Dear Sir/Madam,

116154

**Application for Extension of Hours at AllG, Tower Street**

I would like to object to an extension until 3am as it will bring many more people into the area in the early hours. Although the premises are well run and there is no problem for us at present, it is a different matter when the weather is warm and people sit by the river to eat late at night. I realise that many other takeaways in the area may be partly to blame, but this one is very near to residential properties in Tower Street and Tower Place.

I do not understand why this application has been submitted, as Planning Permission for an extension has just been refused, so unless All G has already appealed against this, an extended licence is irrelevant.

Yours faithfully

Dear Sirs,

**RE : Ali G Pizza 11 Tower Street Extension of opening hours**

With regards to the application by Ali G, we strongly object to the extended opening hours from 4pm to 3am 7 days a week. As residents we experience noise disturbance's most evenings from people coming and going from the named premises.

We object to the premises being open past 11pm and your records will show that the original licence had restricted late night opening hours and was granted on these terms.

Yours Sincerely
