#### **4. Steps Towards a Single Health & Safety (H&S) Organisation Update**

Resolved: (i) The progress of closer working between North Yorkshire County Council and City of York Council Health and Safety Teams operating under a single Head of Health and Safety be noted.

(ii) The continued working arrangements for the short term be endorsed whilst an options paper and business case be developed for submission to the Executive for a more long term arrangement.

Reason: To ensure that the Executive Member and residents are informed of the City of York Council/North Yorkshire County Council approach to ensuring the Health and Safety services are resilient and are better able to support the two organisations.
