Age profile of children and young people

The survey was sent to all parents of six year olds in York schools. Table 4.1 shows the profile of age ranges of parents that responded to the survey.

Age	Total number	Age	Total number	Age	Total number	Age	Total number
0	6	4	15	8	10	12	3
1	12	5	85	9	12		
2	24	6	61	10	8		
3	42	7	15	11	2		
Table 4.1							

As would be expected, the majority of respondents had children aged around 5 or 6 years old. The number of responses for young people of 10 and over is significantly lower and as such results relating to this group should be viewed with more caution.

Household income

Table 5.1 shows how respondents answered question 12 relating to household income.

Household income?	Total
£1300+	47
£1000-£1300	25
£501-£1000	97

Less than £100	2

Table 5.1

Chart 5.1 shows the profile of respondents weekly household income.

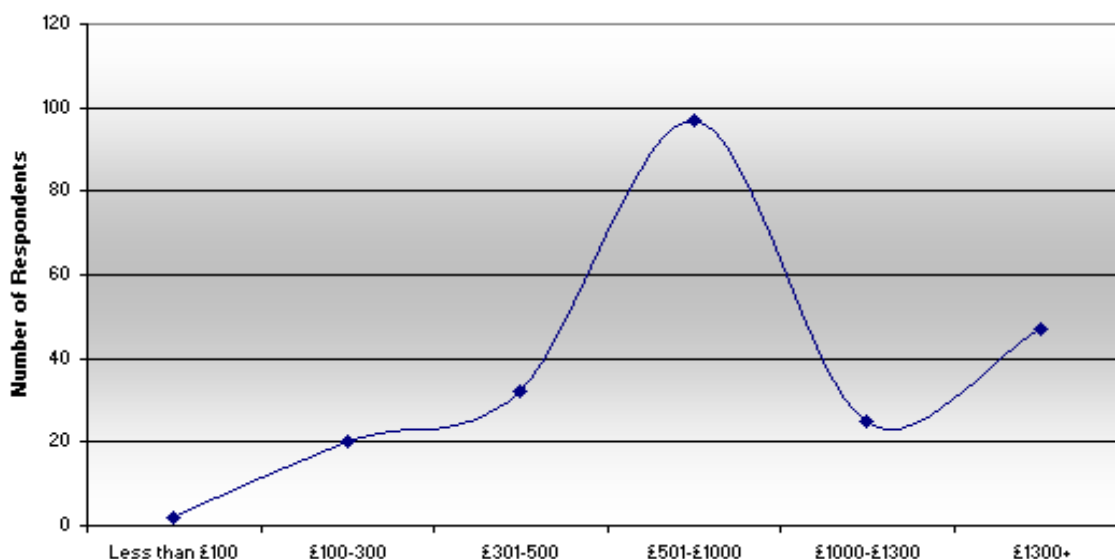

Chart 5.1

The profile shows that there has been a low response rate from those with an income of below £300. The majority of those responding have a household income of between £501-1000 per week.

Three main reasons for using childcare

Table 6.1 shows how respondents ranked the main reasons they use childcare.

Ranking	Work	Training / Study	Social Activities	Respite	Free 3/4 year old provision
1	163	11	15	9	38
2	8	20	17	12	23
3	7	10	14	10	3
Grand Total	178	41	46	31	64
Weighted Average	1.12	1.98	1.98	2.03	1.45

Table 6.1

Where table 6.1 talks about “weighted average” this shows the average ranking that was given to that reason. By looking at these weighted averages it is possible to put in order the main reasons parents gave for using childcare:

- 
- Work
 - Free 3 and 4 year old provision
 - Training / study
 - Social activities
 - Respite

Table 6.2 shows the main reasons for using childcare broken by household income. Work remains a key feature as a main reason for using childcare across the income ranges. However the second and third reasons for accessing childcare do seem to vary more according to household income.

Household income	Main reason	Second reason	Third Reason
£1300+	Work	Respite	Free 3&4 year old funding
£1000-£1300	Work	Respite	Free 3&4 year old funding
£501-£1000	Work	Free 3&4 year old funding	Training / study
£301-500	Free 3&4 year old funding	Work	Social Activities
£100-300	Work	Free 3&4 year old funding	Training / study
Less than £100	Work and Free 3&4 year old funding joint top		No third main reasons given.

Table 6.2

Types of childcare used in the last year and average cost

Table 7.1 shows what types of childcare have been used in the past year and how much parents feel on average this has cost them (per child per week).

