Other work

Model Code of Conduct for Members

At the beginning of this municipal year, the Local Government Association conducted a consultation exercise in relation to a Model Code of Conduct for Members which they had produced. The Monitoring Officer, on behalf of the Joint Standards Committee participated in this exercise and work is ongoing to look to implement the Model Code and consider any guidance which is published in the coming months. Key areas raised by the Committee included social media, bullying and harassment, including ensuring that all protected characteristics were included within the definition found in the Model Code and also gifts and hospitality.

In December 2020 the LGA approved a final Model Code of Conduct, which was circulated to the Joint Standards Committee in January 2021. Members decided that the Model Code should remain as a standard item at Joint Standards Committee meetings in order that any guidance issued in the future by the LGA can be considered and that the Council's Code of Conduct meets any requirements set out within the Model Code.

Dispensation of the 6 Month Rule during Lockdown

The Committee noted a dispensation given by the Monitoring Officer of the 6 month rule for City of York Councillors in relation to attendance at meetings in light of the Coronavirus Pandemic and the provision of remote meetings.

The Committee also noted a further dispensation which allowed Members to take part in a specially convened Customer and Corporate Services Scrutiny Management Committee Meeting in September 2020. The dispensation allowed the

Meeting Members who also were Planning and Area Planning Committee Members to take part in the Meeting without future risk of pre-determination.

Member Development

The Joint Standards Committee considered a report advising on Planning and Pre-Determination, which was noted, and it was agreed that this advice would form part of a larger review around Member Development, which is ongoing. The Joint Standards Committee are seeking the views of Group Leaders before further consideration of Member Development takes place in the next municipal year.

Parish Council Membership

As briefly mentioned, as a result of Earswick Parish Council's resignation, a ballot took place to fill the vacancy on the Joint Standards Committee. Parish Councillor Mark Waudby of Rawcliffe Parish Council has now filled the vacancy.

Work is ongoing around supporting the work of Parish Councils, which will include consideration of whether the work around Member Development can include Parish Councils. A report around the Parish Charter will be presented to the Joint Standards Committee early in the next municipal year, in order to improve relations and strengthen the working relationship between the Council and Parish Council's across the City.

Review of the Constitution

A review of the Council's Constitution is currently taking place and as part of this review, the Joint Standards Committee have considered a draft International Travel Protocol. Work is ongoing around finalising this draft.
