# EXECUTIVE FORWARD PLAN

## What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at [www.york.gov.uk](http://www.york.gov.uk)

## What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

## What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
  - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
  - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

---

## **What information does the Forward Plan contain?**

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

**Description:** Purpose of Report: The Joint Head of H&S for York and North Yorkshire Councils has spent over a year restructuring at North Yorkshire County Council (NYCC) and looking at best practice across both H&S services. To ensure resilience and best use of resources, staff needed to start working as one workforce so resources and skills can be moved across both services.

On 9th May 2016 the Executive Member for Environment agreed the establishment of closer organisational arrangements supported by formal secondment agreements for City of York Council (CYC) staff and an service level agreement (SLA) to ensure that the form, resilience and quality of H&S service received by CYC is at least maintained if not improved.

The Executive Member requested that an interim report be received at a future Decision Session to ensure the Executive Member and residents are kept informed of the CYC/NYCC approach to ensuring the H&S services are resilient and are better able to support the two organisations, as specified in the original report.

## FORWARD PLAN ITEM

**Meeting:** Executive Member for Environment

**Meeting Date:** 09/01/17

**Item Type:** Executive Member Decision - of 'Normal' importance

**Title of Report:** Steps Towards a Single Health & Safety (H&S) Organisation - Options for Change

**Description:** Purpose of Report: The Joint Head of H&S for York and North Yorkshire Councils has spent time reviewing and implementing best practice across both H&S services. To ensure resilience and best use of resources staff have started working informally as one workforce so resources and skills can be moved/shared across both services.

On 9th May 2016 the Executive Member for Environment agreed the establishment of closer organisational arrangements supported by formal secondment agreements for City of York Council (CYC) staff to North Yorkshire County Council (NYCC) supported by an service level agreement (SLA) to ensure that the form, resilience and quality of H&S service received by CYC is at least maintained if not improved. In November 2016 he will receive a progress update report to ensure progress is as expected and delivering planned benefits of closer working.

It was agreed in May 2016 that this arrangement would be short term to last no more than a year, and during this time an options paper and business case will come to the CYC and NYCC Executives to set up a formally constituted shared organisation with the options around the various service delivery models available to do so, including 'no change'. It is planned to bring the options paper to the Executives in January 2017.

**Meeting Date:** 24/01/17

**Item Type:** Executive Member Decision - of 'Normal' importance

**Title of Report:** Provision of School Places from 'Basic Need' Capital - Spending Priorities and Schemes from September 2017

**Description:** Purpose of Report: This report seeks Executive approval for spending of 'Basic Need' capital for the provision of school places in order to accommodate rising pupil numbers for the start of the school year in September 2017 and beyond. 'Basic Need' funding is provided directly to Local Authorities for the purposes of ensuring a sufficient supply of school places, and together with forecast pupil numbers in planning areas across the city, informs the priorities for where additional provision is required.

Members are asked to approve the proposed budgets and spending allocations for a small number of schemes – including ensuring that the temporary accommodation required at Acomb Primary School for bulge classes admitted in September 2016 is in place for September 2017.

Update: It has been agreed that this decision will be taken by the Executive Member for Education, Children and Young People on 24 January rather than Executive on 26 January 2016 as this paper will now only focus on gaining approval for one Basic Need scheme to be delivered in time for the start of the school year in September 2017 rather than a wider programme of works.

### Implications

**Level of Risk:**

**Reason Key:** A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant

if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

**Making Representations:** By email to the report author.

**Process:** Schools across the LA area are kept informed of pressures in the provision of school places, and the challenges around ensuring a sufficient supply. In early 2017 schools will be provided with detailed forecasts for their areas and a wider overview across the city. These forecasts will be over the next 5-7 years pupil numbers and will form the basis of consultation to come where is an evident shortage of places, as may be likely particularly in the South and West of the city.

**Consultees:** to date: Acomb Primary School – headteacher and chair of governors. In future: headteachers and governing bodies of all schools in the City of York area, any affected communities, and parent/carers of children in the area who respond to consultation documents.
