### Council Plan priorities relating to Children, Education and Communities

### A Better Start for Children and Young People

- Strengthen the work of communities, local organisations and agencies so that families become more resilient.
- Continue the improvement of children's social care to provide excellent services for vulnerable young people.
- Prioritise improved outcomes for our most disadvantaged children and young people in the city.
- Work across sectors to improve apprenticeships and in-work progression.
- Work with our partners to identify and tackle issues relating to the rise in mental health problems in the city.
- Focus on the importance of the early years and the impact that this stage of life has on a child's development.
- Give every child and young person access a full and rounded arts and cultural offer.
- Increase the number of foster carers and adopters
- Improve play and sports provision for young people
- Develop a York citizenship offer in conjunction with schools in the city

## Safe Communities and Culture for All

- Develop a cultural and sporting offer
- Deliver an inclusive cultural strategy

#### Good health and Wellbeing

• Make open spaces available to all for sports and physical activity
