EXECUTIVE FORWARD PLAN

What is the Executive Forward Plan?

The Executive Forward Plan is a list of all non-key and key decisions the Authority intends to take during the next four month period. The Plan is updated weekly, every Monday and is available to view on-line at www.york.gov.uk

What is a non-key decision?

For the purposes of the Plan, a non-key decision is defined as a 'decision of normal importance' which:

- the Executive can collectively take as set out in Part 3 of the council's constitution
- which any Executive Member can take individually in line with the Council's Scheme of Delegation

What is a key decision?

A key decision is defined as a decision which is likely:

- to result in the Council incurring expenditure, or making savings, which are significant having regard to the Council's budget for the service or function to which the decision relates i.e.:
 - make a saving of more than 10% of the budget for a particular area - or be more than £500,000
 - require spending that is more than 10% of the budget for a particular area - or be more than £500,00
- to be significant in terms of its effects on communities

Such 'key decisions' can only be taken by the Executive, unless they have been **specifically** delegated to an Executive Member or Officer, or unless the Leader or Chief Executive is exercising their urgency powers.

What information does the Forward Plan contain?

In relation to each issue entered on the Forward Plan, there are details of:

- the date on which or time period within which the decision will be taken;
- the wards affected;
- how to make representations on the issue in hand; and
- what the consultation will be taking place, where applicable.

If I have a query about an entry on the Forward Plan, who do I contact ?

Wherever possible, full contact details are listed in the individual entries in the Forward Plan. If you are unsure how to make contact or have any general enquiries about the Forward Plan, please ring Democratic Services on Tel No. 01904 551031

Implications

Level of Risk:

Reason Key: A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made

as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

Implications

Level of Risk:

Reason Key: A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than

£100,000 where the savings or expenditure exceeds 10% of the budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

Title of Report: Proposals for Children's Centre and City Centre Youth Offer Provision

Description: Purpose of Report: This paper is a response to the decisions made at an Executive Meeting on 17 March 2016. Members were asked to agree the following:

- endorse the implementation of new place-based prevention and early intervention services within Local Area Teams
- agree to a public consultation and further paper on the delivery of the children's centres as part of the new operating model
- agree to receive a further paper addressing finalised proposals on revising the city wide and city centre youth offer as part of the new operating model

The report will outline the public response to the Children's Centre consultation and identify proposals for both the delivery of services at an early years level, as well as intended plans for the delivery of services from current children's services locations. It will outline preferred options for this and how this will then be implemented as part of the Local Area Teams approach which was endorsed at the March meeting.

The city wide youth offer will be identified to the Executive with specific detail around how the city centre offer will look.

The paper agreed by Executive in March set out the following as key features of the new offer:

- identifying the best delivery vehicle for the counselling service
- early identification, tracking and response to older young people within the Local Area Team model, for proactive engagement within their communities
- a potential shared approach to city centre drop-in access

Members will be asked to:

- approve proposals to review the delivery of children's centre services in line with the Local Area Team approach.
- endorse the plans for the city wide youth offer and redesign of the city centre youth offer within this.

Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

Making Representations: Contact report author

Process: The paper will include specific public consultation on reviewing the use of children's centre services. The approach has been to take views on 3 key proposals within this:

- ensuring support for all families
- do more when families need more
- make the best use of our buildings and staff

The consultation has been delivered in a variety of ways to residents, families and practitioners across the city. An online survey is in process as well as one to one support for more targeted families to contribute where needed. Various forums with children's centre customers and partners will also be included. The consultation itself has been designed in conjunction with children's centre staff and current centre users.

A consultation on city centre access to support was completed in Autumn 2015 and was included within the Executive meeting in March 2016. Elements of this will again be referred to. Work has

also been undertaken with Castlegate and Connexions staff, and partners involved in city centre offers to young adults and older young people.

As the wider Local Area Team model progresses, a series of staff and partner engagement communications and sessions have been undertaken to ensure ongoing dialogues as the model develops.

To date consultees have included:

- Children's Centre service users
- whole city population
- young people accessing Castlegate
- CYC staff (with a focus on CSES and CANS)
- partner agencies

Implications

Level of Risk:

Reason Key: A decision which is likely to result in the Council incurring expenditure, or making savings which are significant having regard to the Council's budget for the service or function to which the decision relates. The savings or expenditure are significant if they are equal to or greater than £500,000 or equal to or greater than £100,000 where the savings or expenditure exceeds 10% of the

budget for the service plan area whichever is the less. Expenditure in excess of these levels will not constitute a key decision if such expenditure is made as part of the implementation of a decision which itself was a key decision e.g. the award of a contract.

Process: The Health and Social Care Act (2012) outlined new statutory responsibilities to local authorities (LA) for the health of their populations. From the 1st April 2013 City of York Council assumed key responsibilities across the three domains of public health – health improvement, health protection and healthcare. Some elements of the treatment of problematic alcohol and drug users at this time became the responsibility of City of York Council. In York this responsibility is managed within the public health team governed by the Director of Public Health. The key elements of responsibility are set out in the government's alcohol and drug strategies and within the statutory responsibilities of the public health provision within local authorities. Some elements of the provision of alcohol and illicit drug treatment are statutory, alongside the required outcome set out in PHOF2.15. This requires local authorities to report on their achievement of providing services which enable customers to sustain abstinence from substance misuse post treatment..

The service provision of alcohol and illicit drug treatment is subject to regular consultation in a variety of ways. For the purposes of re-commissioning the following has taken place:

1. A time limited alcohol and Illicit drugs commission steering group formulated. This includes key partners and provides a forum for ongoing consultation leading up to procurement.
2. Service recipients and their families have been given opportunities to formally engage with the PH commissioning group.
3. Previous service recipients have been consulted in a series of forum events across the year.
4. Clinical practitioners have been engaged through the CCG
5. Partners and co-commissioners such as the OPCC and CCG have been formally engaged in a series of meetings to explore opportunities and thoughts on the format for re-commissioning.
6. Industry experts were consulted formally to assess the potential model for re-commissioning
7. Academic specialists were consulted and key academic research was searched to inform thinking.
8. Academic evaluation took place to inform the evaluation of the

current models and to highlight areas of improvement.

Meeting: Executive Member for Environment

Meeting Date: 05/09/16

Item Type: Executive Member Decision - of 'Normal' importance

Title of Report: Air Quality Update and Annual Status Report

Description: Purpose of Report: To provide an update on air quality in the city and progress made with implementation of Air Quality Action Plan 3 (AQAP3), following the submission of the Annual Status Report (ASR) to DEFRA. The report is provided for information only.

From June 2016, Government is introducing an ASR for local authorities in England. The key functions of the ASR are to provide a public-facing summary of the local air quality situation and the main air quality improvement measures being taken. The ASR also includes a technical report with more detailed information as well as monitoring/modelling of key pollutants.

The Executive Member is asked to note the contents of the report.
