Declarations of Interest – guidance for Members

- (1) Members must consider their interests, and act according to the following:

Type of Interest	You must
Disclosable Pecuniary Interests	Disclose the interest, not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.
Other Registrable Interests (Directly Related) OR Non-Registrable Interests (Directly Related)	Disclose the interest; speak on the item <u>only if</u> the public are also allowed to speak, but otherwise not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.
Other Registrable Interests (Affects) OR Non-Registrable Interests (Affects)	Disclose the interest; remain in the meeting, participate and vote <u>unless</u> the matter affects the financial interest or well-being: (a) to a greater extent than it affects the financial interest or well-being of a majority of inhabitants of the affected ward; and (b) a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest. In which case, speak on the item <u>only if</u> the public are also allowed to speak, but otherwise do not participate in the discussion or vote, and leave the meeting <u>unless</u> you have a dispensation.

- (2) Disclosable pecuniary interests relate to the Member concerned or their spouse/partner.
- (3) Members in arrears of Council Tax by more than two months must not vote in decisions on, or which might affect, budget calculations,

and must disclose at the meeting that this restriction applies to them. A failure to comply with these requirements is a criminal offence under section 106 of the Local Government Finance Act 1992.

Committee Minutes

Meeting	Corporate Services, Climate Change and Scrutiny Management Committee
Date	13 May 2024
Present	Councillors Fenton (Chair), Merrett (Vice-Chair), Baxter, J Burton, Healey, D Myers, Rowley, Steels-Walshaw, K Taylor, Waller, Widdowson, Wann (Substitute for Cllr Ayre) and Clarke (Substitute for Cllr Kelly)
Apologies	Councillors Ayre and Kelly
In Attendance	Cllr Douglas, Leader inc. Corporate Services, Policy, Strategy and Partnerships
Officers Present	Claire Foale, Assistant Director, Policy and Strategy Shaun Gibbons, Head of Carbon Reduction Kathryn Daly, Head of City Development Dawn Steel, Democratic Services Team Leader

50. Declarations of Interest (5:32 pm)

Members were asked to declare any disclosable pecuniary interest, or other registerable interest, they might have in respect of business on the agenda, if they have not already done so in advance on the Register of Interests.

None were declared.

51. Minutes (5:32 pm)

Resolved: That the minutes of the last meeting held on 22 April 2024 be approved as a correct record, subject to an amendment at minute 46 where the last sentence should read 'He raised concerns regarding high consumption areas, which he considered to be big polluters'.

52. Public Participation (5:33 pm)

It was reported that there had been no registrations to speak at the meeting under the Council's Public Participation Scheme.

53. The Ten-Year Strategies: a stock take (5:33 pm)

The Assistant Director of Policy and Strategy introduced the report and summarised the key points contained in the update.

Members asked a range of questions which covered the 10 Year Scorecards, time lags in data sets, changes to plans as a result of strategic priorities, transport policy including car-sharing initiatives, the role of the combined authority, timescales for reviewing and updating the strategies, climate strategy key performance indicators (KPI's) and financing the climate action plan.

Officers and the Leader noted that transport policy was being developed in conjunction with the York and North Yorkshire Combined Authority through the emerging local transport plan.

Resolved:

- i. That the report be noted.
- ii. That the item be brought back to the committee following any future update of the strategies.

Reason: To allow the committee to discharge its responsibilities in monitoring and advising on council priorities and strategies.

54. Monitoring and Tracking of Approved Council Motions (6:01 pm)

The Democratic Services Team Leader provided an update on the monitoring and tracking of approved Council motions.

Members questioned the wording of the information relating to the motion on the Introduction of Council Tax Premium for Second Homes. They also requested that more information be provided in the actions and status columns where appropriate.

[6.27pm Cllr Rowley left the meeting.]

Resolved:

- i. That the content of Annex A be noted.
- ii. That CMT/Portfolio Holders and then Group Leaders review approved Council Motions periodically at their monthly session to ensure any agreed actions for Members are being appropriately enacted.
- iii. Clarification be sought on the wording for the above motion relating to Council Tax.

Reason: To ensure that processes for monitoring and implementing approved council motion resolutions remain sufficiently robust.

55. Schedule of Petitions (6:29 pm)

The Democratic Services Team Leader provided an update on the Schedule of Petitions, covering petitions received since May 2023.

The officer explained the process for Petitions and noted that there was some ambiguity in the Constitution for the process for petitions received by the council.

[6.30 – 6.31pm, Cllr Steels-Walshaw left the meeting. 6.31 – 6.34 pm, Cllr Taylor left the meeting.]

It was confirmed that members could contact Democratic Services in the first instance for more information relating to the status of a petition. Members suggested that tracking the status of petitions via the website would be useful.

