Consultation

4. Not applicable

Options

5. It is a statutory requirement under Local Government Act 2003 for the council to operate in accordance with the CIPFA prudential Code and the CIPFA Treasury Management in the Public Services Code of Practice “the Code”. No alternative options are available.

Council Plan

6. Treasury management is an integral part of the council’s finances providing for cash flow management and financing of capital schemes. It aims to ensure

that the council maximises its return on investments, (whilst the priority is for security of capital and liquidity of funds) and minimises the cost of its debts. This allows more resources to be freed up to invest in the Council's priority areas as set out in the council plan. It therefore underpins all of the council's aims.

Implications

7. The implications are
 - Financial – the security of the Council's capital funds is a priority, maximising returns on investments is still key along with minimising the finance costs of debt.
 - Human Resources - there are no human resource implications to this report.
 - One Planet Council / Equalities - there are no One Planet Council or equality implications to this report.
 - Legal - there are no legal implications to this report.
 - Crime and Disorder - there are no crime and disorder implications to this report.
 - Information Technology - there are no information technology implications to this report.
 - Property –there are no property implications to this report.
 - Other – there are no other implications to this report.

Risk Management

8. The treasury management function is a high-risk area because of the volume and level of large money transactions. As a result of this the Local Government Act 2003 (as amended), the CIPFA Prudential Code and the CIPFA Treasury Management in the Public Services Code of Practice (the code) are all adhered to as required.

Recommendations

9. Audit & Governance Committee note and scrutinise the Treasury Management Annual Report and Review of Prudential Indicators 2016/17 at Annex A

Reason: That those responsible for scrutiny and governance arrangements are updated on a regular basis to ensure that those implementing policies and executing transactions have properly fulfilled their responsibilities with regard to delegation and reporting.
