

The 'Better Decision Making' tool has been designed to help officers consider equalities and social, economic and environmental sustainability, when developing a new proposal. The purpose of the 'Better Decision Making' tool is to ensure that the impacts of every proposal are carefully considered and balanced, and that decisions are based on evidence.

The questions contained within this tool draw upon priorities set out in the Council Plan, and will help us to realise its ambitions by maximising the opportunity to embed positive impacts in the new initiatives we put forward. The tool is key to ensuring that we as a council meet our statutory duties set out in the Equalities Act (2010) to provide inclusive and discrimination-free services. Essentially, it is a tool that helps deliver decisions that we can have confidence in.

The 'Better Decision Making' tool should be used for proposals going to the Executive, whether to propose a new project, policy or strategy, or to make changes to services.

**Sections 1–7** of this form should be completed as soon as you have identified a potential area for change, and when you are just beginning to develop a proposal. This should be done to identify any potential negative impacts and highlight any areas for improvement. If you are following the All About Projects Framework it should be completed before going through Gateway 2.

**Section 8** of this form should be filled in once you have completed your proposal and prior to being submitted for consideration by the Executive. This is to demonstrate how the proposal has been amended in light of information gathered in Sections 1–7. If you are following the All About Projects Framework it should be completed before going through Gateway 5.

Please note that your answer to Question 8.4 in Section 8 must be reported in Executive reports, and the full 'Better Decision Making' tool must be attached as an annex.

Guidance on completing this assessment is available by hovering over the text boxes. The full guidance document can be accessed by following this link to the 'Better Decision Making' tool on Colin.
