Community Impact Assessment (CIA)

Community Impact Assessment Title:

What evidence is available to suggest that the proposed service, policy, function or criteria could have a negative (N), positive (P) or no (None) effect on quality of life outcomes? (Refer to guidance for further details)

Can negative impacts be justified? **For example: improving community cohesion; complying with other legislation or enforcement duties; taking positive action to address imbalances or under-representation; needing to target a particular community or group e.g. older people.** NB. Lack of financial resources alone is NOT justification!
