

## Community Impact Assessment: Summary

### 1. Name of service, policy, function or criteria being assessed:

Health and Wellbeing Communities Funding

### 2. What are the main objectives or aims of the service/policy/function/criteria?

- The primary aim of the Health and Wellbeing Communities Funding is to support the prevention and/or delay of people needing to access formal care packages and statutory support, and where people already have formal care and support, prevent or delay the need for this to increase. By intervening early and a supporting low level community activity, the aim is to ultimately reduce adult social care expenditure, and ensure people receive the right level of support at the right stage. The aim of the programme would be to stimulate residents into action and to develop initiatives supporting the local communities and utilise the funding available to develop new sustainable initiatives but not provide ongoing funding for service provision. Targeted funding can also be achieved by officers working with local wards/communities to ensure areas which have specific needs can work together and access the “central” pot to deliver services purchased on a broader basis but delivered within specific localities.

## Community Impact Assessment (CIA)

**Community Impact Assessment Title:** Health & Wellbeing Communities Funding

What evidence is available to suggest that the proposed service, policy, function or criteria could have a negative (N), positive (P) or no (None) effect on quality of life outcomes? (Refer to guidance for further details)

Can negative impacts be justified? For example: improving community cohesion; complying with other legislation or enforcement duties; taking positive action to address imbalances or under-representation; needing to target a particular community or group e.g. older people. NB. Lack of financial resources alone is NOT justification!

### Community of Identity: Age

Evidence	Quality of Life Indicators	Customer Impact (N/P/None)	Staff Impact (N/P/None)
The funding will be available for initiatives that support older people and vulnerable adults of all ages.	Potentially: <ul style="list-style-type: none"> <li>- Access to Services</li> <li>- Health</li> </ul>	P	None

Details of Impact	<i>Can negative impacts be justified?</i>	Reason/Action	Lead Officer	Completion Date
The funding is available for vulnerable people of all age groups, but older people are one of the key identified groups, so it is anticipated there will be a particularly positive impact for this group	N/A	N/A	Catherine McGovern	March 2016

**Community of Identity: Carers of Older or Disabled People**

Evidence	Quality of Life Indicators	Customer Impact (N/P/None)	Staff Impact (N/P/None)
We anticipate this will have a positive impact for carers because we have identified support for carers as one of our priority areas for use of this funding	Potentially: <ul style="list-style-type: none"> <li>- Access to Services</li> <li>- Health</li> </ul>	P	None

Details of Impact	<i>Can negative impacts be justified?</i>	Reason/Action	Lead Officer	Completion Date
It is not possible to identify clear details of the impact at this stage, until we have finalised information about projects we will be funding, but we aim to ensure these provide a range of additional emotional and practical support for carers, including potential use of technology options to support carers.	N/A	Ensure that chosen initiatives can demonstrate additional support for carers	Catherine McGovern	March 2016

**Community of Identity: Disability**

Evidence	Quality of Life Indicators	Customer Impact (N/P/None)	Staff Impact (N/P/None)
We judge this will have a positive impact for disabled people because the primary purpose of this funding is to increase the community based support for older people and vulnerable people of all ages, including those with a physical and/or learning disability, and/or people with a mental health problem.	Potentially: <ul style="list-style-type: none"> <li>- Access to Services</li> <li>- Health</li> </ul>	P	None
