KCR 1 FINANCIAL PRESSURES: The ongoing government funding cuts will continue to have an impact on council services. Over the course of the last 4 years there has been a substantial reduction in government grants leading to significant financial savings delivered. The council needs a structured and strategic approach to deliver the savings in order to ensure that any change to service provision is aligned to the council's key priorities. In addition other partner organisations are facing financial pressures that impact on the council.

KCR 2 GOVERNANCE: Failure to ensure key governance frameworks are fit for purpose. With the current scale and pace of transformation taking place throughout the organisation it is now more important than ever that the council ensures that its key governance frameworks are strong particularly those around statutory compliance including information governance, transparency and health and safety.

KCR 3 EFFECTIVE AND STRONG PARTNERSHIPS: Failure to ensure partnership arrangements are fit for purpose to effectively deliver outcomes. In order to continue to deliver good outcomes and services, the council will have to enter into partnerships with a multitude of different organisations whether they are public, third sector or commercial entities. KCR 4 CHANGING DEMOGRAPHICS: Inability to meet statutory duties due to changes in demographics. York has a rapidly changing demographic in relation to both residents and business. This brings with it significant challenges particularly in the delivery of adult social care and children's services. There has also been significant inward migration and as such the council needs to ensure that community impacts are planned for and resourced.

KCR 8 LOCAL PLAN: Failure to develop a Local Plan could result in York losing its power to make planning decisions and potential loss of funding. The council has a statutory duty to develop a Local Plan, a city wide plan, which helps shape the future development in York over the next 20 years. It sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses. The Local Plan is a critical part of helping to grow York's economy, create more job opportunities and address our increasing population needs.

KCR 9 COMMUNITIES: Failure to ensure we have resilient, cohesive, communities who are empowered and able to shape and deliver services. The council needs to engage in meaningful consultation with communities to ensure decisions taken reflect the needs of residents, whilst encouraging them to be empowered to deliver services that the council is no longer able to do. Failing to do this effectively would mean that services are not delivered to the benefit of those communities or in partnership.

KCR 10 WORKFORCE/ CAPACITY: Reduction in workforce/ capacity may lead to a risk in service delivery. It is crucial that the council remains able to retain essential skills and also to be able to recruit to posts where necessary, during the current periods of uncertainty caused by the current financial climate and transformational change. The health, wellbeing and motivation of the workforce is therefore key in addition to skills and capacity to deliver.

KCR 11 EXTERNAL MARKET CONDITIONS: Failure to deliver commissioned services due to external market conditions.
 The financial pressures experienced by contracted services (in particular Adult Social Care providers) as a result of increases to the living wage could put the continued operation of some providers at risk. The Council has a duty to ensure that there is a stable/diverse market for social care services delivery to meet the assessed needs of vulnerable adults/children.
 Some services provided by the Council cannot be provided internally (eg Park and Ride) and must be commissioned. External market conditions such as the number of providers willing to tender for services may affect the Council's ability to deliver the service within budget constraints.

KCR 12 MAJOR INCIDENTS: Failure to respond appropriately to major incidents. Local Authorities are required by law to make preparations to deal with emergencies. Local Authorities have four main responsibilities in an emergency 1. to support the Emergency Services, 2. to co-ordinate non-emergency organisations, 3. to maintain their own services through a robust Business Continuity Management process and 4. to facilitate the recovery of the community. The Council must ensure that its resources are used to best effect in providing relief and mitigating the effects of a major peacetime emergency on the population, infrastructure and environment coming under its administration. This will be done either alone or in conjunction with the Emergency Services and other involved agencies, including neighbouring authorities.

Lack of clarity on the final outcome of negotiations and whether the withdrawal agreement will be accepted by parliament makes it difficult to fully access the implications of Brexit for York. Many risks are intangible given the variety of future scenarios that exist. The Council has therefore to the extent information allows undertaken limited assessments and planning for a no deal scenario looking at the implications internally, city wide and regional/national.