In relation to petition 217, to support calls for an immediate and sustainable ceasefire in Gaza and Israel, Cllr Healey proposed that the petition be escalated to the Leader of the Council for consideration, this was seconded by Cllr Taylor. Members voted unanimously in favour of the recommendation.

Resolved:

- i. Democratic Services to look into options for a web page to hold petitions received and progress against them moving forward;

- ii. That petition 217, as outlined above, be referred to Executive Leader Decision Session;
- iii. Invite Constitution Working Group to review and clarify the practice of referring petitions lodged at Full Council to CCSMC, taking account of custom of practice and the legitimate role of the Committee and avoiding unnecessary delays in the process of petitions being considered;
- iv. In the interim, Chair/Vice Chair to review any new petitions received and expedite any not progressed for action/consideration by relevant decision taker

Reason: To ensure the Committee carries out its constitutional function in relation to petitions.

56. Work Plan (6:53 pm)

Members considered the Scrutiny work plan for the four scrutiny committees and discussed future items for the municipal year.

Resolved:

- i. That the work plan be noted.
- ii. That a draft committee work plan be distributed to Members for review and comment.

Reason: To ensure an overview of the scrutiny work programme.

Cllr S Fenton, Chair

[The meeting started at 5.31 pm and finished at 7.11 pm].

Report of the Assistant Director of Policy and Strategy

A York pipeline of projects for the York and North Yorkshire Combined Authority

Summary

1. The election of a Mayor for York and North Yorkshire and the establishment of the York and North Yorkshire Combined Authority (YNYCA) provides an opportunity to explore funding to advance projects that support City of York Council's (CYC) core commitments and Council Plan ambitions, wider city opportunities aligned to the 10-year strategies and support the regional economic framework and Mayoral ambitions.
2. There are several funding streams delivered through the YNYCA including the Mayoral Investment Fund, the future delivery of the UK Shared Prosperity Fund, and the Integrated Transport Settlement.
3. Officers have worked cross-directorate to establish an initial list of projects (Annex A) that form a York pipeline for mayoral consideration to fund relevant projects.
4. These have been mapped against the longer-term strategic ambitions of the city, such as the 10-year strategies, actions contained within the current Council Plan and the emergent YNYCA Economic Framework, to highlight alignment with each authority's priorities and the wider city narrative. Following the election of the Mayor, work is also taking place to identify synergies with his ambition for the region.
5. The development of a pipeline can help to strategically shape how CYC pursues opportunities to deliver city priorities that support regional ambition through the YNYCA. It is important to note that the pipeline is not a 'day one' list and that it is able to flex dependent on opportunities that emerge.

6. Rather it provides a review of projects that could be facilitated through successful business case submissions. This includes a range of activities from those that are “shovel ready”, to deliver subject to funding, through to requests to facilitate business case development.
7. To note, at time of publication the YNYCA funding process is still emerging to reflect the mayor’s priorities (see paragraph 15). However, the York pipeline has been developed to ensure that York is on the front foot of any future funding opportunities.

Background

8. This report is presented following the election of the first Mayor for York and North Yorkshire on 2 May 2024.
9. The Mayor will lead the York and North Yorkshire Combined Authority and will chair the Combined Authority Board.
10. The Mayor and Combined Authority will have certain powers and responsibilities, devolved to them by central government. In summary, these include:
 - a. responsibility for a Mayoral Investment Fund worth £540 million over 30 years and the powers to borrow against funds
 - b. full devolution of the adult education budget
 - c. powers to improve the supply and quality of housing and secure the development of land or infrastructure
 - d. powers and funds to improve transport through a consolidated, devolved, multi-year transport settlement.
11. They will also have oversight of the future delivery of the UK Shared Prosperity Fund.
12. The consolidation of these funding streams presents an opportunity for York to work with the Mayor and the YNYCA to securing funding for projects that will support the ambitions of CYC and York together with the mayoral priorities for the region.
13. The York pipeline is a “live” list of different proposals mapped to the Council Plan, York’s 10-Year Strategies and the regional economic framework.

