Minutes the meeting of the Parish Council held at 19:30 Tuesday 8th November in The Old Library, Fulford Social Hall, School Lane, Fulford, York.

Present: Cllr. Juliet Koprowska (Chair); Cllr. Keith Aspden (Vice-Chair); Cllr. Mary Urmston; Cllr. Andrew Vevers; Cllr. Geof Walker; 2 members of the public and the Clerk.

22126. Chair's welcome

The Chair welcomed all present to the meeting.

22127. To receive apologies and approve reasons for absence

Apologies were received from and reasons for absence approved for Cllr. Clare, Cllr. de Vries and Cllr. Marsh.

22128. To receive any declarations of interest

Cllr. Aspden declared an interest in all items pertaining to City of York Council in his capacity as Leader of the Council. Cllr. Koprowska declared a personal interest in Items 22136.a.i), 22136.a.ii) and 22141 (community group query relating to social hall hire rates).

22129. To receive and approve the Minutes of the Parish Council Meeting held on 4 October 2022

The Minutes of the Parish Council Meeting of the 4th October 2022 were approved as a true record.

22130. To receive and consider Parishioners' Questions:

Two representatives of Fulford Tennis Club raised concerns that Option C for the planned works at the Parish Field on School Lane, favoured by the Public Consultation and supported by the Parish Council makes no provision for additional tennis courts. They advised the Parish Council that previous reciprocal arrangements with Fulford School would no longer be available to the Tennis Club and future use of the school's tennis courts would result in the introduction of charges of £25 per hour to the Club. Whilst the School had offered a slightly reduced charge for a block booking over the summer, provided it were booked the previous autumn, the charges would remain prohibitive and there were issues relating to safeguarding for the junior members if being coached at the school's courts as they would need to access the Pavilion for its facilities without supervision (the school's toilet facilities would not be available for them to use).

The Club representatives explained that the future unavailability of use of the school's tennis courts would impact the coaching available to existing and new members, particularly the 150 junior members they say most of whom are resident in Fulford. In acknowledgement of the points raised in the Public Consultation, they requested a change to the plans to include 1 tennis court with provision for the availability of a weekly free group session, a booking system with free access for members of the public and to host free tennis days/events.

It was noted that any change in plans would most likely require a further public consultation and that the reduction from two courts to one may not redress the public and Parish Council's concerns for the reduced area of open space if an enclosed hard surface should be added. An additional court would also reduce the space for other sports to be accommodated, something which was also highlighted in the public consultation. It was further noted that the Community Use Agreement should have enabled use of the school's facilities by the Tennis Club and Fulford residents.

Cllr. Aspden asked the Tennis Club representatives to send their proposals in writing to him to explore options with the school's management. It was RESOLVED to include consideration of the Tennis Club's offer and requests at the next Parish Council meeting.

22131. To note correspondence received at Appendix 1 and decide if any action is necessary to include

a. Sports Club request for chemical treatment application for the parish field and contribution towards the £400 cost.

Councillors expressed concerns at the prospect of the use of chemicals on an area of public open space and the impact this may have on the environment. It was RESOLVED to deny permission for the use of the chemicals.

b. Sports Club minutes of the meeting of 19th October

The minutes were noted.

c. Emails relating to the appearance of stiles at Footpath 5_23_10

It was noted that CoYC had responded to reports made by residents and were taking relevant action for which a response from the landowner was required by 30th November.

d. Emails relating to York & North Yorkshire Devolution Deal Consultation

Cllr. Aspden agreed to forward a Powerpoint presentation of the information on the deal to councillors.

e. Email relating to York Enhanced Partnership for Buses

No action was deemed necessary.

f. YLCA Emails relating to Civility & Respect New Model Councillor-Officer Protocol

It was RESOLVED to consider a pledge to the Civility & Respect protocols at the next meeting.

g. Emails from Fishergate Planning Panel relating to 141 Broadway

Discussion of this correspondence was deferred to Item 22136.b.ii)

h. NALC PC7-22 DLUHC Committee funding review consultation (deadline 18 November)

No action was deemed necessary.

22132. To consider and confirm any decisions taken using delegated powers listed at Appendix 2

It was RESOLVED to confirm the decision taken using delegated powers on 12th October to respond to Paul Forrest's queries relating to the Parish Field Project in the terms drafted.

22133. To receive and consider a report from the Ward Councillor and decide on any necessary action

Cllr Aspden reported that a Residents' Flood Defence Meeting had been held at the Social Hall on 31st October and there was another scheduled for 21st November, following which the planning application will be submitted so that it can be assessed before the end of year. Cllr. Aspden mentioned the importance of the application being determined before April to ensure that it falls within this financial year. Cllr. Urmston agreed to circulate scanned plans to councillors prior to the 21st November residents' meeting.

Cllr. Aspden reported that two new schemes had been agreed by the Ward Committee – resurfacing at Heslington Croft and new storage containers for buggys and bikes at West Moor Flats on Fordlands Road.

Cllr. Aspden reported that he had had a walkabout at Footpath 12 with a resident. It was noted that the particular issue had been raised with CoYC some time earlier and work was ongoing to reach a solution.

22134. To receive and consider any report from the Police and decide on any necessary action

The September and October reports from the Police were noted. It was further noted that new arrangements for PCSOs might be upcoming.
