

Why is reducing traffic speed so important?

Slower speeds give drivers more time to react to a situation and reduce the chances of an accident happening.

At 40mph there is only a 15% chance of survival

At 30mph there is a 60% chance of survival

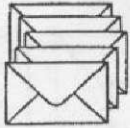

At 20mph there is a 95% chance of survival

Rufforth & Knapton Parish Council Meeting

The Parish Council are holding a Resident's Meeting on **Monday 8th January** at Rufforth Village Hall and these proposals are to be discussed. All of Rufforth's residents are welcome to attend the meeting.

Please complete the enclosed questionnaire

I would be grateful if you would complete the enclosed questionnaire, which should be folded up as directed and returned by FREEPOST. Please send it back to me by **January 16th 2007**.

What happens next?

After 16th January 2007, I will prepare a report to summarise the consultation feedback and set out our recommendations. The Director and Executive Member for City Strategy will then consider the report at an Officer in Consultation meeting. I will write to you again once a decision has been made on the proposals.

When would the proposals be implemented?

If the proposals are approved, the measures will be implemented before the end of March 2007.
