MEMORANDUM

From: Ian Gray
To: Lesley Cooke
Extn: 1567
Date: 21 November 2006

Application for Variation of Premises Licence, Rumours, 94 Micklegate, York

With regard to the above application for a variation, I would like to make the following representations.

Considering that the EPU has received noise complaints from these premises, we feel that a number of conditions should be set to the licence if this application is to be successful:

1). The external speakers in the rear beer garden should be switched off at midnight and only be used for background music.

Reason: To prevent a public nuisance.

2). The doors and windows must be kept closed at all times whilst music is being played except for means of ingress or egress.

Reason: To prevent a public nuisance

3). Noise emanating from the licensable activities within the premises after 23:00 hours must be inaudible at the nearest noise sensitive facade.

Reason: To prevent a public nuisance

If you require any further information, please contact me.

Regards

Ian Gray
Senior Environmental Protection Officer
