

We do not want to loose this service, as it is very important for the villages involved to get to York, but the councillors feel, that due to the extended journey time, less people are using the service, not more as was thought with the extension of the service into York City Centre.

I would be very grateful if you could give the above comments your consideration when the review of this service takes place at the end of the present trial period.

Yours comments would be appreciated.

Yours faithfully,

J M Collier
