3 PUBLIC PARTICIPATION

Five members of the public spoke to the meeting in respect of Item 4 (EASTFIELD SHOWFIELD LICENCE APPLICATION). Parishioners spoke both in support and in opposition to the Licence Application for Eastfield Showfield.

4 EASTFIELD SHOWFIELD LICENCE APPLICATION

A discussion took place in respect of the licence application; the response the Parish Council had given and the arguments from those who supported or opposed the application.

As well as the issues raised in the Parish Council's response the Parish Council raised concerns in respect of the maximum number of people who could attend and the licencing of the serving of alcohol. The Parish Council considered:

- Did it wish to retain its previous response submission
- Did it wish to speak at the licencing meeting which will be held within 20 days

- Were there any amendments required to the submission

The Parish Council was content with its initial submission but taking into account the level of support in the village for the Fayre and the bonfire would seek a resolution which would let the existing two events take place. The Parish Council may perhaps support a third event if they were approached in advance with full details. The Parish Council does not support the existing open ended application. The Parish Council also made it clear that their support for the two existing events depends on the proper overall management and on DCE ensuring that the adverse effect of the events on local residents was minimised as far as possible.

Stuart Kay
