

## Annex F: Community Impact Assessment

### SECTION 1: CIA SUMMARY

### Community Impact Assessment: Summary

#### 1. Name of service, policy, function or criteria being assessed:

Protecting Public Houses

#### 2. What are the main objectives or aims of the service/policy/function/criteria?

Well-run pubs play an invaluable role at the heart of their local communities. They provide a safe, regulated and sociable environment for people to enjoy a drink responsibly and meet people from different backgrounds. Locally, there has been concern that there are a growing number of local pubs that are closing and being threatened with conversion to supermarkets, in some cases without the opportunity for the local community to have a say in the process. The main objective of the policy approach under option one is to ensure that valued public houses are afforded protection from change of use and demolition. However, whilst there is technical work to indicate that option one is appropriate, there is currently no budget to resource the work proposed.

#### 3. Name and Job Title of person completing assessment:

Frances Harrison – Development Officer

#### 4. Have any impacts been Identified?

No

#### Community of Identity affected:

N/A

#### Summary of impact:

The benefit that pubs bring to communities including in particular communities of interest who use pubs as a neutral/safe place to meet is a positive one and therefore should resources be identified and further work to protect pubs be undertaken the resulting impact of this policy would be positive.

## Community Impact Assessment (CIA)

**Community Impact Assessment Title:** Protecting Public Houses

What evidence is available **to suggest that the proposed service, policy, function or criteria could have a negative (N), positive (P) or no (None) effect** on quality of life outcomes? (Refer to guidance for further details)

Can negative impacts be justified? **For example: improving community cohesion; complying with other legislation or enforcement duties; taking positive action to address imbalances or under-representation; needing to target a particular community or group e.g. older people.** NB. Lack of financial resources alone is NOT justification!