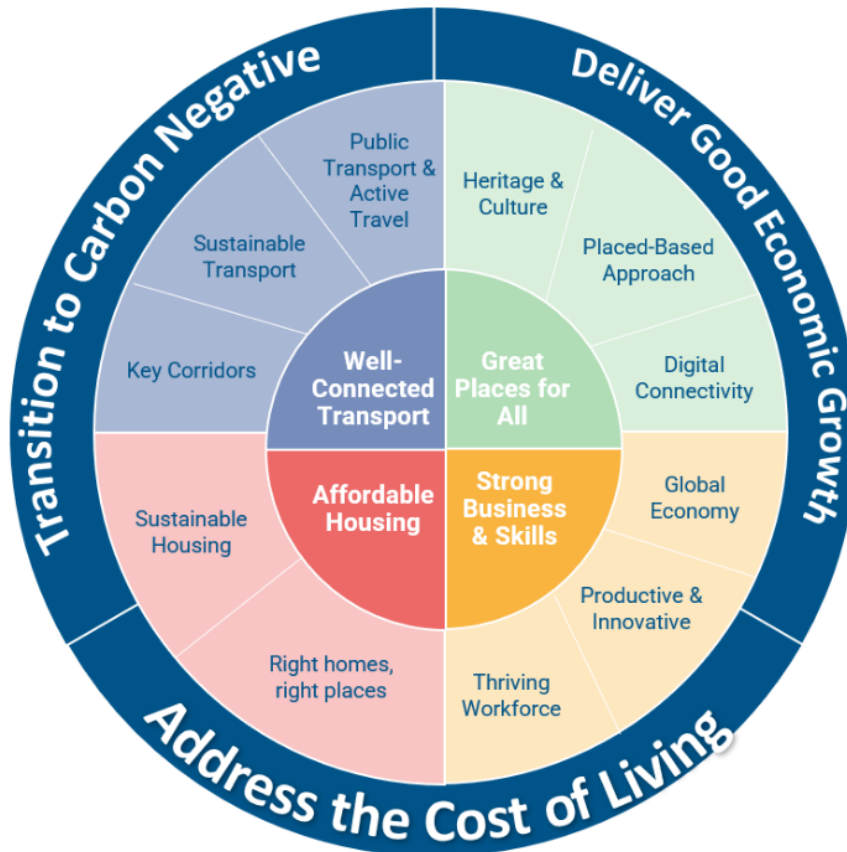

14. The regional economic framework was approved by the Combined Authority on 18 March 2024. It is shown below as Figure 1:

Figure 1: The Combined Authority’s Economic Framework

15. To note, in response to the Mayor’s pledges, an initial, high level overview of key priorities has been developed by the Combined Authority that builds on the economic framework. This is presented in a paper at the Combined Authority on 31 May and is shown below as Figure 2. The York pipeline will seek to reflect the priorities identified and others that emerge.

Figure 2: Regional economic framework updated with emerging Mayoral priorities

16. The York pipeline will enable officers to select proposals for business case development to deliver quickly, as funding opportunities become available, to best meet business case deadlines. The pipeline also captures partner and elected member views to ensure it best represents York's interests.
17. Note, the York pipeline does not replace partner discussions with the Mayor, rather, ensures the council is able to allocate resource to opportunities it is confident have been informed through elected member (representing residents) and partner discussion.
18. At this stage, it is proposed that the York pipeline is reviewed annually and within the context of the York electoral cycle. This might change however dependent on how mayoral funding opportunities are made available.

19. Discussions about regional activity have taken place with North Yorkshire Council officers to ensure there is alignment with North Yorkshire Council’s ambitions.

Consultation

20. The pipeline was developed by a cross-directorate officer group. It was then received internally by Corporate Management Team (CMT) and through informal discussion with the Council’s Executive Members.
21. A City Partnership event was held on 9 May 2024. During the event, partners were asked to provide feedback on what they felt were the key priorities for their organisations and the wider city that would support regional ambition, rather than on the pipeline itself. This feedback included reflections on creating the right conditions to enhance quality of life in the city (affordable housing, good transport links, skills and employment opportunities, culture etc). This feedback reflects the pipeline’s wider strategic fit.
22. Feedback on the pipeline is sought from all scrutiny committees to ensure views of Members are considered. Officers will attend scrutiny meetings on the following dates:

Scrutiny Committee	Date
Corporate Services, Climate Change and Scrutiny Management Committee #1	10 June 2024
Health, Housing and Adult Social Care	12 June 2024
Economy, Place, Access and Transport	25 June 2024
Children, Culture and Communities	2 July 2024
Corporate Services, Climate Change and Scrutiny Management Committee #2	8 July 2024

23. It is proposed that feedback is taken on board as the pipeline progresses through each scrutiny committee culminating in a revised pipeline being received for a second time at the Corporate Services, Climate Change and Scrutiny Management Committee in early July, ready for Leader consideration.

Options

24. Members are asked to provide feedback as to whether the projects identified in the pipeline reflect the longer-term ambitions contained within the 10-year strategies of the city, the actions set out in the Council Plan, and the YNYCA Economic Framework.

25. Alternatively, Members may wish to identify additional projects that they feel would be suitable for inclusion on the pipeline. These will be considered as part of the pipeline development process and will need to align to regional ambition.

Analysis

26. The process that enables Members to review this report will ensure that different perspectives from across the Council inform the emerging relationship between CYC and YNYCA.
27. Specifically, it will enable Members to consider a consolidated, strong pipeline that sets out York's ambition mapped to regional priorities for future working with the Mayor and the Combined Authority.

