## Section 1: The service

### **Service Description**

The Policy, Improvement & Equalities Team provides key support to the Council's political and managerial leadership and senior managers under three broad headings:

- Policy Development
- Improvement, corporate planning & corporate performance management
- Equalities

Our purpose is to help ensure that the Council to respond effectively to the government's overall modernisation agenda. The team provides the lead in ensuring that national and legislative policy initiatives are interpreted, developed and implemented to reflect local priorities and circumstances. It has a lead role in helping the Council to develop and achieve its strategic ambitions by promoting continual improvement, equality and encouraging an overall performance management culture, which encompasses strategic and service planning. Key areas of service delivery are:

- Corporate horizon scanning and research, corporate policy development
- Identifying key national, regional and local developments that have corporate significance and assessing their implications for the Council.
- Leading corporate strategic planning and prioritisation processes, including the development and publication of the Council's corporate strategy.
- Leading the process of improving the Council's organisational effectiveness and its organisational culture through delivery of the Organisational Effectiveness Programme (OEP)
- Taking a lead role in embedding continuous improvement throughout the Council to improve customer service, reduce waste and increase the council's efficiency
- Taking the lead role in creating an equalities "culture" within the Council
- Taking the lead in helping the Council to improve the way its plans so it is more integrated, joined-up and supports the effective delivery of the Council's priorities. Linked to this, taking a lead role in improving the way that the Council monitors and reports on performance
- Playing a key part in helping the Council to achieve successful inspection outcomes – in particular in relation to Comprehensive Performance Assessment (CPA)

### **Service Objectives**

Our service objectives are:

- To support corporate leadership to develop innovative strategies and policies for the Council
- To ensure we have clients who are confident that we strive to exceed expectations and innovate in response to their needs.
- All of our clients use systematic processes that integrate learning and improvement.
- Corporate leaders act strategically and behave in a way that actively supports the routine improvement of services and the development of the people who deliver them.
- The continual improvement of services is seen as a priority and staff are given the time, opportunity and supportive environment in which to do so.
- We have a robust performance management system and culture in place, which drives customer focused improvement within CYC and across partner organisations.
- Key projects are robustly programme managed and use systematic process improvement methods to sustain a cycle of improvement.
- Equalities are visibly at the heart of the above outcomes

## Section 2: The Drivers

Driver type	How might this affect our service	Sources
<p><b>External drivers</b></p> <p><b>Responding to CSR07 and the Local Government and Public Involvement in Health Act</b></p> <ul style="list-style-type: none"> <li>• New performance framework (including national indicator set)</li> <li>• Transition from CPA to Comprehensive Area Assessment (CAA).</li> <li>• CYC as a strategic leader and place-shaper.</li> <li>• Stronger cities and regions.</li> <li>• Community cohesion.</li> </ul> <p><b>Taking forward Equalities Agenda</b></p> <ul style="list-style-type: none"> <li>• Major change in BME population in York (now 3<sup>rd</sup> highest proportional increase in England). BME population has increased from 4.9% to 6.1% between 2001 and 2003. York is making shift from being a predominantly white city to becoming a multi-racial city.</li> <li>• Strengthening of equality related legislation in relation to race, disability and gender. With further legislative changes due in the next 12/18 months in relation to age, sexual orientation and religion.</li> </ul>	<p>This team will play a key role in implementing and progressing key parts of the Act. And will play a key role in reviewing the changes and developing new policies, procedures and arrangements to make transitional changes across the organisation.</p> <p>The increase in BME and community cohesion are inextricably linked. We need to decide what type of multi-cultural city we want to become (i.e. segregated or integrated) and manage the transition.</p> <p>The team will play a key role in interpreting and helping the Council to meet its statutory duties. The Council is already behind in this area, so a concerted effort, and leadership commitment, is required to ensure that the Council; and in a wider context the citizens of York, are protected and treated fairly and equitably.</p>	<p>CSR07 and the Local Government and Public Involvement in Health Act</p> <p>Pride in Our Communities 2005-2008 (Equality Strategy)</p> <p>Equality Legislation</p>

### Section 3: Critical Success Factors (CSFs)

CSFs for 2008/09	Why a CSF?
<b>CSF1:</b> Ensuring that the Council responds effectively to the challenges and opportunities set-out in CSR07 and the Local Government and Public Involvement in Health Act the White Paper	The team needs to take a key role in ensuring an effective and proactive response to the challenges set-out in CSR07 and the Local Government and Public Involvement in Health Act the White Paper, in particular, in relation to the development of the new performance management framework (CAA)
<b>CSF2:</b> Take a key role in ensuring the embedding and delivery of the refreshed corporate strategy, in particular in relation to the delivery of the four values via the OEP	Failure to do this will have a negative impact of the Council's ability to sustain delivery of excellent services. Delivery of the council's vision underpins the long-term sustainability of the Council and makes a significant contribution in a citywide context. It will also impact on future assessments under CAA.
<b>CSF3:</b> Responding effectively to the outcomes of the 2008 CPA corporate Inspection process	Failure to respond effectively to the outcomes of the CPA process, and integrate key findings into our improvement plans, will have a negative impact on the outcome of future assessments under CAA.
<b>CSF4:</b> Responding effectively to the equalities agenda through the development of a new equality strategy – a key part of which helps ensure that the Council meets its statutory equality duties	Development and delivery of an updated equality strategy (for 2008 – 2011) will be vital in ensuring that the council meets its statutory equality duties whilst at the same time making progress in delivering its aspiration to embed equalities culture within the council.
