

PETITION

We, the undersigned, as shopkeepers and business individuals trading in the vicinity of Bishopthorpe Road/ Scarcroft Road, ask the City Of York Council to install C.C.T.V. covering the aforementioned area. This is mainly due to a substantial increase in anti social behaviour in this area. We ask that you consider our request at the next council meeting dated 04.10.07.

We also ask you to reconsider the position/ siting of the recycling bins on the Bishopthorpe Road Car Park. Even though recycling is of great importance, the loss of up to 9 parking spaces serving primarily the local businesses, coupled with the respark system, is making it difficult for people to stop & shop.
