

## Community Impact Assessment Form (CIA)

The council's vision is to promote **equal life outcomes<sup>1</sup> for everyone** living, working and visiting York, through inclusive design in everything the council does. This is to ensure that no-one is unintentionally excluded in York because of specific personal characteristics. In the council, we call these characteristics "Communities of Interest or Identity" – "Cols" for short.

To help realise the vision, council officers are required by Cabinet to assess the impact of council policies, processes and behaviours on customers and staff from the Communities.

This process was previously called Equality Impact Assessment (EIA). To stress the importance of assessing the impact of everything we do on people from the Communities, starting June 2012, we have renamed the process Community Impact Assessment (CIA).

The assessment **should be done at the development stage** of any policy, review, project, service change etc, **before any decision is taken**. It should also be done every time there are changes to policies and practices, **before the changes are finally agreed** by decision makers.

In addition, the Equality Act 2010 came into force on the 1<sup>st</sup> October 2010. Under the Act the council has a legal duty to show that our policies, practices etc further the aims below:

- Actively and proactively eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
- Advance equality of opportunity between people who share an identity and those who do not
- Foster good relations between people who share an identity and those who do not.

---

<sup>1</sup> In health, safety and security, personal freedom and choice, housing, education and lifelong learning, jobs and leisure activities and the infrastructure that supports these outcomes.

In completing **Community Impact Assessments (CIAs)** officers are also required to state how what they are assessing meets and contributes to these aims.

1	Name and Job Title of person completing assessment	<b>Sam Fryers</b>
2	Name of service, policy, function or criteria being assessed	<b>Bus service to Wheldrake and villages to the south east of York</b>
3	What are the main objectives or aims of the service/policy/function/criteria?	<b>To provide transport for residents in areas where local bus operators are unable or unwilling to provide bus services commercially.</b>
4	Date	<b>28/3/18</b>

If there is **no** evidence the service/policy/function will affect **any of the communities**, please proceed to section 9.

If there **is** evidence the service/policy/function will affect **one or more of the communities**, continue to Stage 2, Full Impact Assessment.

**Stage 2: Full Impact Assessment**

6	How could different communities be affected by the proposed or reviewed service/policy/function/criteria? Record negative and positive effects below. <b>Expand the boxes</b> to take up as much room as you need. See the <a href="#">2 EIA Guidance documents</a> on Colin for help about effects to consider.	
A1	Public/customers – positive effects	Most communities along the route will retain a reasonable off peak, day time, level of bus service despite the current service provider withdrawing their commercial service.
A2	Public/customers – negative effects	Communities outside the York area will be affected by reduction in bus services at certain times. East Riding Council are considering ways to mitigate this problem.
B1	Staff – positive effects	
B2	Staff – negative effects	

7 Can any negative effects be justified? For example:

- As a proportionate means to achieve a legitimate aim
- In support of improving community cohesion
- To comply with other legislation or enforcement duties
- Taking positive action to address imbalances or under-representation
- Because of evidence-based need to target a particular community or group e.g. younger/older people.

**NB. Lack of financial resources alone is NOT justification!**

Any negative effects will largely be felt outside the York boundary. City of York Council will work with neighbouring authorities to ensure that any replacement service is appropriate and affordable for the level of public demand.

8	What changes will you make to the service/policy/function/criteria as result of information in parts 5 & 6 above?							
We are looking to procure additional peak time and evening services to help to retain sustainable transport access to employment and amenities.								
9	What arrangements will you put in place to <b>monitor impact, positive and negative</b> , of the proposed service/policy/function/criteria on individuals from the communities?							
Passenger surveys will be undertaken to monitor impact of the service changes on overall patronage and on numbers of older and disabled concessionary passholders travelling.								
10	List below actions you will take to <b>address any unjustified impact and promote equality of outcome (as in appendix 1)</b> for staff, customers and the public from the communities. The action could relate to: <ul style="list-style-type: none"> <li>▪ Procedures</li> <li>▪ Service delivery</li> <li>▪ Training</li> <li>▪ Improvement projects</li> </ul>

## **Appendix 1 - Quality of Life Indicators (also known as “the 10 dimensions of equality”)**

Think about the positive and negative impact in these areas:

- Access to services and employment
- Longevity, including avoiding premature mortality.
- Physical security, including freedom from violence and physical and sexual abuse.
- Health, including both well-being and access to high quality healthcare.
- Education, including both being able to be creative, to acquire skills and qualifications and having access to training and life-long learning.
- Standard of living, including being able to live with independence and security; and covering nutrition, clothing, housing, warmth, utilities, social services and transport.
- Productive and valued activities, such as access to employment, a positive experience in the workplace, work/life balance, and being able to care for others.
- Individual, family and social life, including self-development, having independence and equality in relationships and marriage.
- Participation, influence and voice, including participation in decision-making and democratic life.
- Identity, expression and self-respect, including freedom of belief and religion.
- Legal security, including equality and non-discrimination before the law and equal treatment within the criminal justice system.
