Dear Lesley

**Re: Revolution (CYC/012627)**

I write to make a representation about Inventive Leisure Ltd's application for the grant of a premises license on grounds of prevention of public nuisance.

Bar 38 (the current occupiers of the premises) have recorded music regularly on Fridays, Saturdays and Sundays and regularly cause nuisance to cinema customers, particularly with the vibrations of the music.

We do not wish to impede Revolution's application for their licence but we would wish to see the Licensing Authority ensuring that there are adequate safeguards to prevent noise nuisance to customers in adjoining buildings.

Yours sincerely

*Anthony S-Clarke*
