<p>169. Title: Thirkleby Way/Farndale Avenue Highway Condition</p> <p>We the undersigned petition the council to attend to the disgraceful condition of the road surface of Thirkleby Way, Osbaldwick and Farndale Avenue which are becoming unsafe to walk across, cycle and drive along. Both are highways of concrete sectional road that have been overlaid with tarmac some decades ago a process that was never successful, the tarmac overlay needs scraping off and the concrete road underneath renovated. It is disappointing that once again these sections of highway have been overlooked by CYC Highways Officers for attention in the current Highway Maintenance Programme and this petition is to draw attention to this omission and request effective renovations of these highways without further delay.</p>	ePetition	26
