### **Effective Organisation Overview & Scrutiny Committee**

# 'CYC Apprenticeships & Other Work Based Learning Opportunities' Scrutiny Review

#### **Proposals For The New Framework**

Providing Impetus and setting a framework for Action

- A Workforce development Plan has been developed by HR, supported by the Corporate Management Team which sets out a clear priority for increasing the numbers of young people in the organisation using Apprenticeship schemes.
- To strengthen this, CMT agreed that an 'automatic' Apprentice scheme would be used within an agreed decision making framework
- A cross Council Steering Group is being developed to monitor progress and impact of the Workforce plan
- HR will take a pro-active role in advising Managers at the point at which decisions are made about recruitment
- Activities based around communications and engagement will be needed to ensure recruitment managers are clear of the priorities and their role
- HR will provide a recruitment framework which will make it easier for Managers to take on Apprentices
- HR will identify existing Apprentices and hold records which will assist and improve reporting
- It is proposed that reporting will take place through the Steering group

#### **Additional Steps**

At the time of presenting these proposals to the Effective Organisation Overview & Scrutiny Committee, they had yet to be consulted upon with Trade Unions and Service Directorates.

## Process Map – goals, reporting and actions.

Stage of the process	Goal	Reporting frequency, content and structure	Actions
1.Identification of a vacancy or work experience opportunity.	All suitable vacancies at the agreed grades will be offered to young people, including those with learning difficulties, to increase the number of young people in the Council.  Managers alert HR when these vacancies occur as part of the 'request to fill a vacancy' process.	Directorates to report progress to the proposed Workforce Plan Steering Group on a quarterly basis.  HR sets up quality monitoring arrangements for stages 1-4 in this process (recruitment), and reports by exception.	HR will develop a list of posts that will be exempt from the initiative.  HR will develop a policy detailing that all post below a set grade level should be considered automatically as an apprenticeship/ work experience opportunity, unless they are exempt.  Policy will also encourage managers to offer work experience and alternative recruitment methods (such as via the Recruitment Pool).
2.Receipt and sifting of applications	Safeguard against young people being disadvantaged by lack of experience or qualifications.	HR reports demographic composition of all applicants through the e-recruitment system.  Recruiting managers to provide feedback to unsuccessful candidates if requested.	Demographic information will allow the Council to evaluate the effectiveness of the strategy.  Providing feedback will assist disadvantaged young people in their search for employment. This should also have a positive effect on the reputation of CYC as a responsible employer.
3. Interviews and selection	Safeguard against young people being disadvantaged by lack of experience or qualifications.	HR will monitor the quality of feedback and report findings to DMTs.	Interviewers to provide written feedback to unsuccessful interviewees if requested.

		Taxa a same a	Т
		Attendance at training events will also be monitored to ensure interviewers are equipped with the	
		correct skills and competencies.	
		HR reports demographic composition of all applicants through the e-recruitment system.	
		Young applicants are asked to provide qualitative feedback on their experience.	
4.Probationary period and first year of employment	Young people are encouraged to develop through gaining skills and qualifications which are beneficial	Training providers report on progress to managers.	Managers will set qualifications as development objectives and track progress through regular reviews.
	to both themselves and the authority.	Managers feed back to Directorate Management Teams.	Attitudes and opinions of target groups to be captured through the Staff Survey.
	Ensuring all young people (25 and under) currently in Council employment have level 2/3 qualification/s.	HR will identify current skill levels of all staff and report results to Workforce Plan Steering Group and DMTs.	Skills audit planned to commence in the summer as part of an exercise to gather and cleanse data for inputting onto the new HR payroll system in the new year.
		HR will host a 'qualifications fair' with providers in the city to	, system in and men years
		encourage and promote training opportunities. Outcomes and	
		take-up levels will be communicated to the Workforce	
		Plan Steering Group.