Council Plan

28. The pipeline is informed by specific actions identified against the seven priorities identified in the Council Plan. These priorities provide structure for the Council Plan actions that to the four core commitments – Equalities and Human Rights, Affordability, Climate, and Health.

Implications

- **Financial** - There are no direct financial implications arising from this report. Agreeing a list of pipeline schemes will ensure that the Council makes the most of available funding opportunities and will help to manage the overall financial challenge facing the Council.
- **Legal** - Legal advice specific to the pipeline projects described in this report will be provided or continue to be provided as they develop.
- **Information Technology (IT)** - Digital connectivity & Smart Technologies should be recognised as a key enabler for the Combined Authority themes, priorities and project pipeline.
- **Property** – Property implications will need to be considered on projects identified going forwards, on an individual basis with resources deployed accordingly.
- **Other**

Housing - Reducing carbon emissions from our homes and fuel bills for our residents alongside providing additional new affordable housing are identified as priorities for the council and significant activity is already taking place to meet these ambitions. This report identifies the opportunity to both accelerate and increase the scale of this activity through devolved powers.

Carbon Reduction and Climate Change - The pipeline has been assessed against the Climate Change Strategy to ensure projects align with our net zero and climate ready ambitions. The Climate Change implications of individual projects will be fully assessed as part of the project development and governance.

Skills - Collaboration between the Combined Authority and constituent authorities will be a key enabler of the skills agenda in the region. The pipeline highlights some potential opportunities and these will be considered as part of the wider approach to regional skills development.

Risk Management

29. There are no risks associated with the contents of this report.

Recommendations

30. Members are asked to review the pipeline of projects identified in Annex A of this report.

Reason: To ensure the pipeline aligns with the 10-year strategies for York, the 2023-2027 Council Plan, and YNYCA Economic Framework, enable different perspectives from across the Council to be considered in the pipeline's development, and ensure that York has a strong, consolidated list of proposals through which to engage future funding opportunities emerging from the YNYCA.

Productive and Innovative Economy				
CYC project	CYC project description	Council	York ambition	Regional ambition
Economic Space for High Growth Sectors	<p>There is a lack of strategic employment land within the City of York area, which is restricting the amount of economic growth that can be accommodated and delivered in future years.</p> <p>There is a short term funding ask for capacity to undertake a study into the regional economic potential of assets as strategic employment sites for the region to drive high growth sector employment and investment eg bioeconomy and/or creative & digital and how it's position could support a connected relationship with the region. Longer term (subject to business case) there may be a need for future MCA funding to support the strategic acquisition and/or the development of sites.</p>	C2.1	Economic Strategy	<ul style="list-style-type: none"> Transition to carbon negative Deliver good economic growth Increase opportunities for all Pioneer innovation and R&D Increase productivity of core sectors
Green Construction Skills Initiative	<p>With significant economic growth (homes and jobs) planned across York and North Yorkshire, there is an increased need for local construction skills to deliver the strategic sites on the ground. The region's focus upon achieving net zero also creates a new local demand for retrofit skills. Short term revenue capacity funding will allow an initial pilot phase to combine an initial focus on developing training and work experience opportunities. It will help test and develop a business case for a longer term York & North Yorkshire approach of working with developers and education providers to link such opportunities to the pipeline of developments across the city and wider sub region.</p> <p>Develop a green construction skills village to build essential skills that would decarbonise new developments, setting higher standards for strategic sites (throughout the MCA strategic plan, as above) – working closely with partners, to build retrofitting skills for York and North Yorkshire housing stock, across all tenures, offering opportunities as a corporate parent.</p>	B4.4 C3.1 E3.3	Climate Change Strategy Economic Strategy Skills Strategy The Local Plan	<ul style="list-style-type: none"> Transition to carbon negative Deliver good economic growth Increase opportunities for all Increase productivity of core sectors Pioneer innovation and R&D
Business Support	Funding for delivery of business support services across YNY. This is likely to be some capacity centrally to lead on specialist work, complemented by locally based teams at CYC/NYC to deliver business support on the ground with local businesses. Aim to replace UKSPF.	C4.2	Economic Strategy	<ul style="list-style-type: none"> Deliver good economic growth Increase opportunities for all Increase productivity of core sectors
Cultural passports for Young People	<p>Funding to produce a cultural passport for the region's young people (secondary school age) to engage in free cultural opportunities across the region, building support from the sector, including funding for day-trips for schools in areas of need.</p> <p>Develop a proposal to support schools access AONB, nature reserves and other green spaces</p>	A4.2	Cultural Strategy	<ul style="list-style-type: none"> Deliver good economic growth Increase opportunities for all Supporting health and wellbeing for all communities Strong culture and heritage
