The Cabinet Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated monthly on or around the 14th of each month and is available to view on-line at www.york.gov.uk

What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

 - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

In addition to elected Councillors, chief officers can also take key decisions in line with the Officers Delegation Scheme as set out in Schedule 3, Part 3 of the Council's Constitution

What information does the Forward Plan contain?

Each issue entered in the Forward Plan lists:

- The history of the issue in relation to the Forward Plan

Keyword:

Item Type: Executive Member Decision - of 'Normal' importance

Title of Report: Merger of Safer York Business Partnership with York BID including transfer of Reserves

Description: York has had a Business Crime Partnership since 1997 which since October 2023 has been Safer York Business Partnership. The Business Crime Partnership is an independent organisation accredited under the Association of Business Crime Partnerships and made up of 180 local businesses across the City. It is self funding through its membership subscriptions which give members access to a radio scheme linked to North Yorkshire Police and an electronic information sharing system. It has been difficult to maintain consistent input from the business community to the running and governance of the partnership therefore a decision has been made to merge the partnership into the core business of York BID as part of the support to Purple Flag and the BID's role in leading the strategic priority of 'Keeping the City Centre Safe' on behalf of the Statutory Community Safety Partnership for York, Safer York Partnership.

The funding accrued by the Business Crime Partnership has been held on their behalf within the City of York Council's Community Safety budget as a separate third party fund.

The Executive Member will be asked to approve that support to the Business Crime Partnership will transfer to York BID which will be funded by the partnership. This will include the transfer to York BID of reserve funding currently held on behalf of the Business Crime Partnership by CYC.

This item has been moved from 12/6/25 to 1/7/25 to accommodate changes to the scheduling of Executive Member Decision Sessions for the new Municipal Year.

Title of Report: Use of Acomb Garth for the 24/7 Neighbourhood Mental Health Centre Pilot

Description: The Connecting our City Project is a multi-agency project aimed at improving mental health and wellbeing in York. The Project team are hosted by City of York Council (CYC) and the Project has been largely funded through NHS Community Mental Health Transformation (CMHT) Funding and NHS England pilot funding. CYC currently hold York's allocation of moneys and commission on behalf of the partnership.

Due to the success of the mental health hub developments, additional NHS England funding has been secured for a 24/7 Neighbourhood Mental Health centre pilot.

Significant work has been undertaken over the last 6 months to secure a suitable venue and agree a staffing model and begin recruitment. We anticipate opening the 24/7 Centre in July 2025.

A decision is required on the signing of an Agreement for Licence to Occupy ("AFL") and a Licence to Occupy ("LTO") with Nimbuscare in respect of part of Acomb Garth, together with obtaining a side letter from NHSPS relating to the LTO ("Side Letter") so that the property can act as a base of the 24/7 Neighbourhood Mental Health Centre.

The Executive Member is asked to approve the option for City of York Council to sign the AFL Licence to Occupy and a Side Letter relating to the property at Acomb Garth as the holder of the funds for the pilot, and that authority be delegated to the Corporate Director of Adult Services and Integration ("**DASS**") in consultation with the Director of Governance and the Chief Finance Officer (and their respective delegated officers) to draft, negotiate, and conclude the proposed Agreement for Licence to Occupy, Licence to Occupy and side letter, and to draft, negotiate, and conclude any subsequent modifications to these documents thereafter.

Update: The wording of the above description was updated on 19/6/25 to better reflect the substance of the report.

Making Representations:

Process: The development of the York Community Mental Health Hubs involved an in-depth codesign process with representation from clinicians, social work, local area coordination, voluntary sector, and over 50% lived experience and carers. The core principles that emerged from this process continue to guide the development of the York hub model, including the desire to embed lived experience leadership. Monthly conversation cafes provide ongoing dialogue and involvement as the project develops. The project also has a dedicated Coproduction Champion providing ongoing opportunities for involvement and engagement as well as a System Change Lead who works alongside voluntary sector colleagues to support and improve commissioning practice.

We have conducted a new codesign process for the 24/7 hub within Acomb/Westfield/Holgate to inform the model for the new mental health hub in the West of the City, in particular the overnight element of this offer. The codesign team included representatives from the local community, individuals and carers who have experienced mental ill health, practitioners from health, social care, voluntary sector and the police. These individuals continue to be actively involved in recruitment and building design.

- Families and carers

Title of Report: White Rose Forest Strategic Plan

Description: City of York Council is a long-standing member of the White Rose Forest, the community forest partnership for North and West Yorkshire. The Partnership works to support tree planting across to further the region's collective nature recovery, climate change mitigation/adaptation and access to green space objectives.

In 2024 the council refreshed its commitment to the partnership through the WRF partnership agreement. Through its membership, the council has benefitted from significant grant funding and access to specialist expertise to support the tree planting in York including York Community Woodland and the 'Green Streets' urban tree planting programme.

WRF activities over the past five years have been guided by the WRF Strategic Plan 2020-2025. Over the past 12 months, WRF has worked with partners to refresh the Plan to guide future work covering the period 2025-2050. Whilst the refreshed Plan contains constituent local authority tree canopy aspirations there are no binding commitments or financial implications associated with the Plan.

Constituent local authorities that make up the partnership are being asked to endorse the draft Plan so that it can be formally launched on 1 August 2025, Yorkshire Day. The Executive Member will be asked to endorse the draft WRF Strategic Plan 2025-2050.

The Council aims to give the same 28 days' clear notice of non-key decisions as it does for key decisions, but in exceptional circumstances this may not be possible. It has not been possible to give 28 clear days' notice for this item due to changes in scheduling for the new municipal year and as such it is now being published to the Forward Plan with less than 28 days' notice, with the agreement of the Leader in consultation with the Chief Operating Officer and the Monitoring Officer.

Title of Report: York's Inclusion and Belonging Special Educational Needs and Alternative Provision Strategy 2025-2030

Description: The executive report for the forward plan for York's Inclusion and Belonging Special Educational Needs and Alternative Provision Strategy 2025-2030, will set out York's Education, Health and Care strategic priorities and actions to improve the lived experience for children and young people and their families. This strategy remains flexible and can adapt to anticipated National reforms from Autumn 2025 with a strong focus on supporting children and young people in their local mainstream school.

The strategy focuses on making sure our children and young people feel that they are valued and visible, around early identification and intervention, providing the right support at the right time, and ensuring children and young people are well-prepared for adulthood. The plan also addresses the need for a confident and skilled workforce and improved mental health support.

This strategy also includes a focus on children and young people who are not in school, who are educated at home, who are in alternative provision, or at risk of exclusion.

The first phase of the 5-year strategy will focus on consistency of inclusive practice in settings, improving the York Local offer and getting information out to families, it also aims to address the support needed for those children and young people who may be waiting for a neurodevelopment diagnosis. The implementation of the SEND hub in York will be a key milestone in the first phase.

There will be an action plan that drives this work forward with the governance of implementation through the SEND Partnership Board.

The Executive/ will be asked to approve the York Inclusion and Belonging Special Educational Needs and Alternative Provision Strategy 2025 to 2030.
