott Street
3 Nunmill Street
14 (counting myself) Thorpe Street
Total of 31 responses

I fully endorse the petitions launched by Phil and Rachel Robinson, 29 Thorpe Street and by Dorothy Marlen, 45 Scott Street, and the remarks of Dan Kettwell, Scott Street, DPC Cairus, Thorpe Street, Mrs. M Ramsden, Scott Street, Carol Tucker, Russell Street and Shirley Richardson, Thorpe Street, all attached to their sheet.

Please keep me informed about further developments.

Yours sincerely
Lena Schibel-Mason

Please return by hand

Thanks for taking this initiative. I posted when it was first posted. P.

Gated Community?

Petition to reject Gating for Millfield Road, Thorpe Street, Russell Street and Scott Street

(Please put signed letter back through letter box : Lena Mason, 5 Thorpe Street)

Quiet and Safe connections between streets

Back alleys are the snickets outside the Centre of York. I live in Thorpe Street and enjoy reaching friends in Scotts street and Nunmill Street by walking through a continuous net of alleyways thus avoiding much busier Scarcroft Road.

Freedom of Movement

Going in and out of my back gate with bicycle, bin, allotment implements and compost waste about 10 times a day, not to mention deliveries and window cleaners, I feel vitally restricted in my freedom of movement by gates.

Crime and Anti Social Behaviour

The survey of crime over the last few years by the council is not convincing me of the need for this action. Burglar alarms (my own one has worked well over the years, after being burgled three times before), community helper's presence and neighbourly awareness will go a long way to combat crime. I would rather flush out and pick up mess now and then, than be hemmed in.

Keeping out is not dealing with the problem

Those who cause us distress need other action by the council and us than more things being piled into our lives. Keeping out is not dealing with the problem. Using the gating money to pay for more community helper's presence and working with homeless, jobless people and drug addicts would bring far more help.

Please sign the petition below to avoid gating – we have until the 18th of February the latest to object:

Name (printed letters) MR DPC CARRIS
Street and Number: 30 THORPE STREET
Contact (phone/email) [REDACTED]

YES →

I am against the proposed Gating in my Street.

.....

.....signature

- ① IT IS A SERVICE ROAD – RUBBISH/REPAIR/WINDOW CLEANING
- ② NOT A BLIND SNICKET (LIKE SOME AROUND CARRYS)
- ③ RUBBISH COLLECTION ON PAVEMENTS IS SIMPLY CHAOTIC – DRINK BOTTLES ARE SAID ENOUGH

Please sign the petition below to avoid gating – we have until the 18th of February the latest to object:

Name (printed letters) MRS. K. BLACKETT

I also object to our rubbish being at the front of our house as it would look unsightly. Some people will leave their rubbish at the front of their house continuously and our street will appear very shabby.

please return by hand

Back alleys are the snickets outside the Centre of York. I live in Thorpe Street and enjoy reaching friends in Scotts street and Nunmill Street by walking through a continuous net of alleyways thus avoiding much busier Scarcroft Road.

Freedom of Movement

Going in and out of my back gate with bicycle, bin, allotment implements and compost waste about 10 times a day, not to mention deliveries and window cleaners. I feel vitally restricted in my freedom of movement by gates.

Crime and Anti Social Behaviour

The survey of crime over the last few years by the council is not convincing me of the need for this action. Burglar alarms (my own one has worked well over the years, after being burgled three times before), community helper's presence and neighbourly awareness will go a long way to combat crime. I would rather flush out and pick up mess now and then, than be hemmed in.

Keeping out is not dealing with the problem

Those who cause us distress need other action by the council and us than more things being piled into our lives. Keeping out is not dealing with the problem. Using the gating money to pay for more community helper's presence and working with homeless, jobless people and drug addicts would bring far more help.

Please sign the petition below to avoid gating – we have until the 18th of February the latest to object:

i would also argue no incidents of graffiti on Scott Street + litter is usually from others on the street: giving will achieve nothing.

Please return by tomorrow, thank you

PTO

children and animals play in the waste free
back alleys.

I've never been aware of the crime and anti-
social behaviour the Council talks about in the
4 years I've lived in this area. If I thought
they were a problem, I'd be asking for quotes.

Please
return tomorrow

C Tucker
16 Russell St

Having seen the gates put in between Carnot Street
and Rosebury Street "in action" they are generally
left open anyway so the investment is a complete
waste of money.
