\* Petition collection organizer

We, the undersigned residents of Bramham Avenue, wish to make an official complaint to the City of York Council concerning the state of the road and the speed humps on our street.

We believe that the frequency of the bus, particularly the double-deckers, are responsible for the damage to the ceilings in our homes since the timetable was altered from 1/2 hourly service to 10 minute service. The number of buses now on this route varies from 85-100 per day. The road, in its present state, is unable to sustain this volume of traffic. We require action.
