**KCR 1 FINANCIAL PRESSURES: The ongoing government funding cuts and more recently the impact of Covid will continue to have an impact on council services.** Over the course of the last 10 years there has been a substantial reduction in government grants leading to significant financial savings delivered. The council needs a structured and strategic approach to deliver the savings in order to ensure that any change to service provision is aligned to the council's key priorities. In addition other partner organisations are facing financial pressures that impact on the council.

**KCR 3 EFFECTIVE AND STRONG PARTNERSHIPS: Failure to ensure partnership arrangements are fit for purpose to effectively deliver outcomes.** In order to continue to deliver good outcomes and services, the council will have to enter into partnerships with a multitude of different organisations whether they are public, third sector or commercial entities. The arrangements for partnership working need to be clear and understood by partners to ensure they deliver the best possible outcomes.

**KCR 4 CHANGING DEMOGRAPHICS: Inability to meet statutory duties due to changes in demographics.** York has a rapidly changing demographic in relation to both residents and business. This brings with it significant challenges particularly in the delivery of adult social care and children's services. **KCR 8 LOCAL PLAN: Failure to develop a Local Plan could result in York losing its power to make planning decisions and potential loss of funding.** The council has a statutory duty to develop a Local Plan, a city wide plan, which helps shape the future development in York over the next 20 years. It sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses. The Local Plan is a critical part of helping to grow York's economy, create more job opportunities and address our increasing population needs.

<p>Failure to agree and adopt a Local Plan for the City.</p> <p>The Draft Local Plan has started but not completed the Examination stage. There remains a risk that if the Plan fails this stage more work may be required and / or the plan has to be withdrawn by Council and submitted again after the evidence base has been updated. In these circumstances the overall risk score remains unchanged.</p>	<p>The Local Plan Examination process continues and the policies in draft Local Plan is a "material planning consideration" in the consideration and determination of planning applications. Development proposals which are not in accordance with the Draft Plan may continue to be submitted as planning applications, resulting in refusals of planning permission and an increase in planning appeals. An "adopted" Local Plan following the Examination by the Planning Inspectors would carry greater weight than the draft Plan.</p> <p>There may be a negative impact on the council's strategic economic goals and may have an adverse impact on investment in the city until there is an adopted Local Plan which provides greater direction through land use allocations and policies</p>	Probable	Major (20)	<p>The Plan is at the Hearing stage of the Examination Process (which commenced Dec 2019)</p> <p><b>NEW:</b> Correspondence as to the latest local plan position is regularly published on the Councils website to ensure all parties are kept abreast of the Planning Inspector and CYC dialogue.</p> <p>The plan following national guidance, good practice and specialist legal advice.</p> <p>Continued close liaison with:</p> <ul style="list-style-type: none"> <li>• MHCLG,</li> <li>• Planning Advisory Services</li> <li>• Planning Inspectorate</li> <li>• The appointed planning Inspectors.</li> </ul> <p>The Local Plan Working Group (LPWG) , the Executive and full Council have all been engaged in the plan making process at appropriate stages and before submission of Draft Local Plan for Examination.</p>	Possible	Major (19)	New Control	Ongoing action: Monitoring of controls (Neil Ferris, 31/03/2022)

**KCR 11 EXTERNAL MARKET CONDITIONS: Failure to deliver commissioned services due to external market conditions.**  
 The financial pressures experienced by contracted services (in particular Adult Social Care providers) as a result of increases to the living wage and Covid-19 could put the continued operation of some providers at risk. The Council has a duty to ensure that there is a stable/diverse market for social care services delivery to meet the assessed needs of vulnerable adults/children.  
 Some services provided by the Council cannot be provided internally (eg Park and Ride) and must be commissioned. External market conditions such as the number of providers willing to tender for services may affect the Council's ability to deliver the service within budget constraints.

**KCR 12 MAJOR INCIDENTS: Failure to respond appropriately to major incidents.** Local Authorities are required by law to make preparations to deal with emergencies. Local Authorities have four main responsibilities in an emergency 1. to support the Emergency Services, 2. to co-ordinate non-emergency organisations, 3. to maintain their own services through a robust Business Continuity Management process, 4. to facilitate the recovery of the community and 5. since 2013 the council also has a statutory duty to protect the health of the population under the Health and Social Care Act 2012 and the transfer of public health responsibilities to local authorities. The Council must ensure that its resources are used to best effect in providing relief and mitigating the effects of a major peacetime emergency on the population, infrastructure and environment coming under it's administration. This will be done either alone or in conjunction with the Emergency Services and other involved agencies, including neighbouring authorities.