	Number used in last year	Average cost per child per week
None	32	£0.00
Nanny	6	£140.80
Childminder	47	£35.19
Family/friend	98	£3.43
Creche	8	£44.29
Day Nursery	61	£79.77
School Nursery	12	£25.00
Pre-School Playgroup	54	£10.22
Before School Club	40	£8.24
Lunch Club	9	£3.81
After School Club	71	£15.42
Holiday Club	55	£51.65

Table 7.1

How childcare is taken does seem to show some variations according to household income.

- There seems to be a peak of those least likely to be using childcare in the £301-£500 range.
- The income range of £301-£500 is also least likely to be using a childminder.
- The use of families and friends is fairly steady across the income ranges although slightly lower for those in the £1,300+.
- Day nurseries seem to be less likely to be used by those in the £100-£300 and £501-£1000 range. However there is a spike of usage between these ranges for those with an income of £301-£500.
- Families with a weekly household income of £100 - £500 are less likely to use an after school club or a holiday club.

How many hours of childcare used per week by age of child

Table 8.1 shows the average number of hours of childcare that is being accessed broken by the age of the child.

Age	0	1	2	3	4	5	6	7	8
Hours	21.0	15.6	17.5	21.2	15.6	7.2	7.3	9.3	6.4

Age	9	10	11	12	13	14	15	16
Hours	6.6	4.6	6.0	4.0	22.0	0.0	22.0	21.0

Table 8.1

Chart 8.1 shows this average usage in a graph.

Chart 8.1

The profile of chart 8.1 suggests that the biggest users of childcare, in terms of hours, are pre-school children and those in secondary school. However as the survey was sent to parents of six year olds the number of returns for the older age groups means the data is less reliable.

When do people need to access childcare

Table 9.1 shows when parents needed access to childcare.

Out of school activities

This section of questions focuses more on what different types of out of school activities families are accessing, how much they are paying and what activities they would like to access. Table 10.1 shows what types of activities families are currently using.

Table 10.2 shows the number of activities being accessed broken down by household income. To account for the different numbers of families from each income range that have responded a column has been added for “number of activities per family”.

Table 10.2

The profile of number of activities per family is shown in chart 10.1. This shows that generally there is a fairly even take up of activities across the income ranges. However with such a low return rate from those on the lowest incomes this data offers less reliability.

For most types of activities there are more people saying they would use activities (if offered / made available) than are currently taking them up.

Table 12.2 shows a comparison for the number of activities taken up per family to the number of activities that would be taken up per family and broken by school. This should highlight any areas where demand is higher than supply. However there should be a health warning placed against reading to many conclusions from this data given that the number of responses from each individual school can be very low.

As before caution should be taken over looking at the lowest income ranges due to low response rates. However those in the household income range of £501-£1000 seem to be the most unhappy with quality of childcare or out of school activities. The happiest with quality are those in the £1000-£1300 and £1300+ ranges.

Table 17.2

Although table 17.2 is very number heavy there are some key messages which come out of it. It should be stressed though that this may relate not only to the extended services available but also the childcare in the surrounding area.

- Cost is given as a reason at a large number of schools but particularly at Scarcroft Primary, Huntington Primary, Our Lady's, Poppleton Ousebank, and Robert Wilkinson.
- There are a greater number of people giving "nothing available" as a reason for Scarcroft Primary and Huntington Primary. This is another barrier that is also reflected in the 2007 Childcare Sufficiency Assessment.
- Childcare or out of school activities not at the right times or fitting with work is given as a reason at a number of schools but more so for Carr Infants and Ralph Butterfield.

The general theme of comments by school were:

- Huntington Primary – A need for an onsite after school club that runs on a regular basis. This mirrors the findings of the Childcare Sufficiency Assessment.
- Scarcroft Primary – A need for increased capacity of the existing out of school club and more, regular holiday provision.
- Fishergate Primary – A need for flexible after school provision for ad hoc care and also a greater diversity of activities needing to be offered.
- Naburn Primary – A need for before and after school care. There is a recognition that any provision would need support to ensure it is sustainable and also challenges faced in terms of space for the club to run.
- Poppleton Ousebank – One of the parents expressed concern about out of school activities for 11-16 year olds in the area.
- Skelton Primary – Some general comments around the need for a greater range of activities and more of these to be available to those in year 1.

Another reason given for this is not having to make repeated trips if there is more than one child and they are doing different activities.
- A significant number of parents expressed a need for extended hours provision in particular beyond 6pm and, to a lesser extent, before school.
- Some parents said they would like to see better quality activities offered in after school activities.
- Where families have children in different year groups they tend to find it difficult to plan and access activities for all of their children.
- One parent said it can be challenging finding wrap-around care when a child is starting part time at school.
