# EXECUTIVE FORWARD PLAN

## What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at [www.york.gov.uk](http://www.york.gov.uk)

## What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

## What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
  - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
  - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

---

## **What information does the Forward Plan contain?**

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

## **If I have a query about an entry on the Forward Plan, who do I contact ?**

Wherever possible, full contact details are listed in the individual entries in the Forward Plan. If you are unsure how to make contact or have any general enquiries about the Forward Plan, please ring Democratic Services on Tel No. 01904 551031

## FORWARD PLAN ITEM

**Meeting:** Executive Leader (incorporating Finance & Performance)

**Meeting Date:** 11/03/19

**Item Type:** Executive Member Decision - of 'Normal' importance

**Title of Report:** Retail Relief 2019

**Description:** Purpose of Report: To approve the retail relief policy for 2019 introduced by Central Government in its Autumn Statement.

The Government have produced the policy guidelines however the council must approve its own policy based upon these as a condition of the grant to allow it to make the awards.

The Council aims to give the same 28 day notice of non-key decisions, as it does for key decisions, but in exceptional circumstances this may not be possible. In this case, the item will not have been on the forward plan for 28 days due to a government deadline requiring all councils to have an approved scheme in place for April 1 and this being the final meeting of the municipal year.

## FORWARD PLAN ITEM

**Meeting:** Executive

**Meeting Date:** 18/03/19

**Item Type:** Executive Decision - a 'Key Issue' - decision leading to savings or expenditure of £500,000 or above

**Title of Report:** A sustainable future for York with Hyper Hubs

**Description:** Purpose of Report: In the context of York being a One Planet City, the Council engaged with the Office for Low Emission Vehicles (OLEV) and the Go Ultra Low funding programme in order to further our ambitions in terms of putting in place the infrastructure, in terms of rapid charging points or “Hyper hubs” in strategic locations across the City, to accelerate the change in culture and adoption of Electric Vehicles (EV). In 2016 the Council were successful in the bidding process and were awarded the funding. In the Autumn of 2017 we had the opportunity to bid for additional ERDF funding to add an innovative layer to the project. This was the addition of a Solar canopy and battery storage. This would support the implementation of Hyper hubs for EVs at Monks Cross Park and Ride, Poppleton Bar Park and ride and York Hospital (this element is receiving funding support from York Hospital). The proposal at the Park and Ride sites identified above is unique because rather than capture solar energy to push to the grid (as in other projects around the country) the energy would be captured, stored in the batteries and the energy in the batteries would be used by the rapid charging points.

In December 2018 we were notified by Ministry for Housing Communities and Local Government that our ERDF bid was successful pending putting the legal agreements in place. The purpose of this report is to update on the detail, seek approval for creating a budget to accept the additional funding and to seek approval to proceed with the planning and procurement processes in order to deliver the scheme.

The report will ask the Executive to:

- Agree to undertake work in line with the report
- Recommend to council approval of the budget for the Hyper hubs project
- Note the conditions that come with the grant
- Approve the initiation of the consultation process on design in May
- Approve the initiation of the planning process after the consultation process
- Approve the commencement of the procurement process
- Note that a report will be brought back later in the year for a decision on the contract award

It has not been possible to give 28 clear days' notice of the intention to make this Key Decision. The reasons why compliance is impracticable in this matter is in order to allow for the initiation of consultation and planning procedures prior to May 2019, in line with the European Regional Development Fund (ERDF) timeframe.

### Implications

**Level of Risk:**

**Reason Key:** A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

### Implications

**Level of Risk:**

**Reason Key:**

A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a

decision which itself was a key decision e.g. the award of a contract.

## FORWARD PLAN ITEM

**Meeting:** Executive Member for Education, Children and Young People

**Meeting Date:** 19/03/19

**Item Type:** Executive Member Decision - of 'Normal' importance

**Title of Report:** Placement review - Foster carer review

**Description:** Purpose of Report: This report provides an update and recommendations relating to the Placement Review which is focused on placement sufficiency for children in care. Placement sufficiency is at a critical stage in York. Despite the number of children in care remaining relatively stable over the previous 3 years, the diversity and complexity of placement requirement is changing. Increasingly Children's Social Care are in a position where they are unable to place children and young people in existing Council provision and are having to purchase, often at short notice, external / private foster or residential placements that are expensive and may not be value for money in the context of the individual child.

The review is focused on 1. foster care – support, training, recruitment and remuneration, 2. residential provision and alternative innovative sufficiency options.

This report outlines the intended approach to meet our sufficiency by retaining and recruiting more foster carers and procuring other provisions.

Foster Care - Changes are proposed to the foster carer additional allowances, see Annex B in the report for a summary of these changes. This will ensure greater consistency, transparency and equity across the fostering workforce. It will also incentivise foster carers to offer multiple placements and emergency placement which should increase sufficiency. The review has taken into consideration the work with disabled children around COE and the need to increase community capacity with additional needs. Short break foster carers will be aligned with their mainstream colleagues in relation to finance, support and training.

Residential/Alternative provision - The review will look at different types of provisions, including through the White Rose framework, rather than just replicating our current residential provision. The procurement process will procure a varied offer, to complement our foster care offer, which may include solutions to emergency and short term placements; placements for adolescents, placements for children with complex and additional needs, support to our foster carers during the evening and weekend, out hours outreach support to foster carers and children on the edge of care.

This item has been deferred to the meeting of the Executive on Thursday 7 March 2019. This is to allow for further detailed discussion to take place that will inform the paper.

This item will now be considered by the Executive Member for Education, Children and Young People on Tuesday 19 March 2019.
